Head of the Mossad

In Pursuit of a Safe and Secure Israel

Shabtai Shavit

Summary

Shabtai Shavit, director of the Mossad from 1989–1996, is one of the most influential leaders to shape the recent history of the State of Israel. In this entertaining and engaging book, Shavit combines memoir with sober reflection to reveal what happened during the seven years he led what is widely recognized today as one of the most powerful and proficient intelligence agencies in the world. Shavit provides an inside account of his intelligence and geostrategic philosophy, the operations he directed, and anecdotes about his family, colleagues, and time spent in, among other places, the United States as a graduate student and at the CIA.

Shavit's tenure occurred during many crucial junctures in the history of the Middle East, including the collapse of the Soviet Union and the end of the Cold War era; the first Gulf War and Prime Minister Yitzhak Shamir's navigation of the state and the Israeli Defense Forces (IDF) during the conflict; the peace agreement with Jordan, in which the Mossad played a central role; and the assassination of Prime Minister Yitzhak Rabin. Shavit offers a broad sweep of the integral importance of intelligence in these historical settings and reflects on the role that intelligence can and should play in Israel's future against Islamist terrorism and Iran's eschatological vision.

Head of the Mossad is a compelling guide to the reach of and limits facing intelligence practitioners, government officials, and activists throughout Israel and the Middle East. This is an essential book for everyone who cares for Israel's security and future, and everyone who is interested in intelligence gathering and covert action.

Contributor Bio

Shabtai Shavit has over fifty years of experience in international security and counterterrorism and is an internationally recognized authority in the field. He served in the Mossad, Israel's prestigious intelligence agency, for thirty-two years, eventually rising to the position of director. Previously, he served in the IDF, the Israeli Defense Forces, retiring after a distinguished service in "Sayeret Matkal," Israel's elite special forces and SWAT unit.

Abducted in Iraq

A Priest in Baghdad

Saad Sirop Hanna, Edward S. Aris

Summary

How do we respond in the face of evil, especially to those who inflict grave evil upon us? *Abducted in Iraq* is Bishop Saad Sirop Hanna's firsthand account of his abduction in 2006 by a militant group associated with al-Qaeda. As a young parish priest and visiting lecturer on philosophy at Babel College near Baghdad, Fr. Hanna was kidnapped after celebrating Mass on August 15 and released on September 11. Hanna's plight attracted international attention after Pope Benedict XVI requested prayers for the safe return of the young priest.

The book charts Hanna's twenty-eight days in captivity as he struggles through threats, torture, and the unknown to piece together what little information he has in a bid for survival. Throughout this time, he questions what a post-Saddam Hussein Iraq means for the future, as well as the events that lead the country on that path. Through extreme hardship, the young priest gains a greater knowledge both of his faith and of remaining true to himself.

This riveting narrative reflects the experience of persecuted Christians all over the world today, especially the plight of Iraqi Christians who continue to live and hold their faith against tremendous odds, and it sheds light on the complex political and spiritual situation that Catholics face in predominantly non-Christian nations. More than just a personal story, *Abducted in Iraq* is also Hanna's portrayal of what has happened to the ancient churches of one of the oldest Christian communities and how the West's reaction and inaction have affected Iraqi Christians. More than just a story of one man, it is also the story of a suffering and persecuted people. As such, this book will be of great interest to those wanting to learn more about the violence in the Middle East and the threats facing Christians there, as well all those seeking to strengthen their own faith.

Contributor Bio

Saad Sirop Hanna is the Apostolic Visitor for Chaldeans Residing in Europe, the auxiliary bishop of the Chaldean Patriarchate of Baghdad, Iraq, and a recurring visitor at the Medieval Institute of the University of Notre Dame.

No Bridges Blown

With the OSS Jedburghs in Nazi-Occupied France

William B. Dreux

Summary

A rediscovered classic of military history back in print for the 75th anniversary of World War II

When William B. Dreux parachuted into France in 1944, the OSS infantry officer had cinematic visions of blood-and-guts heroics, of leading the French Maquis resistance forces in daring missions to blow up key bridges and delay the German advance.

This isn't the glamorized screen-ready account he expected; this is the real story. Dreux's three-man OSS team landed behind enemy lines in France, in uniform, far from the targeted bridges. *No Bridges Blown* is a story of mistakes, failures, and survival; a story of volunteers and countrymen working together in the French countryside. The only book written by one of the Jedburghs about his wartime experiences, Dreux brings the history of World War II to life with stories of real people amidst a small section of the fighting in France. These people had reckless courage, little training, and faced impossible odds. This story will resonate with veterans and everyday citizens alike and brings to life the realities of war on the ground in Nazi-occupied France.

Contributor Bio

William B. Dreux (1911-1983) graduated from the University of Notre Dame and earned a law degree at Tulane University. After serving in WWII as a U.S. Army Infantry Officer assigned to the Office of Strategic Services (OSS), he co-founded the Jones Walker law firm in New Orleans.

The Glory and the Burden

The American Presidency from FDR to Trump

Robert Schmuhl

Summary

Other books about the presidency tend to focus on individual occupants of the White House or specific themes--presidents and war, presidents and leadership--but not the presidency as an institution itself. *The Glory and the Burden* looks at the institution in relation to a definite time period--post-...

The Glory and the Burden: The American Presidency from FDR to Trump is a timely examination of the state of the American presidency and the forces that have shaped it over the past seventy-five years, with an emphasis on the dramatic changes that have taken place within the institution and to the individuals occupying the Oval Office.

In this fascinating book, Robert Schmuhl traces the evolution of the modern presidency back to the terms of Franklin Roosevelt, maintaining that FDR's White House years had a profound impact on the office, resulting in significant changes to the job and to those who have performed it since. Specifically, the 22nd Amendment to the Constitution, limiting a president to two terms, has largely redefined each administration's agenda. News sources and social media have also grown exponentially, exercising influence over the conduct of presidents and affecting the consequences of their behavior.

Schmuhl examines the presidency as an institution and the presidents as individuals from several different perspectives. He identifies recent trends in the office and probes the relationship between the White House and various forms of contemporary media. This book is an engrossing read for a general audience, particularly those with an interest in politics, American history, journalism, and communications.

Contributor Bio

Robert Schmuhl is the Walter H. Annenberg-Edmund P. Joyce Chair Emeritus in American Studies and Journalism, University of Notre Dame. He is the author of eight previous books with the University of Notre Dame Press, including *Fifty Years with Father Hesburgh: On and Off the Record* (2016, 2018).

Colin Powell

Imperfect Patriot

Jeffrey J. Matthews

Summary

For the past three decades, Colin Powell has been among America's most trusted and admired leaders. This biography demonstrates that Powell's decades-long development as an exemplary subordinate is crucial to understanding his astonishing rise from a working-class immigrant neighborhood to the highest echelons of military and political power.

Once an aimless, ambitionless teenager who barely graduated from college, Powell became an extraordinarily effective and staunchly loyal subordinate to many powerful superiors who, in turn, helped to advance his career. By the time Powell became chairman of the Joint Chiefs of Staff, he had developed into the consummate follower—motivated, competent, composed, honorable, and independent. The quality of Powell's followership faltered at times, however, while in Vietnam, during the Iran-Contra scandal, and after he became George W. Bush's secretary of state. Powell proved a fallible patriot, and in the course of a long and distinguished career he made some grave and consequential errors in judgment. While those blunders do not erase the significance of his commendable achievements amid decades of public service, they are failures nonetheless.

Colin Powell: Imperfect Patriot is the fascinating story of Powell's professional life, and of what we can learn from both his good and bad followership. The book is written for a broad readership, and will be of special interest to readers of military history, political biography, and leadership.

Contributor Bio

Jeffrey J. Matthews is the George Frederick Jewett Distinguished Professor at the University of Puget Sound in Tacoma, Washington. He teaches American history and leadership, and has written or edited three previous books, including *Blacksheep Leadership* and *The Art of Command: Military Leadership from George Washington to Colin Powell*.

America and the Just War Tradition

A History of U.S. Conflicts

Mark David Hall, J. Daryl Charles

Summary

America and the Just War Tradition examines and evaluates each of America's major wars from a just war perspective. Using moral analysis that is anchored in the just war tradition, the contributors provide careful historical analysis evaluating individual conflicts.

Each chapter explores the causes of a particular war, the degree to which the justice of the conflict was a subject of debate at the time, and the extent to which the war measured up to traditional *ad bellum* and *in bello* criteria. Where appropriate, contributors offer *post bellum* considerations, insofar as justice is concerned with helping to offer a better peace and end result than what had existed prior to the conflict.

This fascinating exploration offers policy guidance for the use of force in the world today, and will be of keen interest to historians, political scientists, philosophers, and theologians, as well as policy makers and the general reading public.

Contributors: J. Daryl Charles, Darrell Cole, Timothy J. Demy, Jonathan H. Ebel, Laura Jane Gifford, Mark David Hall, Jonathan Den Hartog, Daniel Walker Howe, Kerry E. Irish, James Turner Johnson, Gregory R. Jones, Mackubin Thomas Owens, John D. Roche, and Rouven Steeves

Contributor Bio

Mark David Hall is Herbert Hoover Distinguished Professor of Politics at George Fox University and co-editor of *Forgotten Founders on Religion and Public Life* (University of Notre Dame Press, 2009).

J. Daryl Charles serves as the Acton Institute affiliated scholar in theology and ethics, and is a contributing editor to *Providence: A Journal of Christianity and American Foreign Policy*. He is the author of *Between Pacifism and Jihad: Just War and Christian Tradition* and co-author of *The Just War Tradition: An Introduction*.

Soldiers of a Different Cloth

Notre Dame Chaplains in World War II

John F. Wukovits

Summary

In *Soldiers of a Different Cloth*, New York Times best-selling author and military historian John Wukovits tells the inspiring story of thirty-five chaplains and missionaries who, while garnering little acclaim, performed extraordinary feats of courage and persistence during World War II. Ranging in age from twenty-two to fifty-three, these University of Notre Dame priests and nuns were counselor, friend, parent, and older sibling to the young soldiers they served. These chaplains experienced the horrors of the Death March in the Philippines and the filthy holds of the infamous Hell Ships. They dangled from a parachute while descending toward German fire at Normandy and shivered in Belgium's frigid snows during the Battle of the Bulge. They languished in German and Japanese prison camps, and stood speechless at Dachau.

Based on a vast collection of letters, papers, records, and photographs in the archives of the University of Notre Dame, as well as other contemporary sources, Wukovits brings to life these nearly forgotten heroes who served wherever duty sent them and wherever the war dictated. Wukovits intertwines their stories on the battlefronts with their memories of Notre Dame. In their letters to their superior in South Bend, Indiana, they often asked about campus, the Grotto, and the football team. Their love for Notre Dame helped buttress them during their wartime tribulations, and their return to campus was akin to a warm homecoming. *Soldiers of a Different Cloth* will fascinate and engage all readers interested in the history of World War II and alumni, friends, and fans of the Fighting Irish.

Contributor Bio

John Wukovits is a military expert specializing in the Pacific theater of World War II. He is the author of many books, including *Tin Can Titans*, *Hell from the Heavens*, *For Crew and Country*, *One Square Mile of Hell*, and *Pacific Alamo*. He has also written numerous articles for such publications as *WWII History*, *Naval History*, and *World War II*. He lives in Michigan.

 Diplomats and Diplomacy Book

U.S.-Vatican Relations, 1975–1980

A Diplomatic Study

P. Peter Sarros

Summary

This book explores the bilateral relations between the United States and the Vatican from 1975 to 1980, a turbulent period that had two presidents, three presidential envoys, and three popes. This previously untold story shows how the United States and the Vatican worked quietly together behind the scenes to influence the international response to major issues of the day. Peter Sarros examines the Iran hostage crisis, the tensions of the Cold War, the Helsinki process, and the Beagle Channel dispute, among other issues. These interactions produced a tacit alliance in the foreign policies of the United States and the Vatican even before the establishment of full diplomatic relations. This unique book is based largely on official documents from the archives of the Office of the U.S. Special Envoy of the United States to the Vatican, supplemented by Sarros's contemporaneous diaries, notes, and other unpublished sources.

The confidential consultations at the Vatican by three special envoys and by Sarros in his role as chargé and ambassador at the Vatican were critical in obtaining Vatican support on major international issues. The Vatican also derived substantial benefits from the partnership through U.S. support of Vatican initiatives in Lebanon and elsewhere, and by U.S. policies that gave Vatican diplomacy the flexibility to play a larger role in the international sphere. Sarros concludes that American diplomacy was successful at the Holy See during this period because it took advantage of the Vatican's overarching international strategy, which was to increase its influence through support for the global balance of power while blocking the expansion of Soviet power and communism in Europe. *U.S.-Vatican Relations, 1975–1980* will be of interest to students and scholars of history and political science, especially in the fields of diplomatic relations and church history.

Contributor Bio

P. Peter Sarros is a retired Senior U.S. Foreign Service officer whose career spanned four decades. From 1975 to 1980 he served as chargé and ambassador of the Presidential Mission at the Vatican. He was Diplomat-in-Residence at the Johns Hopkins School of Advanced International Studies and taught diplomacy at George Mason University.

Forgotten Vanguard

Informal Diplomacy and the Rise of United States-China Trade, 1972-1980

Christian Talley

Summary

The trading relationship between the United States and China, though now robust, was a recent and hardly inevitable development. Political animosity stemming from the Korean War and America's subsequent strategic embargo of China broke off economic and cultural ties. Following two decades of China's international isolation, as the United States sought to realign the geopolitical order in the 1970s, Washington began to engineer a restoration of its relationship with China. Diplomatic historians have carefully documented the formal and governmental intrigues of Nixon, Kissinger, Mao, and Zhou Enlai. As this book shows, a vigorous reconstruction of bilateral ties was unfolding simultaneously at the level of informal diplomacy, especially in the realm of US-China trade. Central to understanding the renewal of bilateral commerce is the National Council for United States-China Trade, an organization that, although nongovernmental, was established in 1973 with Washington's encouragement and oversight. The Council organized major American corporations not only to engage in commercial exchanges with China, but also to function as a diplomatic backchannel between Washington and Beijing before the two nations restored formal relations in 1979. Using the Council to historicize the entangling of the American and Chinese economies, *Forgotten Vanguard* not only reveals globalization's contingent path but also exposes the hidden importance of informal trade diplomacy in building the modern US-China relationship. This book will appeal to those with an interest in Cold War history, international relations, and the history of American diplomacy, with particular emphases on informal diplomacy and the modern history of the US-China economic relationship.

The Framers' Intentions

The Myth of the Nonpartisan Constitution

Robert E. Ross

Summary

Robert Ross addresses a fascinating and unresolved constitutional question: why did political parties emerge so quickly after the framers designed the Constitution to prevent them? The text of the Constitution is silent on this question. Most scholars of the subject have taken that silence to be a hostile one, arguing that the adoption of the two-party system was a significant break from a long history of antiparty sentiments and institutional design aimed to circumscribe party politics.

The constitutional question of parties addresses the very nature of representation, democracy, and majority rule. Political parties have become a vital institution of representation by linking the governed with the government. Efforts to uphold political parties have struggled to come to terms with the apparent antiparty sentiments of the founders and the perception that the Constitution was intended to work against parties.

The Framers' Intentions connects political parties and the two-party system with the Constitution in a way that no previous account has, thereby providing a foundation for parties and a party system within American constitutionalism. This book will appeal to readers interested in political parties, constitutional theory, and constitutional development.

Contributor Bio

Robert Ross is assistant professor of political science at Utah State University and a contributor to *Hatred of America's Presidents*.

Statehood and Union

A History of the Northwest Ordinance

Peter S. Onuf

Summary

This new edition of *Statehood and Union: A History of the Northwest Ordinance*, originally published in 1987, is an authoritative account of the origins and early history of American policy for territorial government, land distribution, and the admission of new states in the Old Northwest. In a new preface, Peter S. Onuf reviews important new work on the progress of colonization and territorial expansion in the rising American empire.

Contributor Bio

Peter S. Onuf is the Thomas Jefferson Memorial Foundation Professor of History, emeritus, at the University of Virginia. He is the author and co-author of fourteen books, including, with Annette Gordon-Reed, *Most Blessed of the Patriarchs: Thomas Jefferson and the Empire of the Imagination*.

Dreams for Lesotho

Independence, Foreign Assistance, and Development

John Aerni-Flessner

Summary

In *Dreams for Lesotho: Independence, Foreign Assistance, and Development*, John Aerni-Flessner studies the post-independence emergence of Lesotho as an example of the uneven ways in which people experienced development at the end of colonialism in Africa. The book posits that development became the language through which Basotho (the people of Lesotho) conceived of the dream of independence, both before and after the 1966 transfer of power.

While many studies of development have focused on the perspectives of funding governments and agencies, Aerni-Flessner approaches development as an African-driven process in Lesotho. The book examines why both political leaders and ordinary people put their faith in development, even when projects regularly failed to alleviate poverty. He argues that the potential promise of development helped make independence real for Africans.

The book utilizes government archives in four countries, but also relies heavily on newspapers, oral histories, and the archives of multilateral organizations like the World Bank. It will interest scholars of decolonization, development, empire, and African and South African history.

Contributor Bio

John Aerni-Flessner is an assistant professor in the Residential College in the Arts and Humanities at Michigan State University.

John Hume in America

From Derry To DC

Maurice Fitzpatrick

Summary

John Hume has written a few books on his life, but this stands as the only authorized biography of the Nobel Peace Prize-winner. First published by Irish Academic Press in 2017, this book has had little exposure in the United States until now.

In *John Hume in America: From Derry to DC* and its accompanying documentary, *In the Name of Peace: John Hume in America*, Maurice Fitzpatrick chronicles the rise of John Hume from the riot-torn streets of Northern Ireland to his work with American presidents, from Jimmy Carter to Bill Clinton, and the United States Congress to leverage U.S. support for peace in Northern Ireland.

Hume is widely considered the architect of the Northern Ireland peace process, and he engaged the attention and assistance of the “Four Horsemen”—Thomas “Tip” O’Neill, Daniel Patrick Moynihan, Hugh Carey, and Ted Kennedy—to his cause, lending his effort worldwide credibility and putting significant pressure on the British and Irish governments to strive for peace.

Supported by the Hume family, Fitzpatrick’s critical work is the missing piece in the jigsaw of Hume’s political life, tracing his philosophy of non-violence during the Civil Rights movement to his indispensable work with allies in the United States towards the creation of a new political framework in Northern Ireland. Both the book and its companion documentary will be of keen interest to historians and students of political science and Irish, peace, and conflict studies, as well as non-academic audiences.

Contributor Bio

Maurice Fitzpatrick is a film director and author. In 2017, he wrote, directed, and produced the documentary feature film, *In the Name of Peace: John Hume in America*. He is the 2020 Heimbold Chair of Irish Studies at Villanova University.

Twilight of the American Century

Andrew J. Bacevich

Summary

Andrew Bacevich is a leading American public intellectual, writing in the fields of culture and politics with particular attention to war and America's role in the world. *Twilight of the American Century* is a collection of his selected essays written since 9/11. In these essays, Bacevich critically examines the U.S. response to the events of September 2001, as they have played out in the years since, radically affecting the way Americans see themselves and their nation's place in the world.

Bacevich is the author of nearly a dozen books and contributes to a wide variety of publications, including *Foreign Affairs*, *The Nation*, *Commonweal*, *Harper's*, and the *London Review of Books*. His op-eds have appeared in the *New York Times*, *Washington Post*, and the *Wall Street Journal*, among other newspapers. Prior to becoming an academic, he was a professional soldier. His experience as an Army officer informs his abiding concern regarding the misuse of American military power and the shortcomings of the U.S. military system. As a historian, he has tried to see the past differently, thereby making it usable to the present.

Bacevich combines the perspective of a scholar with the background of a practitioner. His views defy neat categorization as either liberal or conservative. He belongs to no "school." His voice and his views are distinctive, provocative, and refreshing. Those with a focus on political and cultural developments and who have a critical interest in America's role in the world will be keenly interested in this book.

Contributor Bio

Andrew Bacevich is professor emeritus of history and international relations at Boston University and is the author of numerous books, including *America's War for the Greater Middle East: A Military History*.

Democratic Responsibility

The Politics of Many Hands in America

Nora Hanagan

Summary

American society is often described as one that celebrates self-reliance and personal responsibility. However, abolitionists, progressive reformers, civil rights activists, and numerous others often held their fellow citizens responsible for shared problems such as economic exploitation and white supremacy. Moreover, they viewed recognizing and responding to shared problems as essential to achieving democratic ideals. In *Democratic Responsibility*, Nora Hanagan examines American thinkers and activists who offered an alternative to individualistic conceptions of responsibility and puts them in dialogue with contemporary philosophers who write about shared responsibility. Drawing on the political theory and practice of Henry David Thoreau, Jane Addams, Martin Luther King Jr., and Audre Lorde, Hanagan develops a distinctly democratic approach to shared responsibility. Cooperative democracy is especially relevant in an age of globalization and hyperconnectivity, where societies are continually threatened with harms—such as climate change, global sweatshop labor, and structural racism—that result from the combined interactions of multiple individuals and institutions, and which therefore cannot be resolved without collective action. *Democratic Responsibility* offers insight into how political actors might confront seemingly intractable problems, and challenges conventional understandings of what commitment to democratic ideals entails. This book will be of interest to scholars and students of political science, especially those who look to the history of political thought for resources that might promote social justice in the present.

Contributor Bio

Nora Hanagan is visiting assistant professor of political science at Duke University.
