MISSION

The University of Notre Dame Press, the largest Catholic university press in the world, publishes academic and general interest books that engage the most enduring questions of our time. We believe in the power of research to advance knowledge and impact lives, and of our books to connect scholars, experts, students, and readers in order to encourage intellectual exploration and enrich conversations on campus, across the country, and around the world.

The Press primarily publishes in areas that align with the academic strengths of the University of Notre Dame, including religion, theology, history, philosophy, political science and theory, medieval studies, Irish studies, Latin American studies, and international relations. Through reviews, scholarly citations, and translations, our books extend the reach and reputation of the University.

The University of Notre Dame Press is committed to maintaining an innovative and sustainable publishing program that makes accessible the ideas of today’s leading experts while fostering the next generation of scholars and thinkers. Although the world is confronted by an increasing number of imposing challenges, our books and authors are a powerful force for good in the world.

COUNTERING THE IMPACT OF THE CORONAVIRUS

At the University of Notre Dame Press, we are carefully balancing our academic mission with financial sustainability. To counter the impacts of the coronavirus on the Press and on the communities we serve:

- We applied for and received an NEH CARES grant, which includes funding to expand our efforts to communicate with scholarly communities and to increase access to our titles.
- We offered extended payment terms to support independent bookstores.
- We partnered with JSTOR to make our ebook collection free to over 1,800 participating institutions for 5 months in order to assist with the migration to online learning and research.
- We are launching a new First-Time Authors Fund and Royalty Giveback Program.
- We have increased direct-to-consumer marketing initiatives, including:
  - creating virtual conference exhibits and events to encourage new acquisitions and sales;
  - implementing a nationwide student discount program to assist students while incentivizing direct purchases;
  - extending our annual summer sale to drive online sales;
  - improving online discoverability for previously published titles.

**SELECTED REVIEWS**

**Halík, From the Underground Church to Freedom**

“Halík transmutes trauma into powerful observations on the human condition and the nature of God... Poignant and profound, *From the Underground Church to Freedom* is a needed reminder that hope springs eternal even in the face of overwhelming evil.”

*ForeWord Reviews, starred review*

“Most of the book reads like a cross between a conversion story and a thriller: a tale of saints and books, state surveillance and spiritual reflections, underground journals and clandestine liturgies, secret words exchanged between dissidents in bus stops or whispered on Old World bridges at night.”

*Commonweal*

“The most interesting, challenging, and evocative dimension of Halík’s autobiography is his intensely personal reflections both on the progress and development of his own spiritual life and the effect that the people that he meets and the events in which he is involved have on that development.”

*Catholic Outlook*

**Manent, Natural Law and Human Rights**

“The book is rich in insight, the fruit of Manent’s decades of deep meditation on the history of political philosophy and on the intellectual, moral, and political predicament of the modern world.”

*Public Discourse*

**Rhodes, The Inheritance of Haunting**

“This collection is a rumination on the memories, the violence, and the acts of liberation that live in the body across generations of colonization, war, and upheaval.”

*Electric Literature*

**Solzhenitsyn, March 1917, Book 2**

“This entry in the master work is satisfying as both an engrossing patchwork of lives and a snapshot of a moment when the people didn’t yet know what was coming.”

*ForeWord Reviews*

“Contrary to Tolstoy in *War and Peace*, Solzhenitsyn means to demonstrate that, at the decisive ‘nodal’ moments of history, the action or inaction of a single individual may have a decisive impact on the course of events.”

*National Review*

**Taylor, Lessons from Walden**

“Taylor uses Henry David Thoreau as a tour guide to reveal the threats and temptations in the contemporary American landscape.”

*Law and Liberty*

**Wukovits, Soldiers of the Cloth**

“The result is an inspiring and richly detailed narrative that reveals the challenges that these religious—priests along with some brothers and sisters of Notre Dame’s Congregation of Holy Cross—faced.”

*The Boston Pilot*
