MISSION

The University of Notre Dame Press, the largest Catholic university press in the world, publishes academic and general interest books that engage the most enduring questions of our time. We believe in the power of research to advance knowledge and impact lives, and of our books to connect scholars, experts, students, and readers in order to encourage intellectual exploration and enrich conversations on campus, across the country, and around the world.

The Press primarily publishes in areas that align with the academic strengths of the University of Notre Dame, including religion, theology, history, philosophy, political science and theory, medieval studies, Irish studies, Latin American studies, and international relations. Through reviews, scholarly citations, and translations, our books extend the reach and reputation of the University.

The University of Notre Dame Press is committed to maintaining an innovative and sustainable publishing program that makes accessible the ideas of today's leading experts while fostering the next generation of scholars and thinkers. Although the world is confronted by an increasing number of imposing challenges, our books and authors are a powerful force for good in the world.

ENRICHING SCHOLARLY COMMUNICATION WITH NEH CARES

In June 2020, The National Endowment for the Humanities awarded the University of Notre Dame Press a highly competitive NEH CARES grant. During fall 2020, Notre Dame Press successfully administered the grant, working to expand channels to communicate with and connect scholars and to increase access to our books despite the temporary loss of access to physical libraries and stores.

With the support of the grant, the Press constructed virtual exhibits to connect scholars despite the cancellation of in-person conferences, launched a blog and video series, expanded online marketing efforts, and increased our total number of ebooks by 10%. These efforts reached an estimated 46,858 readers and scholars across platforms and promotions, contributing to an 83% increase in online sales, and expanded communication and engagement between scholars and readers.

SELECTED REVIEWS

Bachiochi, *The Rights of Women*

"Part history, part legal theory, and part political philosophy, *The Rights of Women* provides a compelling contribution to feminist dialogue. . . . Bachiochi offers a judicious analysis of women's history that informs her refreshing portrait of dignitarian feminism."

—**Law & Liberty**

Bourke, *Gay, Catholic, and American*

"Bourke's story is directed by perseverance, grit, and faith. . . . His text is inspirational, humble, and engaging."

—**Foreword Reviews**

Blantz, *The University of Notre Dame*

"It is the story of an institution and of the men and women who made it, the hundreds of Holy Cross brothers, sisters, and priests whose faithful service in classrooms, student residence halls, and across campus kept the university progressing through difficult years."

—**American Catholic Studies Newsletter**

Brague, *The Kingdom of Man*

"Reading his book is a unique experience for anyone interested in the history of ideas—like taking a transatlantic Concorde flight over the entirety of the course of Western history."

—**Los Angeles Review of Books**

Halík, *From the Underground Church to Freedom*

"A timely book, *From the Underground Church to Freedom* provides an opportunity to know better one of these Eastern European heroes, his fight for freedom from oppression, and his struggles as a champion of the Catholic faith."

—**National Catholic Register**

Hiss, *Long Road from Quito*

"Thoroughly entertaining while still conveying a message about how global health can be done well and responsibly, *Long Road from Quito* gives a sense of hope and energy."

—**Family Medicine**

Kashatus, *William Still*

"An essential work that is a must-read for those interested in the Underground Railroad and Black history in the U.S."

—**Library Journal, starred review**

Lasch-Quinn, *Ars Vitae*

"[Lasch-Quinn] is a gifted scholar whose examination of ancient works, their modern scholarly reception, and the appearance of big ideas in popular culture is consistently brilliant."

—**Front Porch Republic**

Rhodes, *The Inheritance of Haunting*

"*The Inheritance of Haunting* stands out. . . . as an aesthetically potent and ethically rigorous work with unrivaled incantatory powers. . . .

This is history poetically conjured and ethico-politically interrogated."

—**The Rumpus**

Shavit, *Head of the Mossad*

"This memoir. . . . serves as a platform for a brilliantly analytical mind, with a nuanced and decidedly non-partisan approach to issues which are so often interpreted through an ideological prism. Most of all, it introduces us to a man who was utterly devoted to the security of his country and his people."

—**Fathom**

Shelley, *Globalization and Liberalism*

"Shelley's elegantly written book succeeds in recovering a noble and humane political perspective within the horizons of modern liberty and modern politics."

—**Law & Liberty**

Solzhenitsyn, *Between Two Millstones, Book 2*

"Each page pulses with intellectual rigor and life energy. It becomes difficult to imagine how Russian literature, and the world's view of life inside of the Soviet Union, would be without the undying devotion and work of Aleksandr Solzhenitsyn."

—**Foreword Reviews, starred review**
