

# *The Eighteenth Century: Theory and Interpretation*

*The Eighteenth Century: Theory and Interpretation* fosters theoretical and interpretive research on all aspects of Western culture from 1660 to 1830. The editors take special interest in essays that apply innovative contemporary methodologies to the study of eighteenth-century literature, history, science, fine arts, and popular culture. Previously a triannual, in 2010 *ECTI* debuted as a quarterly journal.
