PAINT POURING

Mastering Fluid Art

The first book on this exciting new art form!

- Awesome new art form that's entirely unique!
- Co-op available

Paint Pouring is a form of abstract art that uses acrylic paints with a runny (fluid) consistency. The acrylic paints react with each other when combined to make interesting and visually organic motifs. Fluid acrylics can be used on many types of substrates through various techniques such as pouring, dripping, swirling, glazing, dipping, and more to create dazzling and masterful effects.

This book provides everything you will need to become a paint pouring artist. Learn to:

- Set up your paint pouring studio on a budget
- Complete your supply list
- Discover a variety of techniques
- Properly handle and care for your art
- Establish appropriate mixing ratios
- Achieve correct paint density
- And many other lessons crucial to the craft

This new art form is fun for all ages. Become a fluid art master today.

RICK CHEADLE is a self-taught mixed-media artist specializing in acrylic paint pouring. Inspired by his longstanding fascination with mid-century art and design compositions that he grew up with, Cheadle's expansive portfolio explores multiple mediums and styles including abstract expressionism, color field, pop art, and mixed-media sculptures. Rick has been in the creative arts industry since 1996. He is a passionate teacher with thousands of students all over the world. Teaching art to aspiring artists is his passion and lifelong dream.

THE QUICK AND DIRTY GUIDE TO LEARNING LANGUAGES FAST

Learn Any Language in as Little as a Week!

The premier guide to learning languages fast!

- The perfect resource for heading out on your next trip to a foreign country!
- Co-op available

There are many reasons why you might need to learn a foreign language quickly—perhaps an unexpected business trip or a sudden travel opportunity. Mykel Hawke, a US Army Green Beret, often travels to foreign countries on short notice and has been able to work intimately with officials who do not speak English. Frequently, he needs to be able to communicate in a foreign language in a matter of days or weeks. He tried all types of schools, classes, books, and tapes, but none delivered what he needed when he needed it. Subsequently, he developed his own method for learning languages. It proved so effective for him (he is certified by the military in seven languages) and his fellow Green Berets that he decided to share it with others who are struggling to learn a foreign language quickly.

The Quick and Dirty Guide to Learning Languages Fast is designed for people who have no time for learning complicated rules of grammar. Hawke promises that his method will help anyone become functional in any language in as little as seven days and proficient in thirty days. How? Because he has trimmed that fat for you, freeing your time for what's truly useful. Hawke provides a detailed day-by-day schedule, a hands-on workbook format, and secret tips to help you master the key elements of any new language. In true Special Forces style, this quick-and-dirty method contains no fluff; it's all action so you can quickly get into the action yourself.

If your mission is to learn a foreign language, why not learn how from the very best?

MYKEL HAWKE is a well-known survivalist, an ex-Green Beret in the US Military, and star of multiple television shows, including Discovery Channel's *Man, Woman, Wild* and *Lost Survivors* for the Travel Channel. He has also authored multiple books, including *Hawke's Special Forces Survival Handbook* and *In the Dark of the Sun*.

THE MASON JAR SCIENTIST

30 Jarring STEAM-Based Projects

Learn about science right in your very own home!

- Science right before your eyes—all you need is a jar and some common household items!
- Perfect activity for at-home learning and fun
- Co-op available

Science is an important element in any person's life. It helps us understand the world around us and why things work the way they do. This evergreen topic is especially crucial in the education of young people. It helps them make sense of their surroundings and develop their critical thinking skills.

Although most often taught in the classroom, scientific learning doesn't have to stop when the kids hop off the bus. *The Mason Jar Scientist* is the perfect way for you and your kids to have a blast together while learning important and fascinating scientific lessons. This book provides dozens of practical, hands-on experiments that can all fit within a mason jar, including some that are STEAM-oriented. In this book, you and your child will learn about:

- Clouds
- Why the sky is blue
- Tornadoes
- Volcanoes
- The greenhouse effect
- Rainbows
- Sound vibrations
- The solar system
- Gardens
- And many other exciting topics!

All of these can be done with a mason jar, some household ingredients, and a desire to learn! *The Mason Jar Scientist* is the perfect book to get kids excited about science and to spend some quality time together.

STEM STARTERS FOR KIDS SCIENCE EXPERIMENTS AT HOME

Discover the Science in Everyday Life

Inspire young minds with this science activity book!

- A fun new addition to the STEM Starter series
- Co-op available

The acronym “STEM” stands for (S)cience, (T)echnology, (E)ngineering, and (M)ath. These subjects are closely related to one another and are sometimes overlooked as critical subjects in education, often dismissed by students and teachers after primary education is completed. However, the need for these subjects in our society is crucial. The books in this series aim to pique the interest of children in these areas of study, stress the importance of these subjects, and help encourage children who are interested to continue within these fields as they grow and learn.

Explore the science in everyday life with these simple, step-by-step experiments to do around the home. Each activity takes a complex, scientific concept and makes it easy for kids to understand. Young scientists will enjoy discovering the science behind the simple phenomena all around them.

SUSAN MARTINEAU is the author of lots of creative and educational activity books for b small publishing as well as being an integral part of the in-house creative team. A keen grossologist herself, she acknowledges the invaluable assistance and encouragement of her children, Alice and Will, when coming up with various ways to make a mess whilst learning about the world around us.

John Mulholland
Foreword by Ben Robinson

JOHN MULHOLLAND'S STORY OF MAGIC

The Development of the Art of Illusion as Told by the CIA's Master Magician

A classic history of magic by a renowned expert!

- History of magic by known CIA operative
- Co-op available

Magic has enraptured public forums for hundreds of years, pre-dating many other forms of entertainment that we enjoy today. This ancient art, with its captivating illusions and seemingly impossible sleight of hand, is still as relevant today as ever.

Originally published in 1935, master magician John Mulholland's *Story of Magic* is a delightful tour through the progression of magic, from its origin to the book's contemporary period. It offers insights and reflections on famous routines and tricks, black-and-white photographs and illustrations to give readers visual reference, as well as informative facts that weave together a timeline of events for those interested in the history of magic.

With a brand-new foreword written by renowned master magician and historian Ben Robinson, this timeless classic will enchant readers and educate them on the art of magic.

JOHN MULHOLLAND was an American magician, author, publisher, and CIA operative. Throughout his life, he published many books on magic history and served as the editor of a well-known magic trade magazine called *The Sphinx*. After resigning from the magazine, he was enlisted by the CIA to write a book on deception and manipulation. He died in February of 1970.

BEN ROBINSON has performed six different one-man shows (currently *Mysterium*) and has been seen in twenty countries (more than three-million people entertained) since 1974. He credits his success to one thing: creating wonder. He's received awards from the International Brotherhood of Magicians, the Society of American Magicians, and the Milbourne Christopher Foundation. After 9/11, the NYPD gave him an Honorary Shield for his relief efforts. In 2008, Robinson penned *The Magician: John Mulholland's Secret Life*—the first biography on Mulholland that documents through never-before-seen documents and unpublished photographs the famous magician's time spent working with CIA.

ALICE IN WONDERLAND

Alice's Adventures in Wonderland and Through the Looking Glass

Two classic Alice stories in one!

- The definitive edition
- Co-op available

Tumble down the proverbial rabbit hole in this time-honored classic by Lewis Carroll. Follow Alice, one of literature's most popular female figures, as she encounters a colorful cast of immortal characters such as the Cheshire Cat, the Queen of Hearts, the March Hare, the Mad Hatter, and more!

This edition also contains the sequel to *Alice's Adventures in Wonderland*, where the heroine again enters wonderland by climbing through a mirror. Once again, she is confronted with a slew of friends and foes and a series of trials and tribulations.

Featuring the original illustrations by golden age illustrator John Tenniel, this edition is perfect for any bookshelf, whether you're a voracious reader of fantasy, an avid Alice fan, or a collector of illustrations and stories.

LEWIS CARROLL, sometimes referred to by his real name "Charles Lutwidge Dodgson," was an English writer as well as pursuer of many other artistic and intellectual fields. He was born in Daresbury, Cheshire, England, in 1832, and wrote poetry and short stories from a very young age. As an adult, he attended Oxford University. Throughout his life he penned numerous stories, most notably the two Alice stories. He died in 1898 at age sixty-five.

SIR JOHN TENNIEL was a famous English illustrator and cartoonist born in Bayswater, United Kingdom. Throughout his career, he became one of the most significant contributors to the golden age of illustration. He illustrated political cartoons for *Punch* magazine for more than fifty years, provided the famed illustrations for Lewis Carroll's Alice classics, and was knighted for his artistic achievements. He died in 1914 at age ninety-three.

E. Nesbit
Illustrated by Arthur Rackham

BEAUTIFUL STORIES FROM SHAKESPEARE FOR CHILDREN

A collection of Shakespeare's greatest works abridged and adapted for children.

- The perfect introduction to the Bard!
- Co-op available

William Shakespeare is arguably the most pivotal and widely read figure in the history of English literature. This comprehensive collection highlights some of the bard's best works, adapted to be more easily read and digestible for children.

Featured within are some of the bard's most famous and compelling works, including:

- *The Comedy of Errors*
- *Hamlet*
- *Macbeth*
- *The Merchant of Venice*
- *Othello*
- *Romeo and Juliet*
- *The Tempest*
- And many more!

Paired alongside gorgeous classic illustrations by notable Golden Age illustrator Arthur Rackham, *Beautiful Stories from Shakespeare for Children* makes a magnificent gift and great addition to any young reader's budding library.

E. NESBIT was a prolific English author, editor, and poet. Throughout her career, she penned or contributed to more than sixty works of fiction, poetry, picture books, and compilations of literature, although her primary success came from her children's books. She died in 1924, possibly due to lung cancer.

ARTHUR RACKHAM is often considered a primary figure in the Golden Age of book illustration. Born in Lewisham, England, in 1867, Rackham spent the majority of his life dedicated to his career in illustrating. His work has been featured in some of the most desirable editions of classic works, such as *Rip Van Winkle*, *A Midsummer Night's Dream*, *Fairy Tales from the Brothers Grimm*, *Gulliver's Travels*, *Mother Goose*, *The Wind in the Willows*, and many more. He died in 1939 in Limpsfield, Surrey.

Andrew Lang
Illustrated by H. J. Ford

THE BLUE FAIRY BOOK

Complete and Unabridged

The quintessential fairy-tale series.

- Beautiful new edition
- Co-op available

The imaginations of children throughout time have been formed and nurtured by stories passed down from generation to generation. Many of these fairy tales have been collected over time into hundreds of memorable collections. However, the ones commonly considered most notable are the Fairy Books compiled by famous Scottish novelist and poet Andrew Lang.

The first installment of his widely read classics and arguably his best known, *The Blue Fairy Book* has been admired time and time again, enchanting readers with its carefully crafted prose and eclectic assortment of fairy tales. Originally published in 1889, this collection of celebrated tales has stood the test of time.

Some of the famous stories included are:

- Sleeping Beauty
- Rumpelstiltskin
- Beauty and the Beast
- Hansel and Gretel
- Puss in Boots
- Goldilocks
- And many more!

This beautiful edition comes complete with the original illustrations by golden age illustrator H. J. Ford and is the perfect gift to pass on these timeless classics to the next generation of readers and dreamers.

ANDREW LANG was a Scottish poet, a novelist, a literary critic, as well as a well-known collector of fairy tales. He was born in Selkirk, Scotland. Throughout his lifetime, he wrote, edited, collected, or contributed to more than 150 works. He died on July 20th, 1912, at age sixty-eight.

H.J. FORD was an esteemed, prolific artist and illustrator from England, who developed his talent during the period known as the golden age of illustration. He was catapulted into the public eye upon providing illustrations for Andrew Lang's Fairy Books. He continued to illustrate classic works until he died in 1941.

Hugh Lofting
Illustrated by Ángel Domínguez

THE STORY OF DOCTOR DOLITTLE

The doctor who can talk to animals comes to life again!

- Film announced for April 12, 2019
- Co-op available

Doctor Dolittle has been beloved by children since his creation in the early twentieth century. The subject of the forthcoming 2019 film *The Voyages of Doctor Dolittle*, the famous doctor who can speak to animals first appeared in Hugh Lofting's letters to his children during World War I and then later commercially in *The Story of Doctor Dolittle*, the first book in Lofting's popular children's book series.

Written and illustrated by Lofting himself, *The Story of Doctor Dolittle* follows John Dolittle and his misadventures with a crew of animals that he befriends. After learning he can speak to animals, he transitions from human medicine to veterinary practice, and he loses most of his income and human patients. However, word in the animal kingdom spreads of this doctor with an extraordinary gift. Animals travel from far and wide to visit the doctor's practice and receive treatment for their ailments.

HUGH LOFTING was a British novelist and poet who was born in Maidenhead, Berkshire, England, in 1886. Lofting's most famous and well-known works are the Doctor Dolittle books, of which there are more than ten. *The Story of Doctor Dolittle* won the Lewis Carroll Shelf Award. The sequel, *The Voyages of Doctor Dolittle*, won the Newbery Medal. He died in 1947.

ÁNGEL DOMÍNGUEZ was born in the Basque Country in 1953. He is an award-winning illustrator of more than twenty books and is known throughout Spain. His lavish work has already been compared to some of the greatest illustrators of the past century, including one of his inspirations, Arthur Rackham. Notable among his work is "The King's Gift," which he illustrated specifically for Queen Rania of Jordan in 2000. He lives with his wife in Laredo, Spain.
