DIRTY TRICKS

The Dark Side of Democracy

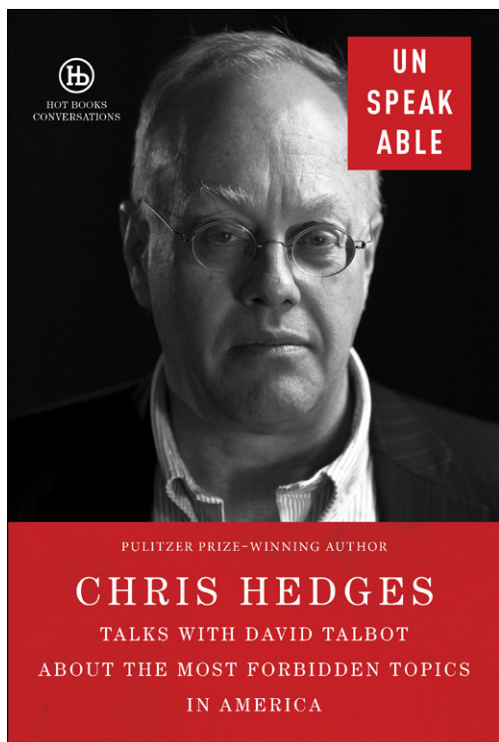

New revelations—including never-before-published documents—into the “dirty” victories of Nixon in '68 and Reagan in '80.

The victories of Richard Nixon and Ronald Reagan in the US presidential elections of 1968 and 1980 depended on “October Surprises”—keeping the South Vietnamese government away from peace talks in Paris, and delaying a resolution to the Iran hostage crisis until after the election. These treasonous “dirty tricks” were both engineered by the same key figures in the Republican Party, who had close ties to the CIA and the national security state.

There is growing evidence that the CIA and other players in the national security state were also behind the Watergate break-ins during Nixon's 1972 campaign, which led to his downfall. CIA Director Richard Helms's relationship with E. Howard Hunt was much closer than previously disclosed; and the post-Watergate career of the Cuban CIA agent inside the plot reveals much through his connections to a web of intelligence agencies.

Including previously-unpublished details, *Dirty Tricks* corrects the myths and deepens our understanding of the “dirty tricks” that undermined democracy during these election campaigns and defined the political climate of the seventies and eighties. These political scandals emerged from two powerful interest groups—the coterie of senior CIA officers around Helms and Hunt, and the lobbyists and national security advisers in the Nixon and Reagan administrations. A wide swath of characters from vastly different backgrounds fit together to tell this unbelievable story of deception.

“Mr. O'Sullivan knows how to spin a yarn.” —Steve Dollar, *New York Sun*

Chris Hedges is the Pulitzer Prize-winning, National Book Critics Circle finalist, and *New York Times* bestselling author. He was a foreign correspondent for fifteen years and was part of a team awarded the Pulitzer Prize in 2002. He lives in Princeton, New Jersey, with his family.

David Talbot is the founder and former editor in chief of *Salon* and a *New York Times* bestselling author. He has written for the *New Yorker*, *Rolling Stone*, *Time*, the *San Francisco Chronicle*, and the *Guardian*. He lives in San Francisco, California.

Chris Hedges with David Talbot

UNSPEAKABLE

A powerful, necessary conversation with one of the sharpest and boldest political minds in America today.

Chris Hedges is an intellectual bomb thrower. The kinds of insights he provides into the troubled state of our democracy cannot be found anywhere else. Like many of our most important thinkers, he has been relegated to the margins because of ideas deemed too radical—or true—for public consumption.

Hedges here speaks up about the most pressing issues currently facing our nation. If we are to combat the intellectual and moral decay that have come to grip American life, we must listen to Chris Hedges and the urgent message he brings in this book.

"A long-running commentary on the many issues Hedges confronts in his writing, including war, Occupy Wall Street, and the *New York Times*' relationship to organs of state power . . . It's bracing to hear Hedges's unfiltered dissent and disdain, from his dismissal of George W. Bush as 'a man of limited intelligence and dubious morals' to his discussion of how the seductions of celebrity undermined Christopher Hitchens's writing." —*Publishers Weekly*

"Chris Hedges fearlessly tells his own 'forbidden' stories. . . . The Pulitzer Prize-winning journalist tells how he saw firsthand 'how the elites and the children of the elites treated those "beneath them."'" —*Alternet*

"Like early twentieth-century muckraking journalists and, more recently, I.F. Stone, Hedges makes a boisterous outspoken contribution to revolutionizing the national conversation." —*Kirkus Reviews*

Brian Klaas is the author of *The Despot's Accomplice* and a fellow in comparative politics at the London School of Economics, where he focuses on democratization and political violence. He has advised several national governments and major international NGOs, including International Crisis Group, the Carter Center, and One Earth Future. Klaas received his doctorate from the University of Oxford. He has written op-eds for the *New York Times*, *Financial Times*, *Los Angeles Times*, *USA Today*, and has a column in the *Washington Post*.

THE DESPOT'S APPRENTICE

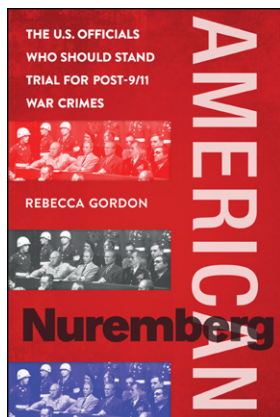

Donald Trump's Attack on Democracy
Advance Reading Copies

An ex-US campaign advisor who has sat with the world's dictators explains Donald Trump's increasingly authoritarian tactics and the threats they pose to American democracy.

Donald Trump isn't a despot. But he is increasingly acting like *The Despot's Apprentice*, an understudy in authoritarian tactics that threaten to erode American democracy. Whether it's attacking the press, threatening rule of law by firing those who investigate his alleged wrongdoings, or using nepotism to staff the White House, Donald Trump is borrowing tactics from the world's dictators and despots. Trump's fascination for the military, his obsession with his own cult of personality, and his deliberate campaign to blur the line between fact and falsehood are nothing new to the world of despots. But they are new to the United States. With each authoritarian tactic or tweet, Trump poses a unique threat to democratic government in the world's most powerful democracy.

At the same time, Trump's apprenticeship has serious consequences beyond the United States too. His bizarre adoration and idolization of despotic strongmen—from Russia's Putin, to Turkey's Erdogan, or to the Philippines's Duterte—has transformed American foreign policy into a powerful cheerleader for some of the world's worst regimes.

The Despot's Apprentice: Donald Trump's Attack on Democracy will explore how Trump uniquely threatens democracy—and how to save it from him.

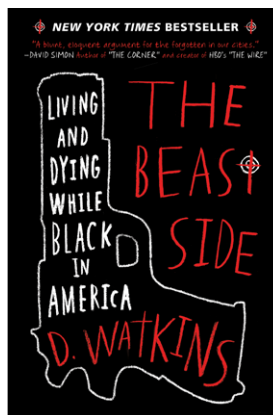

American Nuremberg

The U.S. Officials Who Should Stand Trial for Post-9/11 War Crimes

Rebecca Gordon

An indictment of the men and women responsible for torture, assassinations, and other war crimes that is certain to ignite a fiery debate.

\$21.99 hc (Can. \$31.99)
176 pages / 6 x 9 / World
