Biography & Autobiography

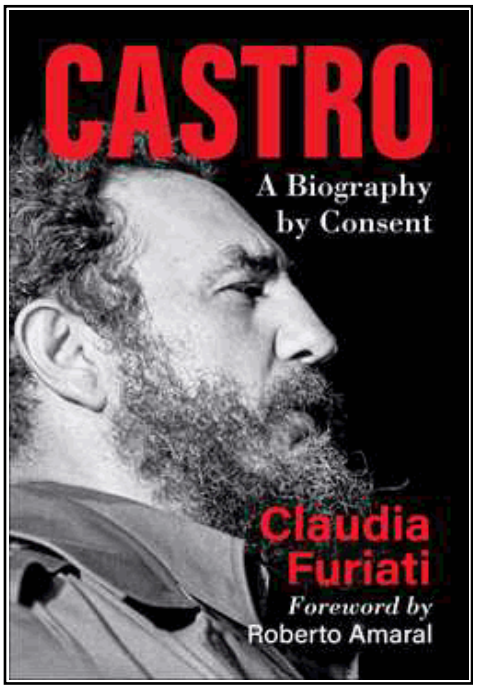

Castro

A Biography by Consent

Claudia Furiati

Castro: A Biography by Consent offers the most comprehensive and in-depth life history of one of the most iconic and controversial revolutionary leaders of the modern world. Respected by some, despised by others, Fidel Castro was a force to reckon with. Claudia Furiati spent nine years of intensive research unraveling and chronicling his story through seven decades of Cuban history.

Castro granted Furiati his consent to write this biography and gave his assurance that he would not read it until the book was completed and published. He allowed her access to his personal (confidential and secret) archives and official files. Through these and multiple interviews with Castro's friends and enemies alike, Furiati fills in gaps missing from other biographies and provides, through extensive narrative and photos, a powerful portrayal of this charismatic yet enigmatic head of state.

AUTHOR BIO

Claudia Furiati is a journalist, filmmaker, and author of *ZR Rifle: The Plot to Kill Kennedy and Castro*. She has written for most Brazilian newspapers including *O Globo*, *Jornal do Brasil*, and *Correio Braziliense*. She wrote the original Spanish version of *Fidel Castro* in 2001.

Biography & Autobiography

Exposed

A Pfizer Scientist Battles Corruption, Lies, and Betrayal, and Becomes a Biohazard Whistleblower

Becky McClain, foreword by Ralph Nader

A powerful memoir of a molecular biologist's courageous fight against corporate retaliation after revealing dangerous biosafety failures in biotech labs.

When molecular biologist Becky McClain raised urgent alarms about biosafety lapses at her biotech lab at Pfizer, she expected concern--not retaliation. Instead, her warnings about dangerous, genetically engineered viruses that were handled without following standard safety protocols were met with hostility, intimidation, and ultimately, devastating illness after a workplace exposure changed her life forever.

Exposed is McClain's riveting memoir of her transformation from dedicated scientist to the nation's first successful biotech whistleblower. Chronicling her battle against a powerful industry and its culture of secrecy, McClain reveals the high personal cost of speaking out, the legal showdown that rocked Pfizer, and the alarming gaps in biosafety and regulatory oversight that put workers--and the public--at risk.

In a post-pandemic world, McClain's story is more urgent than ever: a wake-up call to the dangers lurking behind laboratory doors, a testament to the power of truth, and a courageous demand for accountability in science. *Exposed* is not just a personal journey--it's a public reckoning with the ethical failures and hidden hazards of 21st-century biotechnology.

AUTHOR BIO

Becky A. McClain, a retired 23-year career biotech worker and research scientist, is known as the first successful biotech whistleblower who spoke and reported on biolab safety issues of public concern. On April 1, 2010, McClain won a federal court whistleblower trial against Pfizer, Inc., which centered on free speech rights concerning biosafety and public health.

Biography & Autobiography

Killer Crossover

My Life from the Chicago Streets to Basketball Royalty

Tim Hardaway; with Jacob Uitti

Considered one of the best point guards of his generation, Tim Hardaway was a polarizing figure on the basketball court. Known for his distinguished college career at UTEP, Hardaway was selected in the first round of the 1989 NBA Draft by the Golden State Warriors. He soon became a household name.

In *Killer Crossover*, Hardaway shares stories from his tough upbringing in Chicago through his collegiate career and to the NBA. As a part of "Run TMC" (with fellow Warriors Mitch Richmond and Chris Mullin), he immediately made himself known as one of the top players on the hardwood. Joining the Miami Heat in 1996, and along with teammates Alonzo Mourning, Dan Majerle, and Jamal Mashburn (to name a few), he would be a protagonist in one of the most contentious rivalries in all of basketball against the New York Knicks.

A master trash talker and one of the best ball handlers, Hardaway shares what it was like playing basketball in the nineties against some of the greatest to ever play the game, including future Hall of Famers Michael Jordan, Shaquille O'Neal, Patrick Ewing, and Reggie Miller. Never one to hold back, "Tim Bug" pulls back the curtain on the blood, sweat, and tears that went into becoming one of the most feared guards in the game and a future Hall of Famer.

But with the good comes the bad, as Hardaway opens up about his hurtful and anti-gay comments in 2007, and how a single radio interview turned his life upside-down. Though knocked down and painted as a hateful person, he adapted his "crossover" mentality to humbling himself and learning from his mistakes. Doing so, he became a proponent for the LGBTQ+ community, working closely with The Trevor Project and The YES Institute, as well as being the symbolic first signer of a petition to overturn "Florida Amendment 2," allowing same-sex marriage in the state of Florida.

Killer Crossover is not just a basketball biography. It is the story of a man who worked his way from humble beginnings to becoming an All-Star at the highest level—not to mention a father to a future NBA standout—and all the trials and tribulations that come along with being one of the best in the game.

Biography & Autobiography

AUTHOR BIO

Tim Hardaway played 13 seasons in the NBA. Known as the "UTEP Two-Step," Hardaway was a five-time All-Star and five-time All-NBA player. A first-round draft pick by the Golden State Warriors in 1989, he was known for having one of the best crossovers in the sports. Rising to fame as a member of "Run TMC" along teammates Mitch Richmond and Chris Mullin, Hardaway is best known for his rivalry with the New York Knicks as a member of the Miami Heat. Considered one of the best point guards of his generation, he is currently a basketball analyst for FSI and was inducted into the Naismith Basketball Hall of Fame in 2022.

Jake Uitti's work has appeared in *Vanity Fair*, the *Guardian*, *Interview*, the *Nation*, the *Athletic*, and numerous other publications. A Seattle-based writer, Jake has loved and followed the NBA since the early 1990s. Once humorously dubbed "the best under six-foot center in the country," his playing career didn't last past his high school days, but that's when writing took over. The co-author of *Muggsy*, *Earl the Twirl*, and *Banned*, *Killer Crossover* is his foiur NBA memoir. Uitti resides in Seattle, Washington, with his beautiful and brilliant wife Eva.

Biography & Autobiography

Giorgia's Vision

Giorgia Meloni in Conversation With Alessandro Sallusti

Giorgia Meloni and Alessandro Sallusti

A collection of interviews with the current Prime Minister of Italy.

A few weeks after taking charge of the Italian government, Giorgia Meloni was told by journalist Alessandro Sallusti: "It's a shame that a sitting Prime Minister can't think about writing a book to explain their plans." To which she replied, "And why can't they?" Sallusti responded, "I'm not exactly sure, but there must be a reason why no one's ever done it." She retorted, "You should know that doing what everyone else has done isn't exactly my specialty."

Thus, the idea for this conversation was born. In which *Giorgia's Vision*, Giorgia Meloni reveals her genuine views of life and the world. It is a passionate account in which she confronts the challenges of the present — from the war in Ukraine to the energy crisis, from the ecological transition to inflation — and dares to focus on individual responsibility, free initiative, the defense of nature, targeted investments to foster growth and reduce debt, a Europe that plays a leading role in the world while being close to its citizens' needs, and a "Mattei Plan" capable of bringing opportunity and development to the Middle East and Africa. Through eleven interviews, Meloni positions herself as a transformative leader advocating for strong governance and cultural preservation, blending personal anecdotes with broader political ambitions.

"It's essential," Meloni tells Sallusti, "that Italians see a government that, sure, has its limits and difficulties, and maybe even makes mistakes. But it gives its all, in good faith, with humility and love. A government that has no friends to place in positions, no lobbies to please, no powerful people to repay. One that doesn't cater to anyone, doesn't intend to cheat you, and has the courage to tell you what can't be done at a given time or in a certain context."

AUTHOR BIO

Giorgia Meloni was born in Rome in 1977. Politically active since her teenage years, she became a professional journalist at twenty-nine and was elected to Parliament for the first time. She holds the record as the youngest minister in the history of the Italian Republic: in 2008, at thirty-one, she became the Minister of Youth. On December 21, 2012, she founded *Fratelli d'Italia*, of which she is the national president. Since 2020, she has been the president of the European Conservatives and Reformists (ECR Party), one of the leading political groups in Europe. On October 22, 2022, she was sworn in by the President of the Republic, Sergio Mattarella, as Prime Minister. She is the first woman in Italy's history to hold this position.

Biography & Autobiography

The Builder

The Role of the Crown Prince of Saudi Arabia as a Leader in World Peace

Frederic E. Teboul

Crown Prince Mohammed bin Salman of Saudi Arabia stands as a pivotal figure in the twenty-first-century geopolitical landscape, embodying both transformative ambition and strategic acumen. As the architect of Vision 2030, he has undertaken the monumental task of steering his nation toward modernization and securing its economic future in a volatile and competitive global order.

In the West, the Crown Prince remains an enigmatic presence. A reformer and a consummate strategist, he navigates the complex dynamics of a nation at the crossroads of global strategic interests. Balancing the pressures of economic rivalry and geopolitical conflict, he has positioned himself as a pragmatic yet resolute leader, intent on elevating Saudi Arabia to the ranks of the world's dominant powers.

This work offers a groundbreaking and deeply analytical portrait of Mohammed bin Salman, departing from the simplistic clichés often associated with his persona to delve into the intricacies of his leadership. Beyond the polarizing narratives, the Crown Prince emerges as a compelling force—one capable of reshaping global power dynamics and redefining his nation's role on the international stage.

In an era defined by uncertainty, this book presents an indispensable exploration of a leader whose influence reaches far beyond the borders of Saudi Arabia. Combining meticulous research with sharp insight, it reveals a man whose decisions resonate across economies, alliances, and global systems. It is an account for anyone seeking to understand not only the man but also the world he is shaping.

AUTHOR BIO

Frederic E. Teboul is a distinguished individual with a diverse educational background, encompassing public international law, political science, finance, an MBA in business administration, and a PhD in economic development. Over a span of twenty-six years, he has passionately contributed to international relations, development cooperation, and peace initiatives. As a geopolitician, serial entrepreneur, and respected international civil servant, primarily with the United Nations systems, funds and programs, Fred Teboul has successfully led four Nobel Peace Prize-winning positioning strategies. His influential role extends to shaping international development and diversification strategies for private sector firms.

Significant global responsibilities across the public, private, philanthropic, and intergovernmental spheres mark Fred Teboul's leadership journey. His multilingual and multicultural aptitude has allowed him to excel in diverse environments. Renowned as a strategist, efficient lobbyist, and kingmaker, he is highly regarded by former and current world leaders for his astute insights. Not only is Fred Teboul the president of two corporations, but he also serves as an advisor to numerous governments, corporations, and foundations worldwide. Notably, he cofounded "My Peace Museum," showcasing his commitment to fostering a better world built on sustainable peace, social justice, and positive change.

Thierry Pastor holds degrees in law and political science. He is a French senior political and strategic advisor and an astute observer in international relations and diplomacy. He is the author of numerous political essays on political theory and the geopolitics of energy for which he analyzes and popularizes major contemporary global issues.

Biography & Autobiography

Bridges

A South-Central Odyssey

Romeo Keyes and Dick Russell

With their two voices alternating throughout the telling, this is the true story of a unique relationship that manages to transcend today's racial and cultural divide. One is a successful Caucasian author of numerous non-fiction books who shares a home with lifelong friends in the Hollywood Hills. The other is an African American youth who grew up robbing people on the streets of downtown Los Angeles to survive, while stealing books from the library to become a savant in ancient mythology.

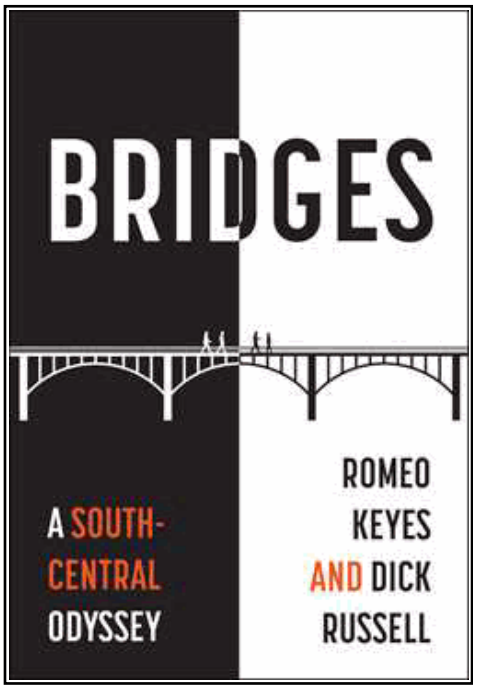

Fifty years apart in age, they fall accidentally (or by fate) into each other's lives at a time of transition for both. It's a tale of two initiations: the young genius with a father in jail and a mother on drugs, suddenly recognized for his potential by a society he has scorned, and the unexpected mentor who becomes a welcomed denizen of a neighborhood he's never entered before.

Recounting experiences past and present from their differing points of view, Russ and Romeo move far beyond the stereotypes of well-intentioned white liberal and angry black youth. Amid a backdrop of contemporary issues impacting the inner city, their initiations are fraught with risk and revelation, including the doubts, fears and often the seeming impossibility of finding common ground.

Arrested for a crime he didn't commit, facing a foster care system that abused him and now seeks to claim his newborn child, Romeo learns to trust Russ's coming to his aid. Russ puts his career and perhaps his freedom on the line over what he perceives as injustice. Their mutual leap into the unknown ultimately comes to encompass a spiritual dimension that includes shamanic divination and psychedelic experience. What began with Romeo's remarkable recitation from Homer's *Odyssey* turns into a modern-day enactment of its themes. Ultimately, this is a mysterious and timeless story about Destiny and Love.

AUTHOR BIO

Romeo Keyes grew up on the streets of Las Vegas and Los Angeles, and published his first article at eighteen in the mythological journal *Immanence*. He has since been a guest speaker at the Pacifica Graduate Institute and will be featured in an upcoming podcast series alongside his mentor and co-author.

Blue-Collar Blessed

A Humble Life in Idaho

Denny LaVé

A blue-collar entrepreneur's unlikely path from chaos to Senate candidacy.

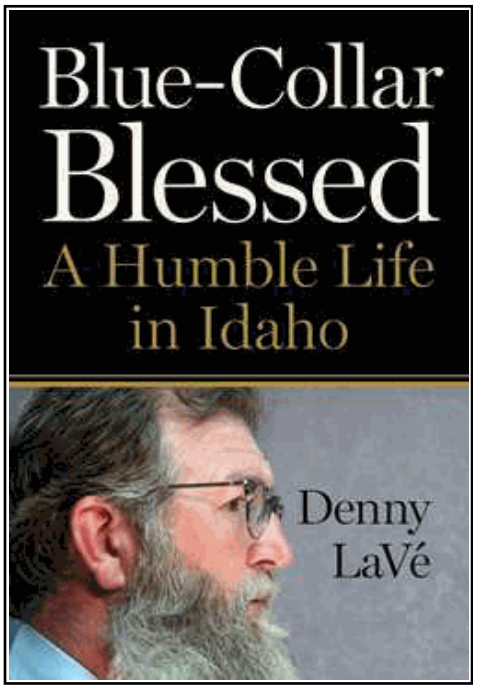

From a broken Montana home to Washington's marble halls, Denny LaVé's extraordinary memoir chronicles an American journey defying every expectation. Perfect for readers who loved *Hillbilly Elegy* and *Educated*, this powerful narrative reveals how faith and hard work can transform fractured beginnings into purposeful leadership.

Born into dysfunction—his father secretly took him across state lines at age four—LaVé bounced between schools, parents, and broken promises. Through setbacks from failing college to heat stroke during Marine boot camp, he refused to surrender.

His unconventional healing path included living in a 1,000-year-old Dominican monastery in France, building a multi-million-dollar construction business from scratch, raising six sons, and confronting trauma through intensive therapy—including a harrowing suicide attempt that became his turning point.

LaVé's candid exploration of childhood sexual trauma and mental health struggles offers hope to anyone battling shame. His journey from broken child to successful entrepreneur and Senate candidate proves healing is possible and ordinary Americans can make extraordinary differences.

Culminating in a face-to-face confrontation with political establishment that inspired his Senate run, this raw, inspiring memoir will resonate with anyone that believes character matters more than credentials and sometimes the most unlikely candidates are exactly what democracy needs.

AUTHOR BIO

Denny LaVé is a Catholic husband, father of six, entrepreneur, adventurer, and former monk. He co-founded Precision Precast Erectors, leading it to five Inc. 5000 awards before stepping back to mentor business leaders and prepare for political service. His life has included scaling radio towers, motorcycle treks, and near-death experiences—all shaped by faith, grit, and healing. Recognized by the Idaho Department of Labor, Denny has been featured in *USA Today*, *Forbes*, and *Construction Today*.

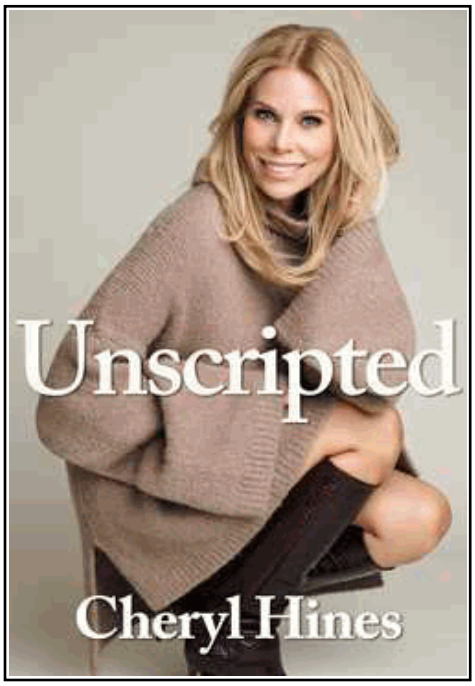

Outside work, Denny devotes himself to wife, Gina, and their six sons. He practices his Catholic faith, coaches lacrosse, and reads extensively. He enjoys golf, sailing, and grass-fed steak.

He plans to run in the 2026 Idaho primary for the US Senate.

Biography & Autobiography

Cheryl Hines Unscripted

Cheryl Hines

A highly anticipated memoir by the Emmy-nominated actress, director, and comedian Cheryl Hines.

Best known for her 24-year portrayal of Cheryl on HBO's *Curb Your Enthusiasm*, Cheryl's story begins in small-town Florida and unfolds across the glittering stages of Hollywood—and right into the heart of the Kennedy family and a presidential campaign.

With her signature wit, Cheryl shares hilarious and heartwarming stories from her career in comedy, acting alongside legends like Robin Williams and **Larry David** surviving in Hollywood's unpredictable landscape. From bartending in L.A. while hustling for auditions to working with comedy icons at *The Groundlings*, Cheryl provides a candid look at her rise from modest beginnings to earning a star on the Hollywood Walk of Fame.

But Cheryl's story goes far beyond the spotlight. In her memoir, she delves into her personal life, revealing the challenges and joys of a blended familywith her husband, activist lawyer and 2024 presidential candidate Robert F. Kennedy Jr. She also opens up about her lifelong passion for advocacy, including her dedication to United Cerebral Palsy, inspired by her nephew Michael.

With humor, wisdom, and unflinching honesty, Cheryl navigates the highs and lows of fame, family, and an unexpected foray into politics—complete with twists no one saw coming. Whether reflecting on her role in Curb, her time on *Suburgatory*, or her whirlwind introduction to the Kennedy legacy, Cheryl's memoir is a testament to resilience, love, and finding humor in even the most chaotic moments.

Cheryl Hines Unscripted is an inspiring, laugh-out-loud, and deeply moving memoir that showcases Cheryl's ability to find grace and humor in every chapter of her life.

AUTHOR BIO

As an actress, director, producer, and comedian, **Cheryl Hines** is best known for her 24-year portrayal of Larry David's wife, Cheryl, on HBO's *Curb Your Enthusiasm*, for which she received two Emmy Award nominations. She also played leading roles on the ABC sitcom *Suburgatory*, and the FOX comedy sitcom *Son of Zorn*, and made her directorial debut in the 2009 film *Serious Moonlight* starring Meg Ryan and Timothy Hutton. Cheryl is married to activist environmental lawyer and 2024 presidential candidate Robert F. Kennedy Jr.

Biography & Autobiography

Framed, F*cked, and Freed

Rod Blagojevich

America's biggest political prisoner writes his own story explaining all details on how it looks like to be living both on top and on the bottom of the world. By having the strength to endure hell he got the opportunity to be heard and examined once again where all his innocence came to sight. **Framed, F*cked, and Freed**, a once-in-a-century-story about human endurance, patience, grace, and sacrifice.

Dive deep into the extraordinary life of Rod Blagojevich, America's most renowned political prisoner, as he chronicles his harrowing journey from the highs of political and societal influence to the lows of incarceration and back. Rod's gripping memoir offers an unflinching look at the trials and tribulations of a man whose resilience, patience, and grace enabled him to endure unimaginable challenges in his victorious pursuit of justice.

AUTHOR BIO

Rod Blagojevich grew up in a working-class neighborhood in Chicago, Illinois. Shaped by hard work and determination, Rod began his career as an assistant state's attorney in Cook County, Illinois. Politics soon called, and he soon started rising through the ranks, from becoming a member of the Illinois House of Representatives, to the U.S. House of Representatives, to making history as the 40th Governor of Illinois, re-elected in 2006.

In December 2008, Rod was arrested on corruption charges, including allegations of attempting to sell the U.S. Senate seat vacated by President Barack Obama. The ensuing scandal led to his impeachment in 2009 and a conviction in 2011, until President Donald Trump commuted his sentence in 2020.

Now, Rod continues to captivate and inspire conversations about ambition, resilience, and second chances.

Biography & Autobiography

Eyes From Penumbra

How Doing Hard Time Awakened My Power, Freed My Mind, and Opened My Heart

Adam Lacerda, with a foreword by Stephen K. Bannon

The powerful true story of a young man's journey through a 27-year prison sentence that offers profound insights into society's deepest struggles

Eyes From Penumbra is the gripping true story of a 29-year-old man sentenced to 27 years in prison for a white-collar crime. Adam enters the system with little more than 160 pounds of naivety and his wits. Driven by a fierce will to survive and an insatiable desire to learn, he discovers depths within himself he never knew existed—while beginning to see the world as it truly is.

Writing from within prison's dark confines, Adam offers a refreshingly honest perspective and a new lens through which to view our shared struggles. With hard-earned clarity, sharp insight, and deep self-awareness—and using prison as a microcosm of society—he explores urgent issues such as prison reform, addiction, the opioid crisis, free will, love, and the most fundamental question of all: Who am I, really?

AUTHOR BIO

Adam Lacerda pursued a career in the hospitality industry after college and had become a successful entrepreneur, when, in his mid-twenties, he faced a life-altering crisis that would have broken most men. Instead, he turned adversity into opportunity, making it his mission to transform challenges into triumphs. Today, Adam is a conservative political strategist and a rising author. His keen analytical skills gained national attention within the MAGA movement when he accurately predicted the 2024 election results months in advance. Currently, Adam plays a pivotal role in shaping political strategies, influencing key figures within the Republican Party, and helping drive the movement forward.

Fiction

Waseem

A Novel

Lilas Taha

The unforgettable, heartbreaking story of a doomed love and a young man's education in hope.

In the crowded streets of a Palestinian refugee camp in Lebanon, Waseem has learned to navigate life with quiet resilience. Born with a disability that leaves him largely unable to speak or walk, Waseem's world is shaped by the small, intimate details of camp life.

For years, Waseem has shared a deep, unspoken bond with Ameena, his best friend and the girl he has silently loved from afar. Ameena, a fierce and compassionate spirit, has always been there for Waseem, supporting him through every challenge. The friendship is both fueled and challenged by their secret ambition—to travel to Palestine, their beloved but unreachable ancestral home.

Waseem is in turn a tear-wrenching and hilarious journey of friendship, love, and exile. It explores the intersections of physical and emotional healing, and the resilience of the human spirit in the face of seemingly insurmountable odds. Waseem's story is one of determination and transformation—a testament to the power of love and the unbreakable connection to one's roots, no matter how distant they may seem.

AUTHOR BIO

Lilas Taha is a writer at heart, an engineer by training, and an advocate for domestic abuse victims by choice. She was born in Kuwait to a Syrian mother and a Palestinian father, and immigrated to the U.S. as a result of the Gulf war in 1990.

She earned a bachelor's degree in Electrical Engineering from Kuwait university and a master's degree in Human Factors Engineering from the University of Wisconsin- Madison. There, Lilas met her beloved husband and true friend, and moved with him to Texas to start a family. She is the proud mother of a daughter and a son.

Pursuing her true passion for creative writing, Lilas brings her professional interest and Middle Eastern background together in her novels.

Fiction

Alice, or The Wild Girl

Michael Robert Liska

In 1856, Lieutenant Henry Aaron Bird makes a startling discovery: a speechless, shipwrecked young girl, living a feral existence on a remote Pacific island. When he exhibits her as a “wild girl” in the chaotic sprawl of early San Francisco, this golden-haired child without a past will be seen by the populace as a scientific curiosity, a titillating image of female savagery, or, for many, a symbol of the unspoiled body of that young country. For Bird, she is a fragile ward in need of protection, whom he keeps drugged and confined when not using her to further his reputation. But Alice will rebel against Bird’s control, and set herself adrift once more in the surreal landscape of 19th century America—a place no less foreign to her than her own troubled past—where she’ll discover that the freedom she desires may have always been an illusion.

Alice, or The Wild Girl takes the reader on a voyage from French Polynesia to the terminus of the American frontier, as it charts the unlikely bond that develops between an aging US naval commander and the lost, damaged girl he attempts to “civilize” as a way of alleviating his own loneliness and ennui. Steeped in period detail and layered with fascinating thematic threads, Michael Robert Liska's bold tale examines existential questions about the nature of history, time, and identity, in a vanished America that is at once alien and strikingly like our own.

AUTHOR BIO

Michael Robert Liska is a fiction writer and co-host of the lowbrow Shakespeare podcast *What Ho...A Rat!!* His work has appeared on *Hobart* and *McSweeney’s Internet Tendency*, as well as in *Epoch*, *The End*, and *Forever Magazine*. His story “The Child Star” appeared in Heresy Press’ inaugural anthology *Nothing Sacred: Outspoken Voices in Contemporary Fiction*.

Praise for *Alice, or the Wild Girl:*

"A magical, improbable book. Liska captures the strangeness of the past—and the strangeness of time passing—better than any living writer I know." **—Michael Clune, author of *White Out: The Secret Life of Heroin* and *Pan***

"*Alice, or The Wild Girl* is on the one hand a good old-fashioned maritime adventure tale, and in another dimension, offers an equally entertaining tour of the world of mid-nineteenth century American vaudeville. Past that, the novel engages questions on the construction and representation of identity that are certainly shaped by a 21st century sensibility. All in all, a fascinating and rewarding work." **—Madison Smartt Bell**

"Alice, or The Wild Girl, tells the story I have always wanted to read. American explorers in the South Seas find an abandoned young girl on an island and take her aboard ship. Her presence reveals the character of the men who must decide her fate, and her own character is tested when she arrives in America and must find her way. Michael Robert Liska combines history and imagination beautifully in this well written, exciting book. Readers will be taken on a stimulating journey through the scenery and ideas of the 19th century." **—Alice Elliott Dark, author of *Fellowship Point***

"The stunning work of a bold new satirist. Great fun."**—Paul Vidich, author of *Beirut Station* and *The Mercenary***

"Spanning the globe from the South Pacific to the boards of the vaudeville stage, by turns absurd and haunting, *Alice, or The Wild Girl* is a testament to the futility of man's dominion over the earth—or, indeed, over ourselves. Like a ship on the surface of the ocean, Liska's novel skates lightly over its mysterious depths, and examines its existential questions with a delicate black humor." **—Celia Bell, author of *The Disenchantment***

Fiction

The Emperor's Twin

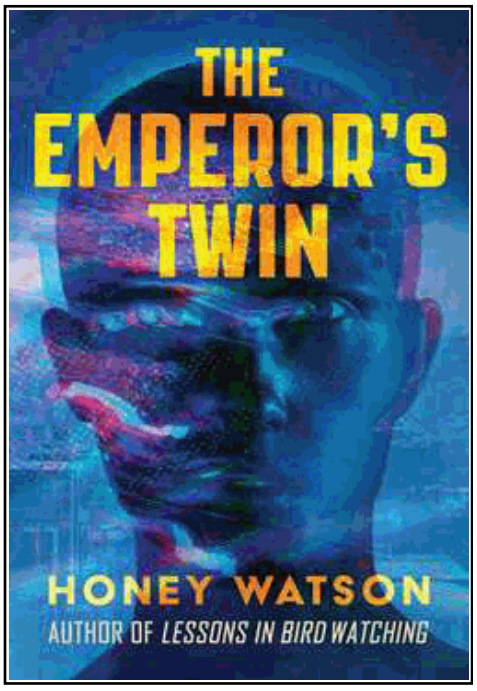

Honey Watson

A Dark Space Opera Unfolds in the Shadow of a Crumbling Multi-species Empire, Driven by a Nihilistic Quest for Power

The central palace of Crysth is overrun; the empire has surrendered to an invading army led by Wilhelmina Ming, a traitor from its own capital city. However, the invaders can no longer control their divine power source--a being they worship as god--and now both invader and the invaded are trapped inside the palace with no way to rein in the eldritch force that has taken over, and no choice but to join together against it.

Ming's last hope is Speaker, the slain emperor's twin and former imperial steward who is somehow bonded with the deity. A wannabe artist and writer, Speaker has been held hostage by the invaders for months, forced to recount the final days of the empire in the hopes that something in these details might give a clue as to the god's desires and motives.

The Emperor's Twin is a haunting exploration of power, identity, and the terrifying intersections between the human body and the divine—the grotesque and the sublime—that questions the nature of control, survival, and the price of unrelenting ambition.

AUTHOR BIO

Honey Watson is an author, writer, and translator based in Las Vegas, Nevada. Her publications include several works of fiction originally in Mandarin as well as her own science-fiction novel, *Lessons in Birdwatching*, which was her debut in 2023. She also holds a doctorate in Comparative Literature from NYU and currently works as a writer at Studio ZA/UM.

Praise for *The Emperor's Twin* and Honey Watson:

"After the success of her debut, *Lessons In Birdwatching,* Honey Watson returns with another horrifying, bloodsoaked nightmare. Skillfully mashing up science fiction, philosophy, metaphysics and body horror, *The Emperor's Twin* is like nothing else in contemporary SFF: moving between the epic scale of space opera to the horrors of the flesh it's a book to revolt readers as well as enthrall them."**—Jon Greenaway, author of *Capitalism A Horror Story***

"Ever wonder what *Warhammer 40K* might be like if there was more sex, drugs, and rock and roll? If you like Ann Leckie's *Imperial Radch* combined with Tamsyn Muir's *The Locked Tomb*, then Honey Watson's *The Emperor's Twin* is for you."**—Karlo Yeager Rodríguez**

"This intelligent and immersive sci-fi epic delivers a thrilling exploration of power, morality, and the unyielding pursuit of truth in a world consumed by time. Brace yourself for a gripping narrative of survival, sacrifice, and the intertwining forces of destiny and free will." **—SciFiNow**

"With echoes of Dune splashed with urban fantasy, horror, and dystopian mystery, Watson's debut is wildly haunting and original." **—Booklist**

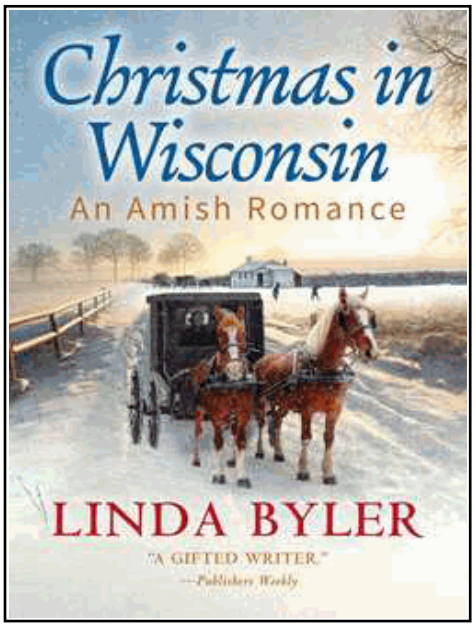

"The most original sci-fi concept I've read in years, incredible world-building with a propulsive plot and a healthy dose of body-horror. Left me breathless and clamoring for the next book! A meaty blend of sci and horror, the kind of story that sticks to your bones."**—Emma Berquist, author of *Missing, Presumed Dead* and *Devils Unto Dust***

Fiction

Christmas in Wisconsin

An Amish Romance

Linda Byler

Wrap yourself up in this cozy Amish romance as you follow three intertwining love stories at Christmastime.

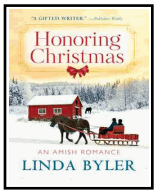

Lydia Beiler loves teaching school in her Amish community in Wisconsin. As a single woman in her fifties, the scent of chalk dust and the feel of a red Bic pen between her fingers is her calling, and she lives it to the full extent. But teaching isn't without its struggles—namely Jesse Stoltzfus, a sixth grade boy who pushes Lydia's patience to the limits. It doesn't matter how many times she makes him stay in from recess; he seems determined to argue everything and distract the other students with his toe tapping and incessant teasing.

When a late autumn snowstorm leaves Lydia trapped alone at the schoolhouse without heat, it is none other than Jesse who comes to her rescue. He helps bring her safely to his house, where Lydia is embraced by the Stoltzfus family. The joy and warmth of their home awakens a sort of longing in Lydia's heart, a loneliness she didn't realize was there. Is it too late for her to find love?

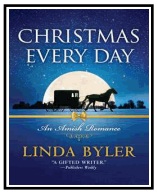

Meanwhile, as Christmas approaches, Jesse's older sisters are wrapped up in their own romantic interests. When Becca begins “unofficially” dating Ray, Laura struggles to accept the fact that her younger sister is moving faster than she is. Will the handsome, older guy she met at the last wedding ever ask her out?

AUTHOR BIO

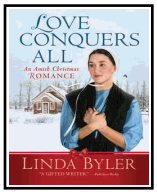

Linda Byler grew up Amish and is an active member of the Amish church today. She is the author of several bestselling fiction series, all set in the Amish world: Stepping Stones, Tapestry of Love, The Long Road Home, The Dakota Series, Hester’s Hunt for Home, Lancaster Burning, Sadie’s Montana, and Lizzie Searches for Love. She is also the author of *The Healing, A Second Chance,* and several Amish Christmas romance novels. Linda is well known within the Amish community as a columnist for a weekly Amish newspaper. She lives near Lancaster, Pennsylvania.

Delivery Man

The Enemy-Alien Nisei Translator Who Saved his Battalion

Rory Laverty

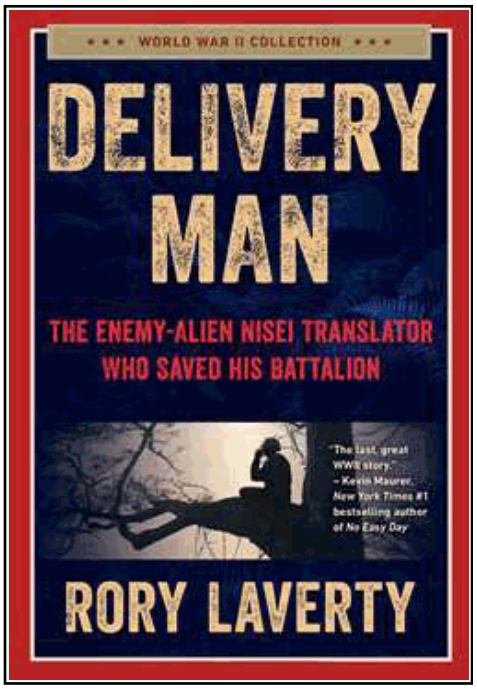

The American battalion was trapped, under siege and under fire, and one man was their best, last hope.

Delivery Man: The Enemy-Alien Nisei Translator Who Saved His Battalion in World War II is the suspenseful, tragic, and true story of a combat translator in a pioneering American special operations force, sent into the heart of a forgotten jungle war in which he fought soldiers of his own ancestry and put his life on the line to save hundreds of his brothers.

U.S. Army Sgt. Roy Matsumoto was born in Los Angeles and lived for seven years in Hiroshima. His family remained in Japan in 1929, when he returned to Southern California alone and took a job delivering groceries. Like all Japanese Americans, Roy's life was upended by Japan's attack on Pearl Harbor, followed by his internment by his own country – first at the Los Angeles horse-racing track on which Sea Biscuit had triumphed two years before, and then at another concentration camp in Arkansas.

In exchange for his freedom, Roy volunteered to join the US Army, which trained him and sent him into northern Burma. That's where the American commando force known as Merrill's Marauders braved a malarial jungle to engage a tenacious enemy force on a winning streak.

In *Delivery Man*, Rory Laverty masterfully chronicles the unforgettable story of Roy Matsumoto, an unsung American hero fighting in an overlooked American theater of World War II.

AUTHOR BIO

Rory Laverty is an investigative journalist who has reported on the military and the justice system for the *Washington Post*, *The Daily Beast*, and *Newsweek*. He is the author of *Aluminum Alley: The American Pilots Who Flew Over the Himalayas and Helped Win World War II* (Stackpole, 2023).

Praise for *Delivery Man:*

“Roy Matsumoto is as heroic and compelling as Louis Zamperini of *Unbroken*. With *Delivery Man,* Laverty just might have written the last, great WWII story.” **—Kevin Maurer, *New York Times* #1 bestselling author of ten books, including *No Easy Day***

“Delivery Man is an absolute force of nature, a book of suspense, heroism and tragedy that reads like an epic novel even though it is all true.” **—David Gessner, *New York Times* bestselling author of fourteen books including *The Book of Flaco***

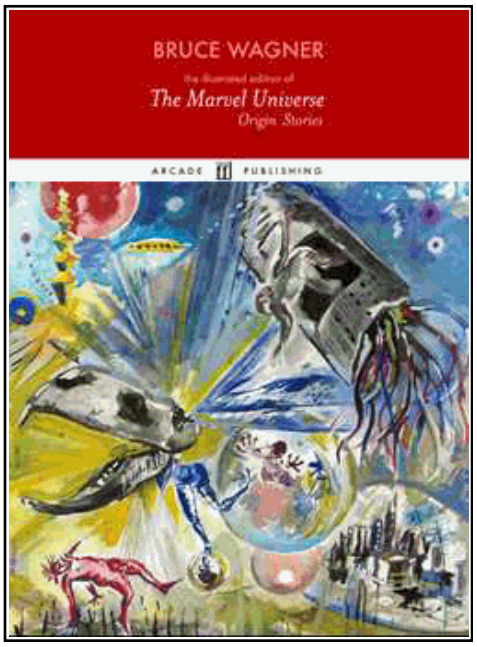

"Laverty is skilled in the art of creative nonfiction, writing history so that it reads like a novel." **—Ben Steelman, *USA Today Network***

Fiction

The Marvel Universe

Origin Stories: Designed by Dmitry Samarov

Bruce Wagner

A new illustrated edition of the novel featuring sixty Sumi ink paintings, cover, and interior design by Dmitry Samarov.

The Marvel Universe: Origin Stories details the lives and deaths of Wagner's cast of characters: an orphaned billionairess, a black man wrongly convicted of murder, a schizophrenic child obsessed with the comic book character Wolverine, a cancelled TV star, and the love child of Elon Musk. Their intertwining stories take place during the pandemic, a year of tectonic social unrest, ushering in a new reality that surpasses anything any Hollywood franchise could hope to imagine. In *The Marvel Universe*, Wagner is able to make myths, delusions, hopes, dreams, grifts, longings, art, and commerce dance over the streets of Los Angeles. Samarov's design and paintings match the brilliance of *The Marvel Universe* perfectly.

AUTHOR BIO

Dmitry Samarov was born in Moscow, USSR in 1970. He immigrated to the US with his family in 1978. He got in trouble in 1st grade for doodling on his Lenin Red Star pin and hasn't stopped doodling since. After a false start at Parsons School of Design in New York, he graduated with a BFA in painting and printmaking from the School of the Art Institute of Chicago in 1993. Upon graduation he promptly began driving a cab—first in Boston, then after a time, in Chicago— which eventually led to the publication of his illustrated work memoirs Hack: Stories from a Chicago Cab (University of Chicago Press, 2011) and second cabbie book from a press not worth mentioning. Music to My Eyes (Tortoise Books, 2019) is his first non-cabbie-related book. Soviet Stamps (Pictures&Blather, 2020) is the second. All Hack (Pictures&Blather, 2020) is a summation of his cabbie-related work. Old Style (Pictures&Blather, 2021) is his first work of fiction. paint-by-numbers (Pictures&Blather, 2022) is his second. to whom it may concern (Pictures&Blather, 2023) is book of new answers to old letters. Making Pictures is How I Talk to the World (Pictures&Blather, 2024) is a survey of 40 years of art. In 2025, Samarov began designing and illustrating public domain books. Babbitt (Pictures&Blather, 2025) is now available; Moby Dick (Maudlin House, 2025) is forthcoming in May. He has exhibited his work in all manner of bars, coffeeshops, libraries, and even the odd gallery (when he's really hard up.) He writes dog portraits and paints book reviews in Chicago, Illinois.

Fiction

The Suicide's Grave

Being the Private Memoirs & Confessions of a Justified Sinner: Designed by Dmitry Samarov

James Hogg

Desolate, wind-swept, the moor—the grave—lies unblessed, its soil untended and cursed.

First published in 1824, James Hogg's Gothic tale tells the story of a man named Robert Wringhim, who believes he is predestined for salvation, that any sin he commits is justified as long as it serves God's will. In *The Suicides Grave*, Hogg weaves an eerie atmosphere of moral reckoning and spectral dread, as the land itself seems to recoil from the sinner buried beyond the church's grace.

A new illustrated edition of the classic novel featuring ballpoint pen illustrations, cover, and interior design by Dmitry Samarov.

The Best Horror of the Year, Volume Seventeen

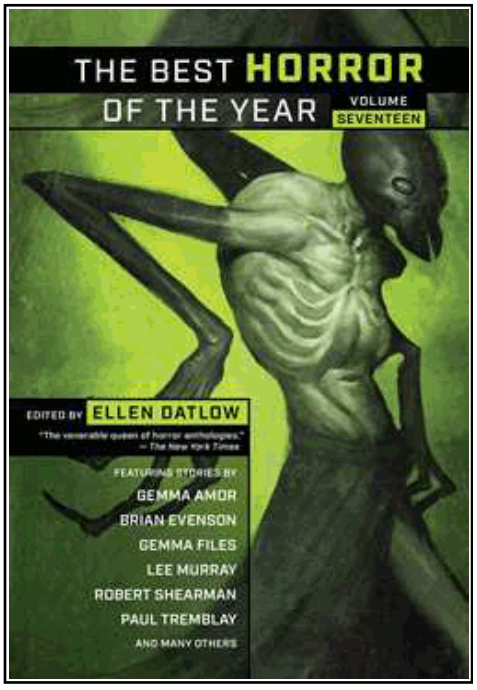

Fiction

Ellen Datlow

From Ellen Datlow—"the venerable queen of horror anthologies" per the *New York Times*—comes a new entry in the series that has brought you thrilling stories from Stephen King and Mira Grant, the best horror stories available.

For more than four decades, Ellen Datlow has been at the center of horror. Bringing you the most frightening and terrifying stories, Datlow always has her finger on the pulse of what horror readers crave. Now, with the seventeenth volume of the series, Datlow is back again to bring you the stories that will keep you up at night. Encompassed in the pages of *The Best Horror of the Year* have been such illustrious writers as: Stephen King, Stephen Graham Jones, Paul Tremblay, Tananarive Due, Carmen Maria Machado, Joe Hill, Laird Barron, Mira Grant, and many others.

With each passing year, science, technology, and the march of time shine light into the craggy corners of the universe, making the fears of an earlier generation seem quaint. But this light creates its own shadows. *The Best Horror of the Year* chronicles these shifting shadows. It is a catalog of terror, fear, and unpleasantness as articulated by today's most challenging and exciting writers.

Datlow has also won lifetime achievement awards from three prominent genre organizations, and currently acquires short fiction for Tor.com. She lives in New York City.

Fiction

War Bodies

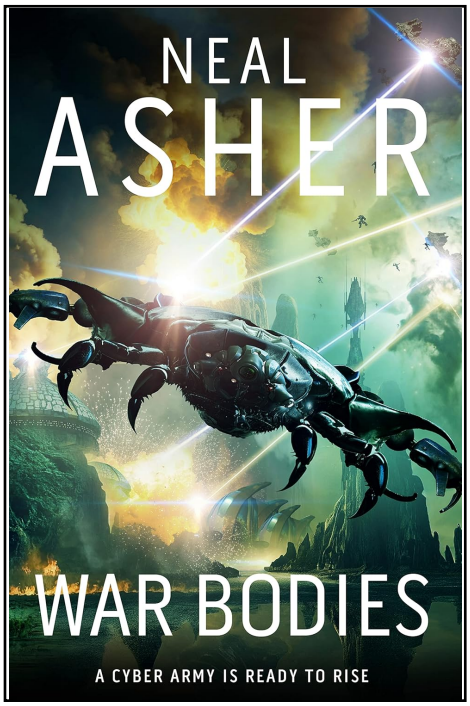

Neal Asher

Rebellion could be their salvation—or their doom. *War Bodies* by Neal Asher is a gripping, high-octane standalone set in his expansive Polity universe.

Long ago, the Cyberat left Earth to co-evolve with machines. Now, led by the powerful dictator Castron, their Old Guard believe that machines should replace the physical body. But these beliefs are upended with the arrival of the human Polity—and their presence ignites rebellion.

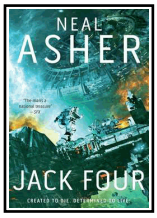

Piper was raised as a weapon against the Cyberat, implanted with secretive hardware. When his parents are captured by the Old Guard, the Polity offer him unexpected aid. Piper knows the Polity want more from him, but at what cost? The rebellion also attracts the deadly prador, placing an entire world in peril.

As war rages across the planet, Piper must battle with the unknown technology implanted in his bones. It may be the Polity's answer to their relentless fight against the prador. It could also be civilization-ending Jain tech – or something far more extraordinary.

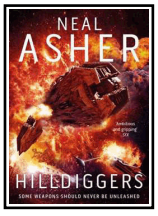

AUTHOR BIO

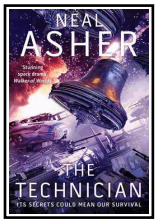

Neal Asher is a science fiction writer whose work has been nominated for both the Philip K. Dick and the British Fantasy Society awards. He has published more than twenty books, many set within his "Polity" universe, including *Gridlinked*, *The Skinner*, and *Dark Intelligence*. He divides his time between Essex and a home in Crete.

Fighting Men of World War II: Allied Forces

Fiction

Uniforms, Equipment & Weapons

David Miller

Fighting Men of World War II: Allied Forces **is the second part of a two-volume set (*Axis Forces* is also available) which sets out to examine in detail the weapons and equipment of the average soldier of the United States, Great Britain and its Dominions and Commonwealth, the Soviet Union, and the other nations like France and Poland who fought on despite being overrun in the early stages of the conflict.**

In these pages we examine a broad range of general equipment that was used every day, including mess tins, water bottles, medical kits, radios, binoculars, goggles, entrenching tools and wire cutters.

We give detailed specifications of weapons such as: pistols and revolvers, rifles, bayonets, fighting knives, hand grenades, flamethrowers, mortars and anti-tank weapons. The clothing sections include headgear, from the M1 helmet system to the Tam o' Shanter and the Russian pilotka. We examine footwear as diverse as polished officers' shoes, cavalry boots, paratroopers' jump boots and felt overboots.

Uniform tunics, shirts, trousers, and greatcoats all receive attention, as do all-weather gear, gloves, ponchos, camouflage smocks and load-carrying vests. Numerous variations are shown, as are rank badges and other insignia.

Personal items too are included. We show cigarettes and lighters, letters and postcards home, magazines, gramophones, identity tags, mending kits and eating utensils.

Almost all of the items shown have not been featured in book form before and have been specially chosen from museums and private collections to form a unique reference source for the general reader, budding collector, military enthusiast, re-enactor, and modeller.

The fighting man is placed within the context of his unit organization, while carefully researched archive photos show him with his weapons and equipment in action.

The text, by seasoned military expert David Miller, is the result of painstaking research, backed up by his own military experience in the British Army, which has given him the necessary credentials to understand what the average fighting man's needs and day-to-day preoccupations actually were. David has been assisted by editor Graham Smith, and the two of them have pulled together all these diverse elements to form one of the most definitive works of its kind.

Fiction

Jack Slade

Song of the Butcherbird

Adrian Gostick

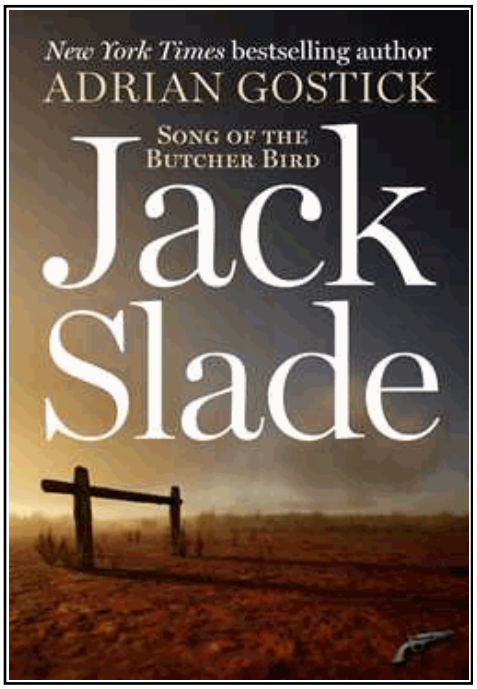

A tale of frontier justice in the early days of the Pony Express—based on a story you'd never believe was true.

Jack Slade is one of the few stationmasters on the Overland Stagecoach Company who has a code of honor and some skills with a wagon and a Colt. That's why he's chosen by company boss Benjamin Ficklin to clean out corruption on the line just as the Pony Express begins running.

But Slade also has a soft spot for hard liquor. That's why he rides into Julesburg unarmed, and why he's filled with six bullets and some buckshot in broad daylight by Jules Beni, the corrupt old station master.

Jack Slade: The Song of the Butcherbird is based on the true story of Slade's improbable survival, recovery, and redemption. With the help of his family; his loose-lipped, ne'er-do-well sidekick, Pete; and not a little liquid courage, Slade reluctantly returns to bring frontier law and justice to the plains—never again forgetting his revolver or Bowie knife.

Perfect for readers of westerns, quintessential American historical fiction, and fans of *Yellowstone*, Jack Slade is a vivid animation of frontier life and justice in the early days of the Pony Express—dusty, unforgiving, and stained in blood.

AUTHOR BIO

Adrian Gostick is the author of the *New York Times*, *USA Today,* and *Wall Street Journal* bestsellers *All In*, *The Carrot Principle, Leading with Gratitude*, and *Anxiety at Work*. His award-winning books have been translated into 30 languages and have sold more than 1.5 million copies around the world.

His work has been called "fascinating," by *Fortune* magazine and "creative and refreshing" by the *New York Times*. He has appeared on NBC's "Today Show", CNN, and CNBC, and is often quoted in *The Economist, Financial Times, Newsweek,* and *Wall Street Journal*.

Things That Are Funny on a Submarine but Not Really

Fiction

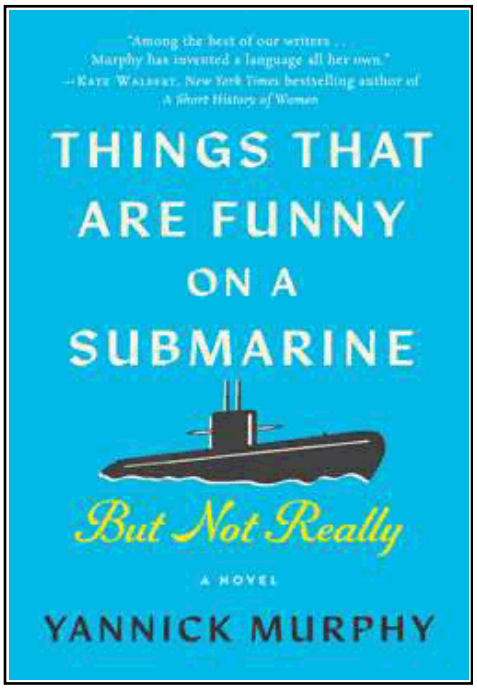

A Novel

Yannick Murphy

Informed by an intense pressure of language, wit, and energy, *Things That Are Funny on a Submarine But Not Really* enraptures with the colorful world of David, nicknamed "Dead Man," and his shipmates. Stationed in Guam, they sail the depths of the oceans, swapping jokes and stories while strengthening bonds continually tested by the rigors of submarine life. But when one shipmate is revealed as a Chinese spy, and another takes his own life, Dead Man is burdened by a repressed guilt and left with a lingering trauma.

Searching for a change, Dead Man leaves the Navy to start fresh as a college student, but his past refuses to let go. The ghosts of former shipmates—both dead and alive—continue to haunt him, and unwilling to stay mired in his turbulent memories, Dead Man navigates the complex terrain of identity and searches for meaning after reentering a way of life that feels increasingly foreign.

Written with Yannick Murphy's distinctive and darkly humorous style, *Things That Are Funny on a Submarine But Not Really* is a headlong, entertaining dive into what it means to find one's way in a rapidly changing world.

Her story "In a Bear's Eye" was published in the 2007 O. Henry Prize Stories. She and her veterinarian husband live in Vermont.

Precious Freedom

Fiction

A Novel

James Bradley

FROM THE #1 *NEW YORK TIMES* BESTSELLING AUTHOR OF *FLAGS OF OUR FATHERS* COMES *PRECIOUS FREEDOM,* A NOVEL OF THE WAR IN VIETNAM.

The Vietnam War was a tragedy for America—*and* for Vietnam. But for the Vietnamese, it was also a victory: they defeated the world's wealthiest country and most powerful military. James Bradley, the author of *Flags of Our Fathers*, began to wonder, *How did they win?*

Precious Freedom explores this question in a powerful novel that is drawn from the pages of history. Informed by ten years of research and hundreds of interviews with US Marines, Viet Cong snipers, and Vietnamese fighters, politicians, and leaders, *Precious Freedom* is storytelling at its finest.

In 1967, nineteen-year-old Chip Zobel enlists in the Marines, answering his government's call to defend democracy in South Vietnam. But what he finds on the ground shakes his faith: poisoned punji sticks, rotting uniforms, Agent Orange–tainted drinking water, constant ambushes, a brutal case of malaria—and the realization that many of the Viet Cong he's fighting are actually South Vietnamese locals—the men and women he thought he was fighting to defend.

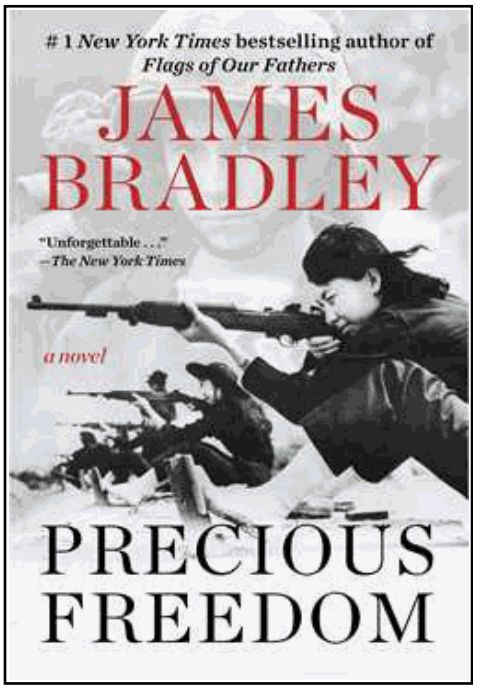

Back home, Chip's mother, Betty, initially a staunch supporter of the war, begins to question its morality. His father, Hank, a former Navy corpsman who fought in the Battle of Saipan during World War II, grows skeptical as he begins to read US military reports that compare Ho Chi Minh to George Washington—a fierce patriot who leads his people to freedom.

Meanwhile, in a quiet Vietnamese hamlet, fifteen-year-old May watches as a US Marine kills her father. She flees to the forest and joins a Viet Cong training camp. Three months later, she makes her first kill as a sniper—eventually, she will kill four more Americans with her rifle. Unbeknownst to her, her path will ultimately cross with that of the Marine who killed her father—Chip Zobel.

James Bradley wrote *Precious Freedom* to honor all who served in Vietnam and to help a new generation understand the war's complex truths.

This is a story that America has never been told.

"James Bradley journeyed to Iwo Jima and returned with *Flags of Our Fathers* and now ventures to Vietnam and brings us *Precious Freedom*, where he reveals that if we'd known what happened in the 1960s in Vietnam, American mothers would never have sent their children to Iraq and Afghanistan. The truth is the best vaccination against great lies."—Oliver Stone

AUTHOR BIO

James Bradley is the *New York Times* #1 bestselling author of *Flags of Our Fathers*, *Flyboys*, *The Imperial Cruise,* and *The China Mirage*. James lived in Vietnam for ten years to research and write his fifth book, *Precious Freedom: A Novel of the Vietnam War*.

Praise for *Precious Freedom:*

"James Bradley journeyed to Iwo Jima and returned with Flags of Our Fathers and now ventures to Vietnam and brings us Precious Freedom, where he reveals that, if we'd known what happened in the 1960s in Vietnam, American mothers would never have sent their children to Iraq and Afghanistan. The truth is the best vaccination against great lies."**—Oliver Stone**

"James Bradley is in top form with Precious Freedom, displaying his gift for making complex subjects understandable. Precious Freedom is the place to start if you haven't read about the Vietnam War and if you're familiar with the genre, it will add significantly to your understanding."**—Douglas Valentine, author, The CIA as Organized Crime**

"For more than sixty years, Americans have looked at Vietnam through the wrong end of a telescope. Precious Freedom turns it around, bringing into sharp focus Vietnamese people who lived and died in the Pentagon's gunsights. James Bradley's profound novel illuminates the resilient spirit of Vietnam's people and the historic aggression of America's warfare state."**—Norman Solomon, author of War Made Invisible**

"James Bradley's revelatory account of how the Vietnamese people defeated a better armed, better funded fighting force backed up by the richest country in the world offers an object lesson in why so-called advanced technology and vast expenditures are no match for superior morale, smart strategy, deep local knowledge, society-wide commitment and unity of purpose. . . . The stories Bradley conveys offer a cautionary tale about the dangers of an approach based on technological hubris and misplaced faith in the power and effectiveness of military intervention, divorced from an understanding of local conditions. War is a human endeavor, and Bradley captures that truth in compelling detail."**—William D. Hartung , Senior Research Fellow at the Quincy Institute for Responsible Statecraft, author of The Trillion Dollar War Machine**

"The world knows that Vietnam defeated the United States in a long war, but how did Vietnam accomplish that astonishing feat? James Bradley has come up with a magnificently rich and deeply researched answer. His book teaches us much about the war and about Vietnam, but most of all about the United States and why it embarks on such devastating misadventures."**—Stephen Kinzer, author of Poisoner in Chief and The Brothers**

Kings Mountain

Fiction

America's Most Forgotten Battle That Changed the Course of the American Revolution

Phillip Thomas Tucker

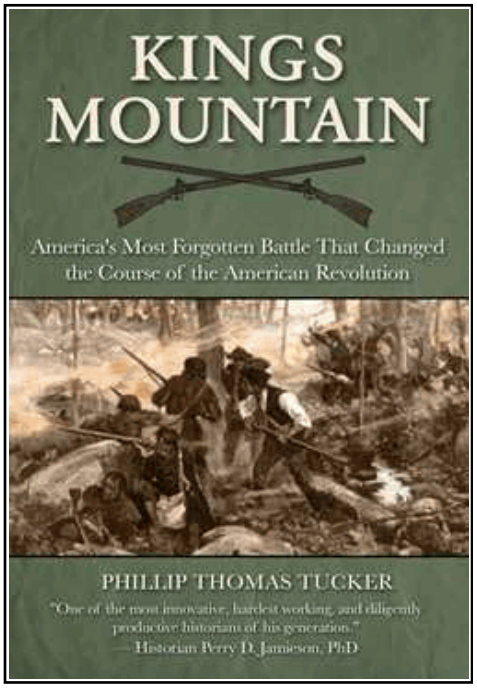

Learn the little-known history of the turning-point battle of Kings Mountain, one of the most decisive American victories in the Revolutionary War.

The Battle of Kings Mountain was the most remarkable, unexpected, and unorthodox patriot victory of supreme importance that was fought during the course of the American Revolution. The victors of Kings Mountain were South Carolina, Virginia, and North Carolina Backcountry volunteers (including men from today's Tennessee) of a ghost army that suddenly materialized practically out of thin air from both sides of the Appalachian Mountains on its own and without authorization from the Continental Congress or Continental officers. To defend their farms and families and the land they loved, on October 7, 1780, this ad hoc force of Backcountry volunteers from remote settlements across the frontier suddenly descended upon a well-trained and well-equipped force of more than one thousand Royal Provincial and Loyalist troops, who defiantly made their last stand on the summit of Kings Mountain, after having been caught by surprise.

During one of the hardest fought and bloodiest battles of the American Revolution, this one-sided (the entire enemy force—the vital left wing of Lord Charles Cornwallis' Army—was killed, wounded, and captured) patriot victory at Kings Mountain was a major turning point of not only the war in the South, but also of the American Revolution.

Ironically, no battle of the American Revolution more forcefully demonstrated the lethal effectiveness of Southern militia and the future surreal horrors of America's first civil war. This decisive battle in northwest South Carolina was fought between fellow Americans, including not only neighbors but also relatives, even fathers and sons, nearly three-quarters of a century before the Battles of First Manassas, Antietam, and Gettysburg, when young Americans once again slaughtered each other for what they believed was right.

When it appeared at the time that the war in South Carolina had been lost to the British, the patriots of Kings Mountain rose splendidly to the challenge to win an amazing success that best personified the essence and spirit of the revolution, which the victors kept alive during one of the darkest periods of the American Revolution. Most importantly, the dramatic patriot victory at Kings Mountain on October 7, 1781 helped to set the stage and pave the way for the surrender of Cornwallis' Army at Yorktown only a year later, which was an event that all but ended the war and ensured the independence of a new nation.

God's Very Good Plan

A Christmas Story about Trusting God

Abigail Gehring Lawrence; William Lawrence; Illustrated by Estelle Corke

A sweet Christmas tale about trusting God, even when things aren't going your way.

"I don't think God ever likes it when we're hurting," said Mama Badger. "But He's always with us and we can always trust Him with our feelings. And sometimes when we're hurting or weak, God uses us in especially mighty ways!"

******

Little Badger can't wait to enter the annual snow sculpture contest. He practices his sculptures every day and is determined to win a prize. But when an accident occurs and his plans are dashed, he's sad, angry, and confused. Even Christmas doesn't feel so exciting. Why would God let such a thing happen, and why doesn't He just fix everything when you ask Him to? Mama Badger encourages Little Badger to share his feelings with God and to trust that He is good and has a good plan. In the end, Little Badger gets the chance to be a hero in a way he never would have guessed.

The latest in the beloved Forest of Faith series, this is a delightful Christmas tale about trusting God with your feelings and having faith that He is good all the time, even when things are hard. Whether you're facing injury, illness, grief, or disappointment, this story of hope and resilience will lift your spirits this Christmas season.

******

"'For I know the plans I have for you,'" declares the Lord, "'plans to prosper you and not to harm you, plans to give you hope and a future.'" —Jeremiah 29:11

AUTHOR BIO

Abigail Gehring Lawrence is mother to three children and a Sunday school teacher at her local church. In 2022, her full-term baby girl passed away during labor. Since then, she's been learning to trust God in a new way. She lives in Marlboro, Vermont.

William Lawrence is six years old. When he was five, he broke his wrist while playing in a friend's backyard. That experience became part of the inspiration for this story.

Estelle Corke is a freelance illustrator who has worked as an artist for more than thirty years. Her first love is children's publishing, with animals and children her favorite subjects. Estelle's art has appeared in *Guideposts* and *Highlights*. She lives in Bath in the United Kingdom.

"*God's Gift of Christmas* is a sweet picture book with all the feels. From the adorable woodland creatures to the precious story, parents and children alike will reach for this holiday story again and again. As readers follow Little Squirrel's quest to be extra good leading up to Christmas in hopes of earning more Christmas presents, he learns that no one is perfect, and that God's love isn't earned—it's freely given! And he discovers that being kind to others isn't just for Christmastime, but something we should share every day. What a powerful message to plant in children's hearts! Can't wait to share this adorable book with all of the littles in my world." **— Michelle Medlock Adams, Award-winning author of more than 100 books, including *Dachshund Through the Snow* and *What Is Christmas?***

Juvenile Fiction

Just Enough Room for Christmas

Robin Currie; Illustrated by Estelle Corke

A meaningful Christmas picture book sure to inspire and delight young readers.

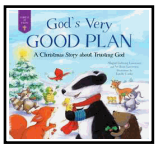

In a tiny barn in Bethlehem, Old Hannah the cow lives alone until the cold wind drives other animals to seek shelter. One by one, they squeeze in, but when a tiny mouse stirs up trouble, the barn erupts into chaotic mooing, meowing, and barking. Will there be enough room for a little family to have a silent night?

Just Enough Room for Christmas is written to be read aloud, at home, in preschool classes and church children's messages, or even Christmas Eve services. Families often get distracted by all the noise of the Christmas season. When we clear away all the clutter and distractions we find, in our homes and hearts, just enough room for the newborn King.

AUTHOR BIO

Robin Currie is a preschool chaplain, ordained minister, and librarian. She volunteers annually to teach reading and literacy in developing countries and has taught English in far-flung places such as China, Tanzania, and India. Her family includes four grown children and five grandchildren. She lives near Wheaton, Illinois.

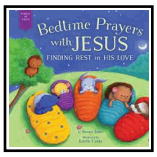

Estelle Corke is a freelance illustrator who has worked as an artist for more than thirty years. Her first love is children's publishing, with animals and children her favorite subjects. Estelle's art has appeared in *Guideposts* and *Highlights*. She lives in Bath in the United Kingdom.

Flurry

The Christmas Bunny

Amy Alton; Joseph Alton; Illustrated by Cheryl Crouthamel

Once upon a time, there was an Easter Bunny who loved... Christmas?

Flurry is the baby of the magical Easter Bunny family. She lives at the North Pole. Like Santa and other North Pole dwellers, the whole Easter Bunny family has very important jobs.

While Santa and his elves are hard at work in their toy workshop, the Easter Bunny family is hard at work decorating Easter eggs. Flurry tries her best to help, but every Easter egg she makes looks a little too... Christmas-y!

With a dose of Christmas magic and a little help from Santa, Flurry sees that her love of Christmas is one of many things that makes her special.

AUTHOR BIO

Amy Alton, NP, and **Joe Alton, MD,** are award-winning and bestselling authors in medicine. They are also the authors of *Snowbie: The First Snowman*. Amy and Dr. Alton really love to collect and read old-timey children's books. And surprise! They also really love Christmas!

Now We Are Six

The Classic Edition

A. A. Milne; Illustrated by E. H. Shepard

A fully revitalized edition of the 1927 classic book of poetry by A.A. Milne, featuring full-color versions of the original illustrations by E. H. Shepherd. A great gift for children and readers of any age!

A.A. Milne's bestselling classic, *Winnie the Pooh*, has enchanted readers of all ages for nearly one hundred years with its relatable, heartwarming adventures that follow the famously friendly and lovable teddy bear.

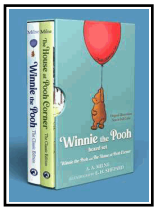

Now We Are Six is the original 1927 classic collection of poems by A. A. Milne, eleven of which feature everyone's favorite characters from the hundred-acre wood. This stunning edition includes all of the original illustrations fully colorized by Diego Jourdan Pereira, which bring new life to these time-honored and beloved verses.

With playful rhymes and lighthearted humor, this beautiful book is great for bedtime or any time, and is the perfect addition to any bookshelf for readers both young and old.

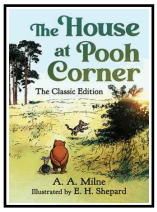

AUTHOR BIO

A. A. Milne was an English author, poet, and essayist. Throughout his career, he wrote more than ten books, numerous essays and articles, as well as a few short story collections, most notably the Winnie the Pooh series, which were inspired by his son Christopher Robin Milne's stuffed animals. Milne passed away in January of 1956.

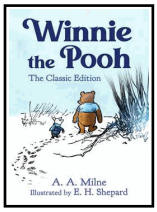

E. H. Shepard was a prolific English artist and book illustrator, most well known for his work in *Winnie the Pooh* and *Aesop's Fables*.

Scary Stories to Tell at Night

13 More Terrifying Tales to Give You Nightmares!

Illustrated by Randy Broecker

THIS IS A WARNING!

The baker's dozen of stories in this book will scare you! They may really terrify you! While you read these thirteen terror tales and stare at the diabolical drawings, don't be surprised if they give you nightmares. You have been warned!

However, if you are not afraid of monsters, ghosts, witches and other unspeakable things, and are not worried about being unable to sleep or being creeped out by horrors lurking in the shadows, then you're going to love this volume! Inside you will discover spine-tingling tales about what happens when you wake up in the middle of the night, including:

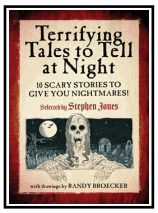

- a young girl's new bedroom haunted by a warlock's cat-familiar
- a couple who find refuge in a deserted farmhouse that is home to something unspeakably horrible
- a man who is visited by a ghostly company seeking revenge
- a group of friends menaced by the dead at a Halloween party
- and other stories too frightening to mention here!

Compiled by award-winning horror editor Stephen Jones and illustrated by acclaimed artist Randy Broecker, Scary Stories to Tell at Night features fear-filled fiction from Ramsey Campbell, R. Chetwynd-Hayes, Mia Dalia, Sharon Gosling, Garry Kilworth, Stephen King, Dana Middleton, Lisa Morton, Kim Newman, Lynda E. Rucker, Robert Silverberg, Angela Slatter and Michael Marshall Smith. Get ready to hide under the covers and be really chilled!

Brimful with Bliss

A Novel

Monika Feth

Amy's father had always said she was a special child. And Amy thought so, too. After all, only really special people live in castles.

Suri's mother reckons there are worse things in life than living in a castle. But Suri and her brothers, Bear and Erik, disagree.

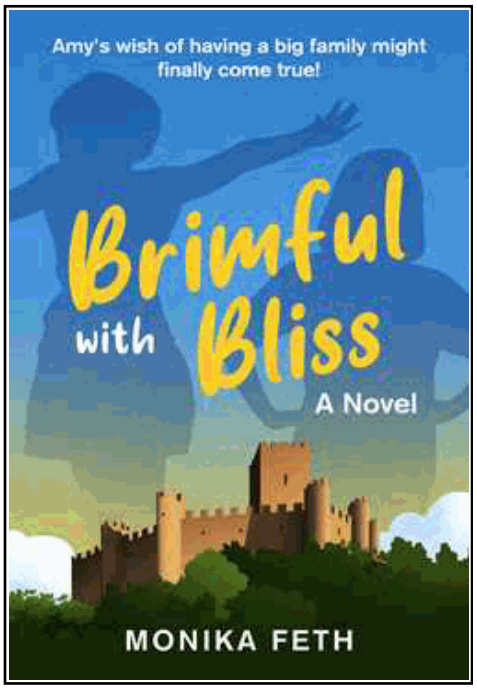

The castle is located in the dull flatlands, which will take some adjusting. It's also managed by their mother's boyfriend, who'll be living there with them.

The fact that he has a daughter doesn't make things any easier, because Amy's pretty special.

Amy can barely contain her excitement at the prospect of being part of a blended family. She's thrilled to have siblings.

But bringing two families with two different backgrounds together can be difficult, and as tension grows within the stone walls of their new home, it's starting to look like Amy's wish of having a big family might not come true.

Bestselling author Monika Feth's story is told from the alternating perspectives of Amy, a girl with Down syndrome, and her stepsister-to-be, Suri.

AUTHOR BIO

Monika Feth was born in 1951. After completing her literary studies, she was initially employed as a journalist. She now lives near Cologne, where she writes award-winning books for all age groups. The sensational success of *The Strawberry Picker* thriller made her famous far beyond the realm of young-adult literature. Her books have been translated into more than 24 languages.

STEM Starters for Kids Insects Activity Book

Activites about Bugs and Entomology

Sam Hutchinson; Illustrated by Ste Johnson

Make learning about Science, Technology, Engineering, and Math (STEM) fun in this colorful insect-filled activity book!

Science, Technology, Engineering, and Math (STEM) are subjects crucial to children's education. In these illustrated pages, your child will be immersed in the world of STEM through biology and the science of life! Filled with activities such as mazes, spot the difference, drawing, puzzles, pattern identifying, quizzes, and more, this book will introduce your child to the fascinating science of entomology.

Entomology is the study of insects! While boys and girls think they're just playing games and looking at fun infographics, actually they'll be learning all about their favorite bugs! That includes what insects look like, how they behave, and where they live. Future entomologists will love the mix of non-fiction and activities as they discover how ants build their homes, the different types of wings that exist and, most importantly, what an insect is . . . and what isn't! Start a lifelong passion for entomology!

With this new book in the STEM Starters for Kids series of educational workbooks, your child will not only be entertained for hours, but also be familiarized with STEM subjects that important to his or her education and maybe even in a future career. The books in this series aim to pique the interest of children in these areas of study, stress the importance of these subjects, and help encourage children who are interested to continue within these fields as they grow and learn. Introduce your child to STEM subjects today through *STEM Starters for Kids: Entomology Activity Book*!

Creating a Safe Space in Sports

Preventing Abuse and Taking Care of Our Bodies—and Our Teammates

Dagmar Geisler; Illustrated by Nikolai Renger

From award-winning author Dagmar Geisler, in collaboration with illustrator Nikolai Renger, a brand-new series for elementary school students about social-emotional learning and physical and mental health.

Nora loves gymnastics, but she's not so sure how she feels about her new coach, Sven. There's something strange about him. She doesn't like when he tries to help her.

She wants to talk to her teammates or someone else about it, but she's afraid no one will like her anymore if she does.

Physical and sexual abuse of children largely takes place in their immediate environments—sports clubs and gyms included.

This book sensitively provides a child-friendly explanation of what abuse may look like in this environment, as well as instructions for children to help them respond to this behavior if it happens to them.

In addition to exploring sexual abuse and violence so that children may recognize the signs if it happens to them or even another teammate, this book also tackles other hard-hitting and difficult topics when it comes to kids in sports, including:

·Pushing their bodies beyond their limits
·Playing through injuries instead of taking much-needed breaks
·Committing to sports and teams to impress parents and coaches when their heart isn't in it anymore

As professional athlete Alexandra Ndolo writes in the afterword, "This book encourages children to pay attention to their feelings and to verbalize them, even in the context of sports. It sensitizes parents and caregivers to pay attention to the warning signs and to take statements seriously and to intervene if they suspect something."

Creating a Safe Space in Sports is a strong conversation-starter for adults and children and is also a practical guide.

AUTHOR BIO

Dagmar Geisler is a German author and illustrator. She studied graphic design at the University of Applied Sciences in Wiesbaden and worked for several publishing houses and broadcasting companies. Today, Dagmar focuses mainly on children's books, both as an illustrator and an author. She illustrated *My Body Belongs to Me from My Head to My Toes,* which received the Silver Feather (Silberne Feder) Children's Book Prize from the German Medical Women's Association, and is the illustrator of *My Feelings and Me*. She lives with her family in Munich, Germany.

The World Almanac 2,501 Incredible Facts for Kids on World Cup Soccer

Emily J. Dolbear

From the #1 *New York Times* bestselling World Almanac, a book packed with awesome facts about World Cup soccer—everything you've ever wanted to know about "the beautiful game."

Kids want to know *everything* about their favorite athletes, and with this engaging, colorful collection of facts, figures, and photos, they will get a big step closer. From game-changing greats to tips on how to rule the pitch, *The World Almanac 2,501 Incredible Facts for Kids on World Cup Soccer* finds ways to delight and intrigue readers. The perfect gift for any mega soccer fan gearing up for the next World Cup tournaments or players who want to know more about the sport, this thorough and brightly designed book presents thousands of fascinating and surprising “footie facts” about the following World Cup topics:

·Past, present, and future stars of the men's and women's games
·Soccer nations of the world
·The road to the World Cup
·The history and origins of soccer
·Soccer pros' tips and tricks
·Rules, technology, gaming, and innovation
·Memorable matches and teams
·And much more!

The World Almanac 2,501 Incredible Facts for Kids on World Cup Soccer will surprise and delight soccer lovers of all ages with every single page.

AUTHOR BIO

Emily J. Dolbear is the author of dozens of kids’ nonfiction books and the editor of hundreds more. Reviewers have called her writing "cheeky and humorous,” with content that is “painstakingly researched.” Searching for answers to life’s questions, big or small, drives her—just look at her work in *The World Almanac Book of Why: Explanations for Absolutely Everything*. When World Cup soccer rolls around, Emily and her family gather on a couch to watch the U.S. men’s and women’s teams, cheering as though they can change the outcome. She lives in Brookline, Massachusetts.

Craft with Cardboard

A Kid's Guide to Constructing a Miniature City

Tiffanie Pichon

Put yourself in the shoes of a real architect and create your very own city out of cardboard!

In this guided collection, young crafters and artists will find step-by-step instructions and full-color photographs that will aid them in creating a whole city (people and vehicles included!) out of cardboard.

Author and artist Tiffanie Pichon opens with encouraging words that will inspire crafters to pay closer attention to their surroundings as they move through their city or town. The architecture—from roof to window—the sidewalks, parks, and even the jobs people are doing while they walk or drive through a city may inspire their creations as they construct their very own city out of recycled materials, like cardboard.

The projects featured throughout this fully illustrated book will come together to create a neighborhood, but may also inspire future projects such as DIY rural towns and farms. Types of creations include houses and stores, towers and skyscrapers, factories, people and animals, vehicles, mountains, trees, benches, and more—all requiring the most basic supplies (tape or glue, scissors, paints or markers, rulers, colored paper, egg cartons, etc.) and whatever recycled or natural materials the crafter wants to use!

AUTHOR BIO

Tiffanie Pichon is a visual artist, graphic designer, and fabrication manager. She composes worlds by playing with different modes of storytelling. From carpentry to illustration, she develops a diverse and colorful universe nourished by her questions about ecology, geology, anthropology, mythical, and scientific stories.

How Can I Be Safe Online?

Learning How to Behave and Protect Myself On the Internet

Dagmar Geisler; Illustrated by Nikolai Renger

From award-winning author Dagmar Geisler, in collaboration with illustrator Nikolai Renger, a brand-new series for elementary school students about social-emotional learning and physical and mental health.

The internet can be a scary place, for children and adults alike. How can you be sure that who you're talking to isn't a troll, and that they're telling you the truth? How can you be sure that the photos and information you share with family and friends will remain private?

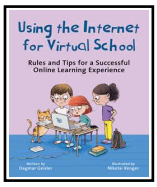

Luckily, the Net-Experts, Madison and Luke, are making a list for you about how to behave on the internet in a way that will help keep you and your information out of the wrong hands, will help you avoid bullies and trolls, and help you know how to respond in difficult and uncomfortable situations that may arise.

How Can I Be Safe Online? is a strong conversation-starter for adults and children and is also a practical guide.

I am Healing

A Child's Guide to Resilience

Gayle Gurchiek; Illustrated by Gayle Gurchiek

A Story of Strength, Hope, and the Light Within

In this beautifully illustrated and heartfelt book, Gayle Gurchiek shares an uplifting message of resilience, courage, and healing for young children facing illness and adversity.

Through lyrical storytelling and vibrant animal metaphors, *I Am Healing* gently guides children on a journey of self-discovery and empowerment. With each turn of the page, readers are reminded of their inner strength, the power of love, and the endless possibilities that lie ahead—even in the face of life's greatest challenges.

From quiet moments of self-affirmation to the triumphant realization of healing, this book offers children a sense of control, peace, and hope. Inspired by the author's personal journey as a stage-4 cancer patient, *I Am Healing* is an inspiring gift for young readers navigating illness, offering them the comfort, courage, and belief in brighter days ahead.

A must-have for families, hospitals, and anyone looking to share a message of hope and love with a child in need.

I am Healing is a celebration of the strength within us all and a reminder that with love, faith, and belief in a better tomorrow, healing is always possible.

AUTHOR BIO

Gayle Gurchiek is an international model, TV host, successful businesswoman, and artist. Gayle has graced covers of magazines around the world such as *Harper's Bazaar, Cosmopolitan, Vogue* and *Shape* as well as being the first face and spokesmodel of Davidoff Cool Water Woman. She made the successful transition from model to actor and host, appearing on Entertainment Television and Fox Network.

Good Living Guide to Healing Soups

Nourishing Soups, Stews, and Broths

Susan Crowther

Powerfully healing soup recipes that are as delicious as they are nutritious!

Soups are packed with superfood vegetables, beans, grains, meats, fish, herbs, and spices, all of which support the immune system, nourish the body, and replenish depleted nutrients. In this book, authors Susan Crowther and Julie Fallone offer delicious recipes tailored to boost specific bodily systems including the immune system, nervous system, circulatory system, digestive system, respiratory system, endocrine system, and integumentary system. Flip to the section you need most to find comforting soups, stews, and broths to nourish your body and soul.

Recipes include:

·Thai Red Curry Noodle for the immune system
·Hunter's Stew for the nervous system
·Chicken and Mushroom Soup with Buckwheat Dumplings for the circulatory system
·Fennel and Leek Soup with Thyme for the respiratory system
·Parsnip and Kale Soup for the endocrine system
·And many more!

You'll also find healthy sides, such as Einkorn Pumpkin Bread, Sprouted Cornbread Muffins, and Easy Yogurt Flatbread. Enjoy your journey to better health, one spoonful at a time!

AUTHOR BIO

Susan Crowther graduated from the Culinary Institute of America and eventually ran her own catering business—Susie's Menu. Susie's passions encompass cooking, writing, and health. She has worn several hats: cook, chef, caterer, nutritionist, massage therapist, health educator, college professor, and mom. She sells her fermented goodies under the name FerMont in and around her hometown of Brattleboro, Vermont.

Julie Fallone has made food her career and passion from an early age. She has run a restaurant kitchen and a catering company and written a newspaper food column. Today she devotes her time to food photography, recipe testing, and jewelry making from her Baltimore apartment.

Blackbarn

From Our Kitchen to Yours

John Doherty

Celebrate the best in modern American cuisine in the heart of New York featuring fresh, seasonal ingredients with warm, heartfelt stories and sophisticated recipes straight from the kitchens of one of the country's premiere farm-to-table restaurants.

Nothing brings America together like a home-cooked meal. Whether it's the weekend, a holiday, or an everyday gathering, Blackbarn's meaningful relationships with sustainable farmers, artisans, and ranchers results in a memorable dining experience where no one leaves hungry. As chef and owner, John Doherty continues to perfect his extraordinary dishes, and you'll find Chefs Brian Fowler, Israel Reyes, Marcos Castros, Kerry Hagerty and others joining in the kitchen as everyone contributes their specialties to a feast worthy of all the accolades Blackbarn has received over the years.

Drawing on fresh, local ingredients, and an ever-evolving roster of seasonal favorites, the *Blackbarn* cookbook offers more than 75 farm-to-table recipes that provide maximum flavor with relatively minimal effort. Choose from Brunch offerings like Corn Flake Crusted French Toast and the restaurant's legendary Blackbarn Burger. Keep your guests happy with Event cocktails and hors d'oeuvres including a round of Hibiscus Spritzes and Mushroom Toasts. Channel your inner farmer with Spring favorites like Roasted Heirloom Carrots with English Pea Hummus or a perfectly braised Cheshire Pork Shank with Charred Tomatillo Relish. Entertain your loved ones with perfect Summer dishes such as Butter Poached Maine Lobster and Roasted Peaches in White Bordeaux, rounded out with memorable desserts like Pavlova with Summer Fruit and Summer Berry Zabaglione with Lemon Lady Fingers. Treat everyone to the nostalgic flavors of Autumn with Butternut Squash Ravioli and Crisp-Skinned Striped Bass with Corn Risotto, Chanterelle Mushrooms, and Crisp Pancetta, and end it all with a selection of Winter must-haves, especially a perfectly seared Venison Chop and Black Winter Truffle Gnocchi.

Whether you're looking to improve your culinary skills or just bring everyone to the table, the*Blackbarn* cookbook is sure to make your year farm-to-table meals a winner all year long!

AUTHOR BIO

John Doherty is the owner and executive chef of Blackbarn Restaurant in NoMad and Hudson Valley, New York. He operates the celebrated restaurant with his business partner and childhood friend Tom Struzzieri. Previously, John oversaw the kitchen of the iconic Waldorf-Astoria for more than twenty-five years while becoming the hotel's youngest executive chef. John is a graduate of the Culinary Institute of America and founder of Heavenly HARVST, a foundation to help end world hunger by providing nutritious, shelf-stable meals to those in need. He resides in New York with his family.

Praise for *Blackbarn:*

"What I find most impressive about John's extraordinary career is his mastery of cooking fundamentals, passionate embrace of seasonality, and the innovative twists he brings to each dish—all evident in the BLACKBARN cookbook, which is destined to be a future classic."**—Tim Ryan, president, Culinary Institute of America**

"If experience counts, John Doherty is in the front rank. His peers consider him 'a chef's chef,' and his elegant new book shows his deep understanding of food and his impressive proficiency." **—John Mariani, The Virtual Gourmet**

"The love of good food is what brings family and friends together. Eating seasonally, sourcing locally, and embracing the freshest ingredients is also something we believe in. That's what you'll find in the BLACKBARN cookbook." **—Steve Painter, executive chef and co-owner, The Log Cabin Restaurant**

"BLACKBARN is more than a restaurant. It is a celebration of farm-to-table dining, warm hospitality, and the art of bringing people together. Chef John Doherty's culinary style blends rustic charm with contemporary sophistication. These recipes truly invite you to experience the magic of one of New York City's most beloved dining destinations—right from your kitchen." **—Chef Chris O'Brien, executive chef and owner, Hyeholde Restaurant**

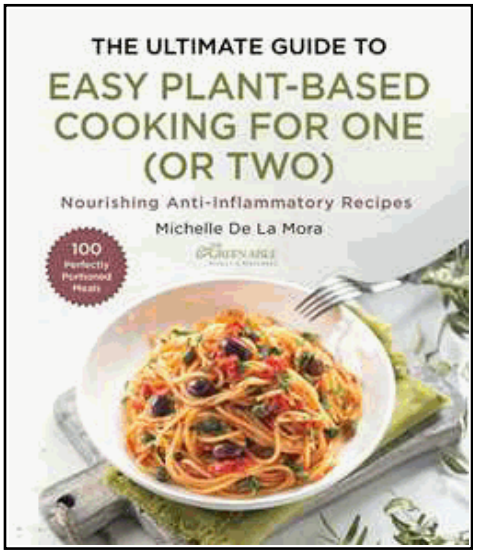

"A terrific book! It captures the spirit and fun of seasonal eating and is packed with the recipes that made John and BLACKBARN famous." **—Neal Wavra, executive chef and owner, Field & Main Restaurant**

Got Stress? Fuhgeddaboudit!

A New York City Coloring Book

Illustrated by Tim Foley

More than 30 New York City Scenes to Color

City life stressing you out? Has the rat race finally caught up to you? (We mean that literally and figuratively—so much for the rat czar!) Relax, you're not alone in this struggle. New York City is consistently ranked as one of the most stressful places in the world year after year.

So, take a deep breath, and tune out that scantily clad man on the subway screaming in your ear about aliens abducting him. Surely, there's a reason why you came to this chaotic city in the first place.

With this new coloring book inspired life in New York City, readers can color in thirty scenes that will help them relax and remember why they love the Big Apple. Yes, included within are the obligatory tourist traps that some New Yorkers loathe, like Times Square, or those places they're jaded to, such as the State of Liberty or The Empire State Building, but this book also includes everyday scenes of what makes New York life so great, including:

- **Bagels!**
- **The Brooklyn Flea**
- **Central Park**
- **Chinatown**
- **Citifield**
- **Coney Island**
- **The Flatiron Building**
- **Flushing Meadows Unisphere**
- **Grand Central Terminal**
- **Hot Dog Vendors**
- **The Metropolitan Museum of Art (The Met)**
- **New York Pizza!**
- **The New York Public Library**
- **Rockefeller Center**
- **St. Patrick's Cathedral**
- **Trinity Church**
- **Washington Square**
- **The Williamsburg Bridge**
- **Yankee Stadium**
- **And more!**

Farmhouse Christmas

Make Your Home a Cozy Haven of Rustic Holiday Charm

Kristine Stark

Longing for a simple and cozy Christmas? Find inspiration through this intimate look inside Kristine Stark's charming farmhouse.

For more than twelve years, Kristine Stark of FarmhouseGreen has shared her passion for antiques, vintage treasures, and the charm of farmhouse living. In *Farmhouse Christmas*, Kristine takes readers on a holiday journey, showcasing her Christmas collections and offering inspiration for creating warm, inviting spaces during the season.

This beautifully curated coffee table book is perfect for anyone wanting to infuse their home with holiday spirit. With a mix of family heirlooms, handmade stockings, and unique vintage finds, Kristine's collections will inspire you to craft a cozy Christmas atmosphere in your own home. As you flip through the pages, you'll discover simple yet elegant ways to decorate, transforming any space into a peaceful retreat where family can come together and celebrate.

From the soft glow of vintage ornaments to the timeless beauty of carefully chosen decor, *Farmhouse Christmas* offers endless ideas to make your home feel like a warm embrace during the busy holiday season. Kristine's thoughtful design tips and heartfelt stories will inspire you to bring extra charm to your holiday celebrations and create a space that reflects the joy and peace of Christmas.

Perfect for anyone who loves farmhouse style and vintage-inspired decor, *Farmhouse Christmas* will help you make your holiday season feel special and full of heart.

AUTHOR BIO

Kristine Sark is the creator of FarmhouseGreen, where she shares the beauty of everyday life in the country. An entrepreneur and photographer, Kristine has a deep passion for antiques and vintage treasures, particularly those with a Midwest country charm. Inspired by farms and the changing seasons, she seamlessly blends her love for the old and the natural into her creative endeavors.

Exploring the Urantia Revelation

Bridging Science and Spirit with the Truth of Reality

JJ Johnson

Bring science and religion together through *The Urantia Book*'s spiritual truths.

For fans of Graham Hancock, Joe Rogan's thought-provoking guests, and anyone trying to bridge the gap between science and religion, this groundbreaking exploration reveals how *The Urantia Book* anticipated major scientific discoveries decades before they occurred—offering compelling evidence of its extraordinary cosmic origins.

JJ Johnson, ambassador for cosmic citizenship and 50-year student of the Urantia revelation, delivers the definitive guide to understanding how this remarkable text:

·**Anticipates Science:** Documents how *The Urantia Book* described the Precambrian supercontinent, Adam and Eve's genetic timeline, and cosmic structures before scientists confirmed these discoveries

·**Illuminates History**: Reveals hidden truths about Göbekli Tepe, ancient civilizations, and humanity's spiritual development that archaeology is only now beginning to uncover

·**Transforms Lives**: Shows how *The Urantia Book*'s integration of scientific precision with spiritual insight creates a coherent framework that satisfies both intellect and soul

·**Completes Jesus' Story:** Presents the most comprehensive account of Jesus' complete life—including his childhood, adolescence, and "missing years"—revealing the man behind the mission

Drawing on his personal spiritual awakening and global experiences as a U.S. Foreign Service Specialist, Johnson provides a compelling case for the COSAR Principle—the Coordination of Science and Religion—demonstrating how *The Urantia Book*'s remarkable foresight proves its validity as a divine revelation.

Whether you're transitioning from traditional religion to a more cosmic understanding, feeling spiritually adrift in a materialistic world, or seeking a framework that honors both scientific discovery and spiritual truth, *Exploring the Urantia Revelation* gives you everything needed to grasp reality's deeper dimensions.

Stopping Pain

A Simple, Revolutionary Way to Beat Chronic Pain

Johnathan Edwards, MD

Be free of chronic pain and live a better life.

Stopping Pain introduces those who suffer from chronic pain to an overlooked but safe and effective alternative to expensive and addictive pain medications. Percutaneous hydrotomy, a revolutionary medical technique developed over 30 years ago in France and used safely in Europe since, is a regenerative treatment that employs physiologic saline, vitamins, minerals, and carefully selected medications to alleviate chronic pain and enhance overall bodily function.

Stopping Pain explains this revolutionary approach and how you can use it successfully. You will learn:

·The principles and methods that make percutaneous hydrotomy an effective solution for chronic pain.

·Why percutaneous hydrotomy offers a new ray of hope for patients grappling with chronic diseases, providing them with the potential for a pain-free and fulfilling life.

·Many compelling narratives of individuals who, despite years of conventional medication, found relief and regained their zest for life through percutaneous hydrotomy.

·How amateur and professional athletes, including NFL players, MMA athletes, motocross racers, cyclists, and professional tennis players have overcame pain and enhanced performance through percutaneous hydrotomy.

·The best ways to discuss this regenerative approach with your doctors, and where to find doctors to give you this groundbreaking treatment.

Stopping Pain is your guide to breaking free from the shackles of chronic pain and embracing a future filled with vitality and well-being. Don't let pain dictate your life any longer. Discover the transformative power of percutaneous hydrotomy.

Speak to Achieve

How to Build Connection, Deepen Trust, Captivate Audiences, and Achieve Results

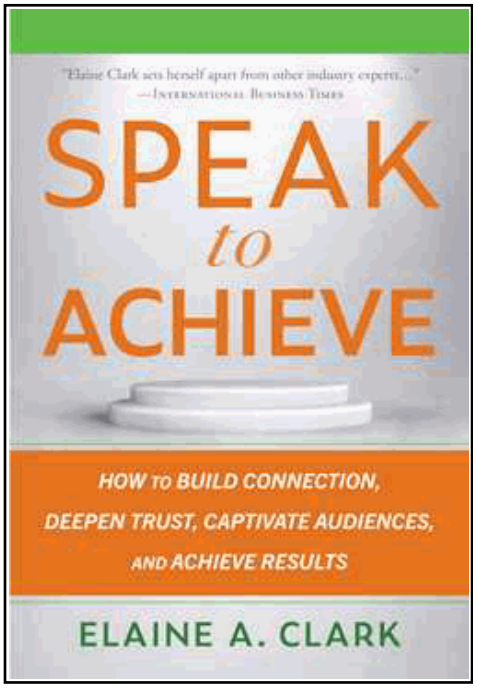

Elaine A. Clark

Learn Necessary Skills to Become a Better Communicator and Achieve Genuine and Impactful Connections

Many people struggle with public speaking or conveying their desired message directly and genuinely, even though such skills are essential to success in many spaces. In *Speak to Achieve*, author Elaine A. Clark shares her forty years of earned wisdom as an actor and voice-over coach on how to improve your communication style to achieve your individual goals, whether addressing an audience of one or one thousand, in person, in a podcast, on a livestream, or in a short-form video. Clark's proven Making It M.I.N.E.® performance method coaches aspiring speakers to get out of their heads; access their emotions; connect with their personal truth; incorporate authoritative body movements; comfortably share their history, uniqueness, and personality; and sustain listener attention. With *Speak to Achieve*, become a better communicator using the following steps:

·Acknowledge and overcome roadblocks.
·Build trust between yourself and your audience.
·Construct a genuine bridge of connection.
·Use your personal journey to empower others.
·Captivate audiences.
·Motivate the audience to think, feel, and take action!

This interactive guide gives readers small assignments to acknowledge, test, and apply Clark's techniques. With *Speak to Achieve*, learn to own your inherent authority and intelligence, feel empowered by your message, and communicate genuinely with others to achieve your desired results.

Praise for *Speak to Achieve* and Elaine A. Clark:

"Elaine A. Clark, a renowned speech communication coach, author, podcaster, and app creator, sets herself apart from other industry experts by offering a multifaceted approach to elevating individuals' performances across various platforms."***—International Business Times***

This compelling guide blends voice, body, and emotion to help individuals truly connect, representing the culmination of over four decades spent coaching, performing, and innovating in the art of communication. ... [*Speak to Achieve*] offers a holistic and actionable framework for improving human connection, whether on stage, in the boardroom, or at the dinner table."***—Life&Style***

"[Speak to Achieve] explores how effective communication extends beyond just voice, incorporating body language, movement, and storytelling to create deeper audience connections ... Clark introduces physical exercises that help speakers refine their delivery, harness their emotions, and tap into their personal histories. These techniques empower readers to communicate with greater authenticity and impact in any setting.]" ***—Success Magazine***

"*Speak to Achieve* delves into three critical aspects of effective communication. It encompasses the art of connecting with various audiences, understanding how to apply communication strategies, and incorporating the elements of logic, authority, and emotion into one's speech. The structure exemplifies Clark's balanced application of the rhetorical triangle of ethos, logos, and pathos and her Making It. M.I.N.E.® method."**—OK! News**

"Elaine emphasizes the significance of emotion, storytelling, content organization, and performance techniques to captivate audiences and guarantee engagement. Her methodology focuses on creating an engaging narrative, structured content, compelling audio format, and an immersive auditory experience."***—USA Today***

"Elaine A. Clark, a woman of many hats with over 40 years of experience in acting, audio engineering, casting, directing, on-camera work, and voice-overs, offers a multifaceted approach to enhancing individual performances. Her extensive background has earned her helpful insights into emotional intelligence's role in effective communication."***—L.A. Weekly***

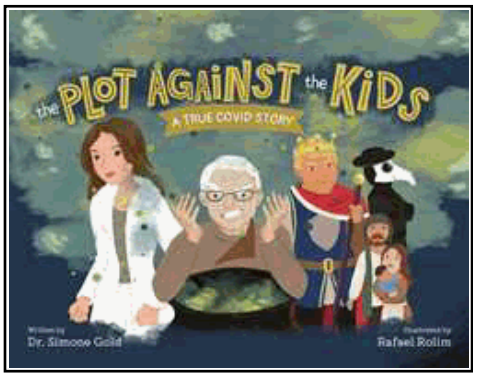

"Clark emphasizes the importance of body language and spatial awareness. These can influence the perception of confidence and authority in an interview setting. She highlights simple yet effective techniques to "own" a space during an interview."**—Investing.com**

The Plot Against the Kids

A True Covid Story

Simone Gold

In 2020, Dr. Simone Gold was a frontline emergency physician treating patients in the hospital, just as she had done for twenty years. She spent her days performing life-saving procedures, counseling patients, and treating complex illnesses. But then, amidst rumors of a new and terrifying virus spreading across the world, things began to change. Suddenly, doctors were not allowed to treat patients the way they always had. Long-held medical wisdom was thrown out the window, and there were strange new rules that everyone was expected to follow. The government ordered citizens to mask their faces, hide in their homes, and fear their neighbors. Children were pulled out of school and forbidden from playing with their friends. But why?

The Plot Against Kids tells the real story of the Covid-19 pandemic in a charming, accessible way, and helps young ones understand the tyranny that gripped our world in the absence of scientific curiosity, critical thinking, and common sense. This remarkable story inspires kids to trust their own intuition, reject fear-based decision-making, and embrace a bright and hopeful future. Because after all, parents are meant for loving, children are meant for playing, and faces are meant for seeing!

AUTHOR BIO

Dr. Simone Gold, MD, JD, is an emergency physician and attorney, and the visionary who led the pivotal press conference that broke the spell of the coronavirus panic in 2020. Creating the most viral moment in media history, she became the founder of America's Frontline Doctors (AFLDS), and she now leads the nationwide movement to “Drain the Science Swamp.” In 2023, she launched GoldCare.com, a private membership association hiring only physicians and advisors who honor the doctor-patient relationship. Dr. Gold is America’s expert voice of common sense and scientific clarity in the information war against Medical Marxism. She exposes the fraud of the medical industrial complex, and she continues to stand as a frontline advocate for civil liberties. She is the author of *Selective Persecution: The Legalization of American Fascism* and *I Do Not Consent: My Fight Against Medical Cancel Culture*.

$32.99/$44.99 Can.

Praise for *Plot Against the Kids:*

"As a physician and a naturopath—and above all, as parents of three incredible boys—we believe our children deserve truth told with love, courage, and clarity. *The Plot Against Kids* offers families a way to talk honestly about the fear and confusion of recent years while pointing children toward freedom, critical thinking, and hope. Dr. Simone Gold has created a resource we're proud to read with our own children—and we hope other families will too."**—Dr. Joseph Ladapo, MD, PhD and Brianna Ladapo, ND, DAIS, parents and authors**

"This clever, well-illustrated allegory is a great way for parents to engage conversationally with their children about the frightening events of the recent crisis. Dr. Simone Gold speaks to children in a way that is both honest and uplifting—reminding them that they were made to live boldly, think clearly, and never be ruled by fear. For parents raising strong, resilient, freedom-minded children, this book is a must-read!"—**Sam & Kevin Sorbo, founders of Sorbo Studios**

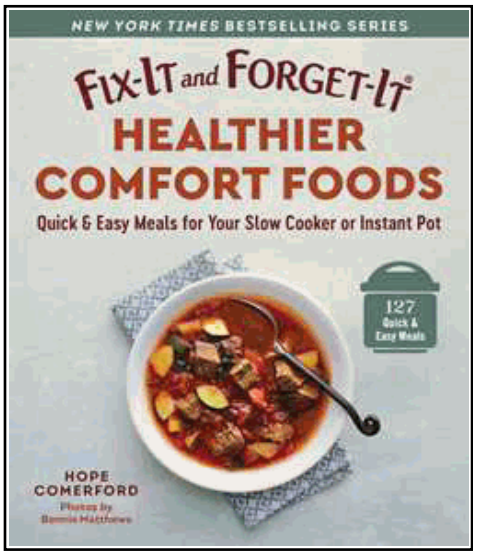

"At Moms for America, we believe that mothers are the first and most important teachers of freedom. *The Plot Against Kids* is a powerful tool for parents who want to raise children with courage, clarity, and a love for truth. Dr. Simone Gold has given families a beautiful way to talk about the hard lessons of the past few years—while inspiring hope for a brighter future."—**Kimberly Fletcher, founder and president of Moms for America**

"*The Plot Against Kids* is an essential resource for parents who want to empower their children with critical thinking skills and the courage to question fear-driven narratives. Dr. Simone Gold offers a timely and powerful message aimed at restoring truth, freedom, and common sense for the next generation. This book is exactly what parents need to push back against the culture of fear that has shaped so much of our children's world since 2020."—**Tina Descovich, co-founder and executive director of Moms for Liberty**

Cigars

A Biography

Aaron Sigmond, Ian Spanier, and Liliana Guia; foreword by Tom Chamberlin

A strikingly photographed and designed homage to fine hand-rolled cigars

Embark on an extraordinary journey through time and blue smoke with this lavishly illustrated coffee table book. Aaron Sigmond, a renowned and internationally recognized cigar chronicler and connoisseur, invites you to explore the rich 600-year history of one of the world's most enduring luxury indulgences. This stunning volume is more than just a reference book—it's a travelogue, an anthology, a photographic monograph, and a historical narrative rolled into one.

Featuring exclusive photography by Ian Spanier—shot on location in Cuba, the Dominican Republic, Nicaragua, Honduras and Mexico, as well as across the United States and Europe—*Cigars* offers an intimate look at the art, craft, and culture of handcrafted cigars. From the tobacco fields of the Caribbean to the exclusive lounges of the world's most discerning cigar enthusiasts, Sigmond weaves a tale that is as complex and satisfying as the perfect blend. Discover the stories behind legendary brands, the secrets of master blenders, and the rituals that have made cigar smoking an art form.

Whether you're a seasoned connoisseur or a curious novice, this comprehensive survey promises to ignite your passion for cigars. It's an homage to tradition, a celebration of craftsmanship, and a glimpse into the future of this timeless pleasure. *Cigars* is not just a book—it's an experience, inviting you to sit back, light up, and savor every page.

AUTHOR BIO

Aaron "Sig" Sigmond is a New York City–based author of more than twenty nonfiction books, five on the subject of cigars. He is the founding editor of *SMOKE* magazine and *The Cigar Report*, as well as the former contributing cigar editor for *Playboy* magazine.

Ian Spanier is a Los Angeles–based award-winning photographer and lecturer. He began taking photographs at 6 years old with his first point-and-shoot camera and never stopped. Spanier was the photographer of *Playboy: The Book of Cigars, Arturo Fuente: Since 1912* and *Arturo Fuente: From Dream to Dynasty*—making *Cigars: A Biography* his fourth collaboration with Sigmond.

William Greenberg Desserts Bakes Vegan

Plant-Based Recipes from an Iconic New York Bakery

Carol Becker

Classic recipes from a beloved New York Bakery, now made vegan!

William Greenberg Desserts has been a New York City staple for more than seventy years. Now those following a plant-based diet can partake in their fabulous treats, including soft and gooey Cinnamon Rolls, a fabulous Apricot Cheesecake, classic Thumbprint Cookies, and more. Home bakers will be delighted to find recipes for a variety of cookies, bars, cakes, tarts, breads, halva, and even some savory snacks, all made without dairy or eggs. Recipes include:

- ·Iced Oatmeal Cookies
- ·Apricot Walnut Biscotti
- ·Blondies
- ·Peanut Butter Brownies
- ·Linzer Tarts
- ·Chocolate Pound Cake
- ·Sour Cream Blueberry Coffee Cake
- ·Streusel Raspberry Tart
- ·Fruit & Nut Bread
- ·Olive Breadsticks
- ·Cherry Halva
- ·Skillet Cornbread
- ·And many more!

This cookbook will carry on the tradition Mr. Greenberg started decades ago while making the delightful baked goods available to those following vegan, dairy-free, and Parve diets. Author Carol Becker writes, “It was essential to me that if these recipes were to have the Greenberg name on them, they had to be every bit as delicious as their full-dairy counterparts.” Try them out for yourself!

AUTHOR BIO

Carol Becker is the owner of William Greenberg Desserts, a famed New York City institution. Since taking over fifteen years ago, Becker has ushered the beloved Madison Avenue destination into a new era while respecting its heritage and deepening community ties through philanthropy. Becker started baking for fun while working as a marketing executive at a spirits importer, wowing friends with fresh loaves of challah. She attended the Institute of Culinary Education in 2001 and previously ran her own baking business, Bread & Batter. Becker has fond memories of William Greenberg Desserts from her childhood growing up in the city—she knows it is not just a bakery, but also an integral part of the community. Carol Becker resides in New York City.

Let's Be Critical Thinkers

Critically Thinking About Masks, Lockdowns, Social Distancing & Vaccines

Shannon, Dr. Kroner

Let's Be Critical Thinkers is a captivating book designed to equip young minds with essential critical thinking skills to help them navigate today's world. Darlene Data is an aspiring investigative journalist who embarks on a journey to uncover the truth about pandemic policies like those mandating masks, lockdowns, social distancing, and vaccines. Through her adventures, young readers will learn to question propaganda, embrace diverse perspectives, understand the value of scientific research, and recognize the importance of informed consent.

Join Darlene on her investigative journey and gain the tools to think critically and ask bold questions—because the truth matters!

Spark your imagination with fun activities at the end of the book! Grab your crayons and markers and let your creativity soar!

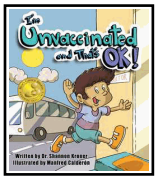

AUTHOR BIO

Dr. Shannon Kroner has a passion for writing children's books that emphasize truth and freedom. She has a doctorate in clinical psychology, a master's in special education, and a bachelor's in English literature. Dr. Kroner has dedicated much of her career to assisting children with disabilities in a therapeutic capacity. She has also taught high school biology and college humanities courses.

As a committed homeschool mom, the executive director of FOR-US, and the author of the award-winning, bestselling children's book, *I'm Unvaccinated and That's OK!*, Dr. Kroner continues to inspire and educate people of all ages.

Praise for *Let's be Critical Thinkers:*

"Dr. Shannon Kroner works a masterful case for critical thinking using discipline, analysis, and evidence while identifying and avoiding bias and prejudice. She uses illustrations and text depicting practical pandemic examples that children invariably faced. Dr. Kroner is an artful educationalist who has given us a crafted breakthrough for every child to use in preparation for the next big global crisis." **—Peter A. Mccullough, MD, MPH, author of *Courage to Face COVID-19***

"Dr. Shannon Kroner's *Let's Be Critical Thinkers* is an essential tool for today's children, equipping them with the critical thinking skills and awareness to discern propaganda in an increasingly complex world. The story depiction of mandated vaccinations for military and first responders without informed consent struck me deeply, reflecting the real injustice they and many others endured, underscoring why we must prepare the next generation to challenge such overreach with clarity and resolve." **—Michael T. Flynn, Lt. General, US Army (retired)**

"My sweet friend, Dr. Shannon Kroner, has poured her heart into *Let's Be Critical Thinkers*. It's a joyful way to give kids the critical thinking skills they need to rise above the noise and shine their own light. This book is a blessing, guiding little spirits to question with love and find truth in a world that needs it now more than ever—it is a treasure for young hearts and minds." **—Marla Maples, co-founder of the Global Wellness Forum and the Marla Maples Foundation, public speaker, actress, and model**

"Now if only Dr. Fauci had first read Dr. Shannon Kroner's book, *Let's Be Critical Thinkers*, we may not be in this mess." **—Roseanne Barr, comedian, actress, and talk show host**

"I wish we lived in a world where kids don't have to be equipped to battle propaganda posing as science, but Covid taught us how badly we need the lessons in this book. In fact, far too many adults still need to come to terms with their failure to be critical thinkers. We have work to do, and this brave book plans to get it done." **—Steve Deace, *The Blaze***

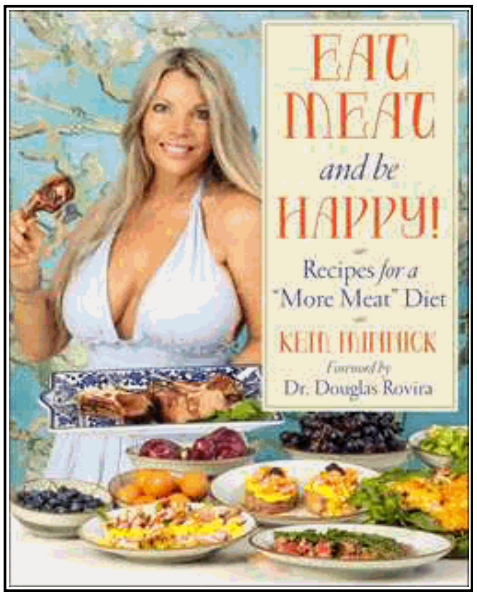

"In an era of information overload, the ability to discern fact from fiction is more critical than ever. Dr. Shannon Kroner's *Let's Be Critical Thinkers* is a vital guide, particularly for young minds navigating complex issues. Through the engaging narrative of Darlene Data, Dr. Kroner skillfully introduces the core principles of critical thinking, empowering readers to question, investigate, and form their own opinions…This book champions that approach, encouraging readers to analyze information, identify propaganda, and consider multiple perspectives before drawing conclusions…*Let's Be Critical Thinkers* is an essential read for parents and educators seeking to cultivate informed, discerning, and empowered citizens." **—Pierre Kory, MD, MPH, chief medical o icer, Rebuild Medicine and co-founder Leading Edge Clinic**

Eat Meat and Be Happy!

Recipes for a More Meat Diet

Kem Minnick; Foreword by Dr. Douglas Rovira

From the "Swedish Bikini Chef" comes *Eat Meat and Be Happy!* In her first book, Kem Minnick book shares the numerous positives of a meat-friendly diet. One thing we are all looking for is happiness, and the neurotransmitter serotonin is the key to that. Contrary to popular opinion and clever marketing ploys, there are no drugs, pills, or magic beans that produce serotonin. Only food does, and the foods that make serotonin are animal proteins. That's it. Boom done, full stop. Humans need to eat meat in order to be happy. Eliminating animal proteins causes serotonin deficiency, which only hurts us. From covering the pitfalls of a vegan diet and the best way to fully incorporate meat into your daily life, Minnick gives numerous examples on this beneficial protein. But don't think that this means you shouldn't eat veggies. On the contrary! There are numerous benefits to vegetables, and in her book she shares how melding the two will not only make you happier, but healthier as well!

With beautiful photographs, the Swedish Bikini Chef shares many delicious recipes for you to incorporate into your daily life. These include:

·Bacon Wrapped Asparagus
·Southwestern Chili Cheese Grits
·Honey Lemon Ginger Soy Chicken Thighs
·Raspberry Balsamic Lamb Chops
·And many more!

Eat Meat and Be Happy! not only gives such delectable recipes, but also breaks down a steady game plan for your dietary plan, including breakfast, lunch, and dinner options. And while no food diet is the ultimate cure, a full exercise guide and other ways to improve your lifestyle are offered by someone who has successfully lived by such means.

For those looking to improve your mood and diet, this is the book for you . . . so be prepared to cure your hunger and unhappiness now!

AUTHOR BIO

Kem Minnick is the most widely viewed pro-meat advocate in the world. Her persona, "The Swedish Bikini Chef," has a global following, and will be launching her own television show in 2024.

I Am Finally, Finally French

My Accidental Life in Brittany

Mark Greenside

A hilarious and heartfelt memoir of embracing life in rural France.

At 47, Mark Greenside, a glass-is-half-empty native New Yorker living in California, unwillingly went to Brittany, and to his great amazement and surprise fell in love with the place and its people. Then, because love makes you crazy and do crazy things, he borrowed money from his mom and bought a 120□year□old farmhouse in Plobien, a village of 500 people. Thus began Mark's bumbling, hilarious journey adapting to life in rural France. From navigating unwritten rules about touching tomatoes at the market to hosting dinners for discerning friends, every mishap and cultural and linguistic misunderstanding—of which there were many—became a lesson in resilience, perseverance, compliance, and humility.

Now, three decades later, Mark reflects on the unforeseen joys and challenges of growing older in the place he calls home every summer. With his trademark wit and self□awareness, he reveals how his life in Plobien—and his friends' and neighbors' enduring patience and kindness—have shaped him into something he never thought he'd become: truly, deeply, finally French.

Both a love letter to Brittany and a meditation on life's unpredictability, *I Am Finally,* Finally *French* is an invitation to laugh, learn, and savor the beauty of embracing change—no matter how daunting it seems.

AUTHOR BIO

Mark Greenside has been a civil rights activist, Vietnam War protestor, anti□draft counselor, VISTA Volunteer, union leader, and college professor. His stories have appeared in the *Sun*, the *Literary Review*, *Cimarron Review*, the *Nebraska Review*, *Beloit Fiction Journal,* the *New Laurel Review*, *Crosscurrents, Five Fingers Review*, and the *Long Story*, as well as other journals and magazines, and he is the author of a short story collection, *I Saw a Man Hit His Wife;* a novella, *The Night at the end of the Tunnel, or Isaiah Can You See?;* and two previous memoirs about life in France, *I'll Never Be French (no matter what I do)*, and *(not quite) Mastering the Art of French Living*. He resides in Alameda, CA, and Brittany, France.

Praise for *I am Finally, Finally French:*

"An intimate portrait of an American expat who grapples with his mortality in a country that measures time by centuries, not minutes. Living in Brittany for 30 years – even if it's only part time – has fundamentally changed Greenside, just as it's done for all of us who are fortunate to call France home. After reading *I'm Finally,* Finally *French*, you may find yourself tempted to make an offer on the home that's up for sale next door to Greenside's cozy abode." **—Craig Carlson, author of *Pancakes in Paris* and *Let them Eat Pancakes***

"Greenside offers a humorously thoughtful, in-depth, and in-his-shoes-style experience of life in a tiny village in Brittany. You will love getting to know the textured local characters and complicated situations as well as witnessing Greenside's most poignant and memorable moments. This is a personal look at life in La France Profonde that only such a skilled wordsmith could craft." **— Adrian Leeds, French property consultant, author and publisher of Adrian Leeds Nouvellettres®, and #1 French agent on HGTV's House Hunters International**

"Mark Greenside shares his decades-long journey in France with tremendous warmth, love and, especially, humor. Time slows down in a very French way as his friendships and foibles unfurl in ways that provide meaningful life lessons to us all." **—Linda Witt, Vice President of the Fédération des Alliances Françaises USA**

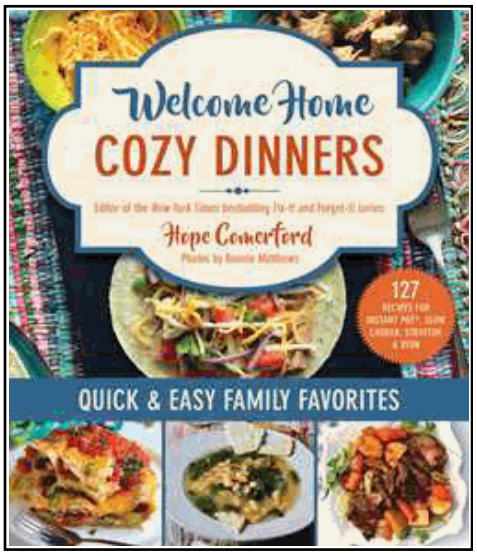

"Mark Greenside has done the impossible. He buys a house in the French countryside, in Brittany, and makes a life there without knowing a word of French. His trials and tribulations learning the many subtleties of the cherished French life are a prize to read, full of humor, drama, and subtle Aha! moments. For all the Americans who ever dreamt of moving to France, this book is for you." **—Leonard Pitt, author of *Walks Through Lost Paris***

The CopperSpoon Chronicles Cookbook

A Tavern-Inspired Adventure with Good Food and Cozy Vibes

Emily Teuscher

The first cookbook from the TikTok's very own The CopperSpoon Inn & Tavern (@thecopperspoon_)!

The CopperSpoon Chronicles Cookbook is exactly what you'd expect from its creator and innkeeper, Emily Teuscher: an adventure complete with 80 hearty, cozy, delicious recipes.

Woven between the recipes and full-color photos, this cookbook follows the story of a girl named Cob CopperSpoon. The CopperSpoons are a long line of Halflings that have one thing in common: they love cooking. Every time a CopperSpoon child comes of age, they are sent on a journey to fill up their cookbook with stories of food and people from across the land. Cob is no different, and it's her turn to head off.

Follow along as Cob takes her first steps out of her tiny village and faces some of the biggest challenges in her life. From finding new friends, to tavern-hopping, slaying beasts and finding out what it means to truly help others, Cob does it all—and you can follow along on her adventure, cooking your way through her story.

Recipes that Cob discovers and records include:

·Gnomebalaya
·Stuffed Dragon Scale
·Phoenix Feathers
·100 Copper Chocolate Cake
·Blackberry Honey Crumble
·Gold Coin Pancakes
·And so much more!

With good food and cozy vibes, and a whimsically spun tale, fans of tabletop games like *Dungeons and Dragons* and books and films like *Lord of the Rings* will appreciate this debut cookbook from Teuscher.

AUTHOR BIO

Emily Teuscher grew up in beautiful Central Oregon with her two sisters. Though many of her younger years were spent riding her bike around the neighborhood and running through the trees, as Emily grew up, she drifted away from the sunny outdoors developed a preference for indoor activities like art and cooking. In 2019, she moved away from home to a small college town in eastern Washington where she met her future fiancé. Together, they started a small art business that they marketed on TikTok, and one day, Emily posted a video of soup that changed her life. From that one viral video, The CopperSpoon was born, and Emily now spends her days putting a smile on as many faces as she can.

Can I Say That?

Why Free Speech Matters and How to Use it Fearlessly

Dr. Chloe Carmichael

Speak freely—it's good for you!

If you're like 84% of Americans, you think self-censorship and cancel culture are serious issues. You may feel like you're not free to speak your mind, or you worry that you'll be alienated for expressing your opinions. This can lead to self-censorship and feeling like people don't know the authentic, real you.

In *Can I Say That?*, Dr. Chloe Carmichael, *USA Today* bestselling author of *Nervous Energy*, explains why and how to escape this cycle of anxiety and avoidance and start embracing our diversity of viewpoints. She unpacks the science behind open dialogue and why it's essential to the cognitive and emotional processes that create wellness. Dr. Chloe also offers simple, conversational techniques to help you express yourself freely, listen resiliently, and navigate socially or emotionally charged conversations authentically with quiet confidence.

We *can* talk to each other again and not tiptoe around tough topics. We *can* reconnect with family, friends and neighbors to enjoy respectful, meaningful conversations. We *can* disagree safely and productively—our mental health, social relationships, and even our democracy depend upon it.

Learn how to regain your freedom of speech and expression in *Can I Say That?*

AUTHOR BIO

Dr. Chloe Carmichael is a clinical psychologist and *USA Today* bestselling author. She graduated with honors from Columbia University and holds a doctorate from Long Island University. Her private practice focuses on driven, intelligent people striving towards personal or professional goals. She is a consultant to the global law firm Baker McKenzie, and sits on the advisory board of *Women's Health Magazine*. Previously, she was a yoga instructor and adjunct professor of psychology. She has been published in various academic journals, and has been featured in or on media from all sides of the aisle, including Fox, CNN, *USA Today*, *New York Post*, PragerU, Tim Pool, *Huffington Post*, Newsweek, VH1, Inside Edition, ABC Nightline, Axios, and more.

Total Load Theory

Transforming Lives in Autism, ADHD, LD, and Mental Health

Patricia S. Lemer

About one in six children and many adults are diagnosed with neurodevelopmental disorders. What causes autism, attention, learning disabilities, and anxiety?

Patricia Lemer answers that question with a new paradigm: “Total Load Theory.” This etiology fingers not a single cause, but rather a complex combination of biological, environmental, immunological, neurological, psychological, and toxicological load factors.

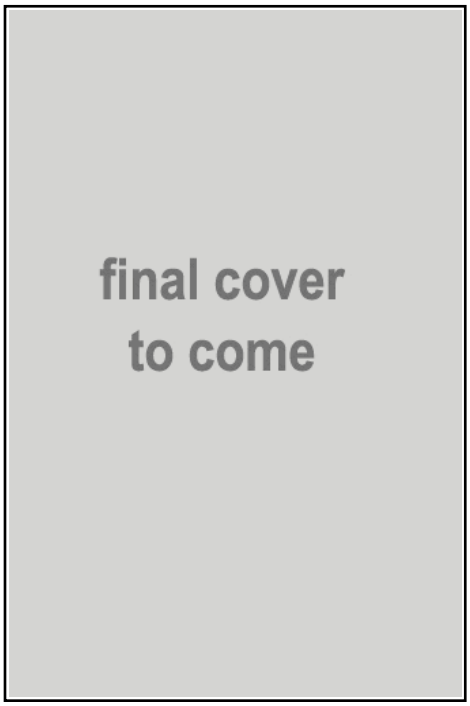

Lemer provides an in-depth description of underlying stressors and how they accumulate, causing sensory, motor, language, social-emotional, and other symptoms, leading to a diagnosis. By applying this roadmap, families and practitioners can learn how to maximize function in their loved ones and patients.

Reversing poor lifestyle choices around diet, sleep, exercise, along with returning traumatized nervous systems to feeling safe are all crucial. Next steps include enhancing digestion, and immune and endocrine function. Lemer addresses the role of the sensory processing, with an emphasis on vision. She also looks at improving problematic dental structure and function.

The book moves into enhancing language and social-emotional areas at all ages. How these higher-level areas depend on neurological, biological, and sensory integrity are described in detail. The exciting new use of letterboards for communication can be life-changing.

Several chapters on future planning include options for education, supervised living, employment, and finances. The book ends with a chapter for prospective parents on reducing load factors from preconception.

The future is calling. We must act now, and this book is the perfect guide.

AUTHOR BIO

Patricia S. Lemer is a pioneer and an internationally recognized authority on applying a holistic model of care to autism, ADHD, learning and mental health conditions. For over fifty years she has demonstrated an unwavering commitment to identifying and ameliorating root causes rather than treat symptoms.

Ms. Lemer was the first to apply the “Total Load Theory” to neurodevelopmental disorders. This engineering concept postulates that each unique individual, like a bridge, accumulates an overload of stressors that eventually causes dysfunction.

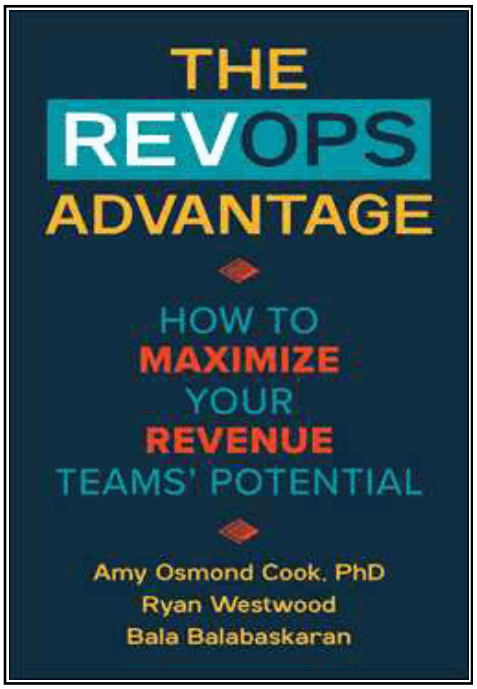

Ms. Lemer co-founded one of the first organizations offering information online. She helped establish the first center for young adults with disabilities in Kuwait. She is the author of four books, including the award-winning *Outsmarting Autism (*2019) and the moderator of the podcast “The Autism Detective.” Patricia’s ability to weave complex concepts with practical solutions for empowering individuals of all ages has earned her the admiration of families and professionals alike.

The RevOps Advantage

How to Maximize Your Revenue Teams' Potential

Amy Osmond Cook PhD, Ryan Westwood, Bala Balabaskaran

Make revenue your organizational priority

Books claiming to be the definitive guide to revenue operations are ignoring a key issue: companies aren't really organized around revenue growth.

In *The RevOps Advantage: How to Maximize Your Revenue Teams' Potential*, Amy Osmond Cook, PhD, Ryan Westwood, and Bala Balabaskaran—three of technology's most accomplished go-to-market executives—share their groundbreaking approach to architecting teams with revenue growth at the core. Drawing from decades of leadership experience at top companies like Salesforce and Microsoft, as well as their own entrepreneurial successes, the authors explain how to organizationally prioritize revenue, make it a center of excellence in an organization, and execute for exponential growth.

Based on extensive primary research, interviews with RevOps leaders at world-class organizations like Atlassian, LinkedIn, and Sprout Social, and proven frameworks from their past successes, *The RevOps Advantage* provides:

·A Clear Blueprint for RevOps Success: Learn how to break down silos and build a unified revenue engine that delivers sustainable growth.

·Actionable Insights and Strategies: Master the art of aligning people, processes, and technology for maximum efficiency and impact.

·A Strategic Advantage: Understand how a well-architected RevOps function transforms your organization into a hypergrowth powerhouse—even in uncertain economic climates.

With practical advice on everything from big-picture revenue planning to maintaining data hygiene and creating a feedback loop for continuous improvement, this book equips executives, founders, and RevOps professionals with the tools they need to lead their teams to unprecedented success.

For revenue leaders and C-suite readers, *The RevOps Advantage* is a map to scalable growth through better strategy, org design, people strategy, and technology adoption. For Go-to-Market professionals, it's a data-driven playbook for better results and realizing ambition. It's a must-read guide for anyone looking to create a scalable revenue engine and achieve hypergrowth.

Defiant

Inside the Mar-a-Lago Raid and the Left's Ongoing Lawfare

Christina Bobb, foreword by Donald J. Trump

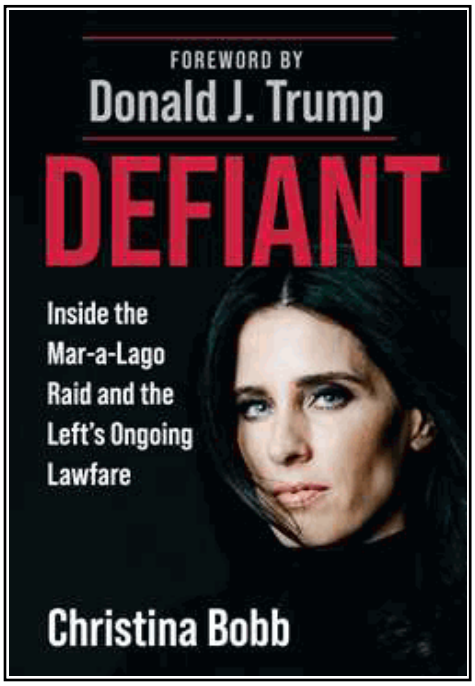

A gripping first-hand exposé of the coordinated legal and political attacks against Donald Trump and his allies, revealing the deep-state efforts to undermine democracy.

The 2024 election was a miracle comeback--Donald Trump, against all odds, reclaimed the White House after facing an unprecedented barrage of legal attacks and government harassment. But as Christina Bobb reveals in *Defiant*, the battle for America's future was far from over.

Bobb's shocking, personal account takes readers behind the scenes of the infamous Mar-a-Lago raid, exposing unprecedented abuses of power: FBI agents breaking locks while offered keys, denying Trump's representatives access, and seizing privileged documents under a shroud of secrecy. She documents the relentless campaign of indictments, subpoenas, and media manipulation designed to destroy Trump and silence his supporters.

But the lawfare didn't end at the ballot box. As Trump's new administration moved to restore the rule of law, blue-state officials, federal agencies, and activist judges openly defied his orders--launching lawsuits, blocking pardons, and vowing to undermine his agenda at every turn. Bobb uncovers the coordinated efforts to weaponize the justice system, from the disbarment of constitutional lawyers to the criminalization of alternate electors.

Defiant is a bombshell exposé of the lengths the Left will go to maintain power--and a call to action for Americans who refuse to let their country be lost to tyranny. With exclusive details and unflinching courage, Christina Bobb sounds the alarm. The final test for America is here. Will we restore justice, or will we lose our republic forever?

AUTHOR BIO

Christina Bobb is an attorney in Washington, DC with an emphasis in national security law. She worked as an investigative reporter, former television show host, and correspondent with One America News Network, where she reported almost exclusively on election integrity. Christina began her legal career in the United States Marine Corps, serving as a defense counsel representing marines and sailors in court-martial and administrative separation hearings. She served in multiple overseas tours including Helmand Province, Afghanistan, and Stuttgart, Germany. After her military service, Ms. Bobb transitioned to private practice at Higgs, Fletcher, & Mack LLP in San Diego, and then to Washington, DC, where she held executive level positions within the Department of Homeland

Security. After the 2020 election, Christina joined President Donald J. Trump's legal team to focus on election integrity for the 2024 election. During the 2024 election cycle, she joined the Republican National Committee's Election Integrity section as Senior Counsel to ensure a Trump victory. Prior to the 2024 election, Christina authored *Stealing Your Vote: The Inside Story of the 2020 Election and What it Means for 2024.* She now works as an attorney for Judicial Watch, where her practice focuses on exposing government corruption.

Stealing Your Vote
9781510776692
$29.99/$39.99 Can.

Praise for *Defiant:*

"Christina is an incredible fighter, and an incredible person. She had a front-row seat to the horrible raid on Mar-a-Lago ... and so much more. She went toe-to-toe with the terrible people who are abusing their power to punish their political enemies. But she never gave up – because she believes, like I do, that we can restore America's greatness and return the power of government back to the American people. Her story is one every American needs toread."**—from the foreword by President Donald J. Trump**

"Christina's book expertly exposes the compromises that have eroded the integrity of our rule of law. It lays out how our justice system has contorted itself to serve those in power while taking aim at Americans and our freedoms. Christina is a fighter. She sacrificed a comfortable life to not only warn us of the dangers ahead but also show us how to face them head-on. Every American needs to read this book and help stop the collapse of the justice system before it reaches the point of no return." **—Kari Lake, Senior Advisor for the U.S. Agency for Global Media**

"UNBELIEVABLE STORY... the behind-the-scenes story of the onslaught of law-fare from a weaponized justice department against Donald Trump and his supporters will make your blood boil. But the beast the deep state awakened will haunt them....After reading this book, Christina Bobb is the LAST person I would ever want to be on the other end of in her pursuit for justice against all of them." **—Carl Higbie, author, activist, and host of *Carl Higbie Frontline***

"No one knows the details of the lawfare surrounding Donald Trump and his supporters better than Christina Bobb. She is the only one who could give such a detailed account of the raid on Mar-a-Lago, the Jack Smith investigations, and the accusations surrounding J6 and the 2020 election. *Defiant* is your one-stop shop if you want to understand the tangled web Democrats tried to weave to stop Donald Trump. She's a great patriot!" **—Rudy Giuliani**

The Science of the Paranormal

The Truth Behind Telepathy, ESP, Reincarnation, and More Mysterious Phenomena

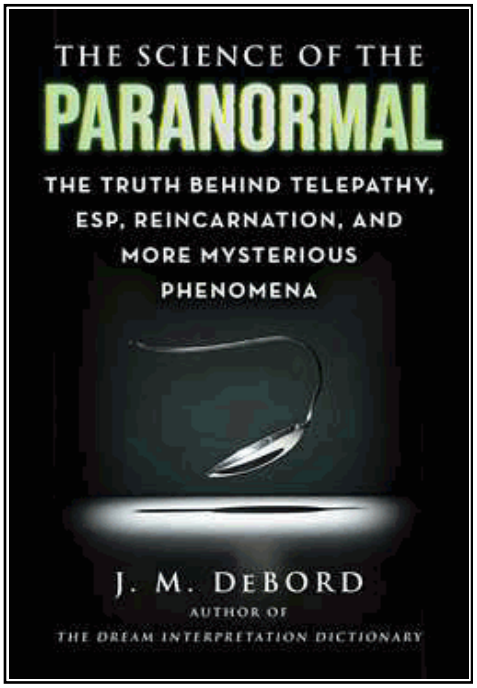

J. M. DeBord

Discover the truth behind ESP, paranormal powers, and psychic abilities—the perfect gift for curious minds and bold scientists alike.

Some paranormal phenomena and powers of the mind are real, but mainstream science dismisses it all as fantasy. *The Science of the Paranormal* looks toward the overwhelming evidence that something weird and wild lies behind our everyday reality. Credible witnesses have seen paranormal activity with their own eyes. Scientists have studied it in their labs. And everyday we see depictions of it in popular media like *Stranger Things* and *X-Men*. Separate fact from fiction in this book and get answers to questions like:

·Can objects be moved with psychokinesis?
·Is the future foreseeable?
·Can we communicate telepathically?
·What does science say about ESP?
·Where is the evidence for reincarnation and spirits?
·And much more!

Explore the fascinating discoveries behind the paranormal with *The Science of the Paranormal*.

AUTHOR BIO

J. M. DeBord is the author of *The Dream Interpretation Dictionary*, and now he puts his knowledge and skill to work in exploring the paranormal. It's a natural fit because dreaming is closely associated with paranormal phenomena and psychic abilities. DeBord's expertise makes him a popular guest on media programs. You may have caught one of his appearances on *Coast to Coast AM* with George Noory, or seen him quoted in the *Boston Globe*, *The Guardian*, or *New York* magazine. He is a member of the International Association for the Study of Dreams, the world's premiere academic organization on that subject.

Little Book of Environment and Restorative Justice

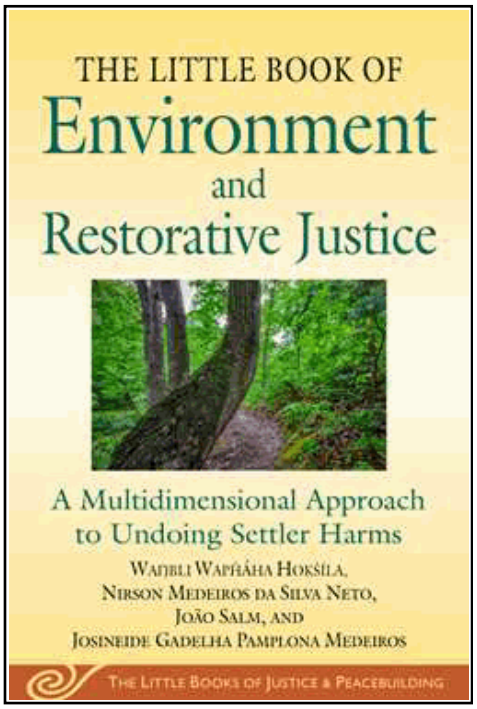

A Multidimensional Approach to Undoing Settler Harms

Wanbli Wapháha Hokšíla

A restorative approach to environmental justice.

This little book discusses paths to address environmental conflicts based on a restorative justice perspective of imagining, practicing, and living justice. It proposes an approach that understands the relationship between humankind and environment beyond the narrow conception of homo economicus, considering the human beings in their social, political, economic, historic, spiritual, cognitive, emotional, aesthetic, and ecological dimensions, as well as in their connection with nature and non-human entities.

When applied to environmental problematics, restorative justice needs to widen its perspective beyond an anthropocentric worldview, transcending the interpretation that human beings are the exclusively subjects of dignity, rights, needs, and speech capability. It is necessary to dilate horizons towards non-human entities and the natural spaces we inhabit and with whom we are deeply connected. This dilation should stimulate justice experiences that integrate building peace, sustainability, and good living, beyond ideas such as unlimited economic growth and even sustainable development. To this end, a restorative conception of justice implies an expanded understanding of justice that faces structural, cultural, institutional, and historical violence, as well as deals with intergenerational responsibility that integrate the present generations to those of the past in order to build the desired future for the generations to come.

Making the Cut

How to Heal Modern Medicine

Aaron Kheriaty

There is a cure for medicine's ills, but it's going to hurt. Effective treatment, as every doctor knows, begins with accurate diagnosis. *Making the Cut* is about what's going on in the house of medicine.

Medicine got sick. One in three people now distrust the healthcare system. Following the pandemic, two-thirds of Americans doubt medical scientists will act in the best interest of the public. We are grappling with an epidemic of chronic illness—heart disease, cancer, diabetes, Alzheimer's, stroke, and chronic lung and kidney disease—affecting six in ten Americans, which medicine seems powerless to fix. The overall life expectancy of Americans has declined for the first time since the Great Depression.

Not only are trust levels tanking, the number of doctors is dropping dramatically. Physicians are quitting in droves. One in five doctors will leave medicine in the next two years. One in three will reduce their hours. A doctor, we assume, wounds in order to heal. "You're going to feel a sharp pain!" she says, before making the cut. Today, though, all too often the doctor wounds without healing. Why?

In *Making the Cut*, Dr. Aaron Kheriaty, one of the country's leading public intellectuals and preeminent bioethicists, reveals what medicine gave him—and what it sometimes took from him. This book is about how he grew from an overconfident pre-med to an ambivalent medical student to a capable physician who had fallen in love with medicine—even if his lover has turned into a prostitute of late. While presenting a damning diagnosis of contemporary medicine, *Making the Cut* also applies the wounding scalpel in order to heal it.

AUTHOR BIO

Aaron Kheriaty, MD, is a physician specializing in psychiatry and author of several books, including *The New Abnormal: The Rise of the Biomedical Security State* (Regnery, 2022). He is a Scholar and Director of the Program in Bioethics and American Democracy at the Ethics and Public Policy Center. Dr. Kheriaty received his undergraduate from the University of Notre Dame, earned his MD degree from Georgetown University, and completed residency training in psychiatry at the University of California Irvine. For sixteen years he was Professor of Psychiatry at UCI School of Medicine and Director of the Medical Ethics Program at UCI Health, where he chaired the ethics committee. While at UCI he was awarded the Excellence in Teaching Award three times by medical students. He also chaired

Aeronautical Chart User's Guide (2025)

Federal Aviation Administration

THE ESSENTIAL FULL-COLOR USER'S GUIDE FOR READING AERONAUTICAL CHARTS

The updated 2025 full-color edition of the *Aeronautical Chart User's Guide* by the FAA is a great reference for novice pilots and professionals alike. With dozens of illustrations and detailed examples, this book provides everything students and pilots need to know about all the symbols and information provided on US aeronautical charts and chart navigation publications. Readers will find information on the following essential topics:

- ·Visual Flight Rules (VFR) charts, terms, and symbols
- ·Sectional and Terminal Charts
- ·Flyway Planning Charts
- ·Helicopter Route Charts
- ·Explanation of Instrument Flight Rules (IFR) Enroute Terms and Symbols
- ·Terminal Procedure Publications (TPPs)
- ·Explanation of TPP Terms and Symbols

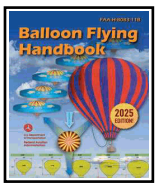

A great study aid for current pilots who are preparing for additional certifications and for potential pilots who are interested in applying for their first license, this easy-to-use reference also includes a list of definitions for common abbreviations. Students and pilots alike will reach for it again and again.

AUTHOR BIO

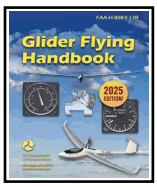

The **Federal Aviation Administration** (FAA), established in 1958, strives to "provide the safest, most efficient aerospace system in the world." FAA publications include the *Aeronautical Information Manual*; *Airplane Flying Handbook*; *Aircraft Inspection and Repair*; *Aviation Instructor's Handbook*; *Glider Flying Handbook*; *Helicopter Flying Handbook*; *Instrument Flying Handbook*; *Instrument Procedures Handbook*; *Pilot's Handbook of Aeronautical Knowledge*; *Seaplane, Skiplane, and Float/Ski Equipped Helicopter Operations Handbook*;and *Powered Parachute Flying Handbook*. The FAA's headquarters are located in Washington, DC.

Abstaining with the Saints

No and Low Alcoholic Beverages for Sober Souls

Michael P. Foley

Mocktails for every feast day!

Finally, a pious bartender's guide that won't give you a hangover. Mike Foley is the author who brought you *Drinking with the Saints* and *Dinning with the Saints*. Now, in *Abstaining with the Saints*, he offers roughly **200 delicious mocktail recipes** as well as alcohol-free beer, wine, and liquor suggestions for the feast days of the Church year. Like its predecessors, it is written to encourage merriment, fellowship, and gratitude to God for the blessings of friends, family, and the fruits of the earth, except now, you can invite the kids to your evening happy hour—if you want, that is (grin). Learn fascinating facts about the saints as you explore the delicious world of alcohol-free mixed drinks.

·Celebrate **Saint Antony the Abbot** with **The Desert Au Pair**—toast this great monk of the desert with a delightful mix of pear juice, lemon juice, and sparkling water.

·Raise a glass to **Sebastian of Aparicio** with a **Roy Rogers**—what better way to celebrate the world's first cowboy?

·Remember **Saint Basil the Great** with a **Peach Basil Cooler**—this refreshing mixture of GABA Gold, peach puree, lime juice, and elderflower tonic is muddled with—you guessed it—fresh basil leaves.

·Honor **Saint Elizabeth of Portugal** with a **Cherry Lime Gin Rickey**—if you don't know about this virtuous saint's lime-burning incident, flip to July 8 to read all about it.

You'll also find a practical program for going "soberish," that is, rebooting one's appetites to regain control of one's life and one's relationship to the Drink without necessarily going dry for life. For as with so many of God's creatures, alcohol may be a great handmaid, but she is a cruel mistress.

Whether you are breaking up with alcohol or just taking a break, this is the book for you and the entire family.

AUTHOR BIO

Dr. Michael P. Foley is a Professor of Patristics in the Great Texts Program at Baylor University, a Catholic theologian, a mixologist, and the author or editor of over a dozen books and around 500 articles on topics including sacred liturgy, St. Augustine of Hippo, and contemporary film and culture.

Praise for *Making the Cut:*

"When the courage and integrity of many in the medical community were put to the test, Dr. Aaron Kheriaty passed with flying colors. That so many others failed, reveals that there are broad and deep deficiencies in the culture of medical practice and medical education. In a great many crucial respects, medicine today is in need of healing. In *Making the Cut*, Dr. Kheriaty provides not only diagnosis but also prescription. It is essential reading for anyone interested in how to heal modern medicine." **—Robert P. George, McCormick Professor of Jurisprudence at Princeton University and former member of the President's Council on Bioethics**

"How is the practice of medicine going to recover from the disaster of 2020 and following? To answer that question comes Dr. Aaron Kheriaty, one of the great heroes of the pandemic period. He reflects on his own early training and growing ambivalence toward professional orthodoxies. His doubts boiled over with the pandemic response that misdiagnosed the disease and cure at multiple levels. Trust has taken a huge hit. The profession must adapt. Dr. Kheriaty's book is a fantastic guide to the healing both we and the practice of medicine desperately need." **—Jeffrey Tucker, Founding President of the Brownstone Institute**

"This highly readable book is, in part, an account of how and why Aaron Kheriaty survived the rigors of medical school—how he made the cut and became a physician, and why he is grateful for what he regards as the enormous privilege of that calling. But it is also an account of how and why the profession of medicine needs to make the cut—needs, that is, to cut through its enslavement to the managerial and highly centralized approaches that have come to dominate the physician's art. Readers who are drawn in by the first of these, by the personal stories, will in the end find themselves invited to ponder how our approach to medical caregiving might be altered for the better. In the process they may become wiser patients." **—Gilbert Meilaender, Senior Research Professor at Valparaiso University**

"In the tradition of such medical chronicles as Intern and House of God, Dr. Kheriaty records his progression from medical student to a full-fledged attending physician by reflecting on the patients he cared for, and who taught him in turn. This outsider, not-quite-orthodox medical student evolves into a questioning physician—and questions abound. Both affectionate critique and pointed criticism from a self-professed reluctant romantic in love with flawed patients and his flawed profession, he looks at his profession as he would a patient and determines that it is sick indeed. This book is his prescription for a cure." **—G. Kevin Donovan, MD, MA, Clinical Professor Emeritus and Director of the Center for Clinical Bioethics at Georgetown University**

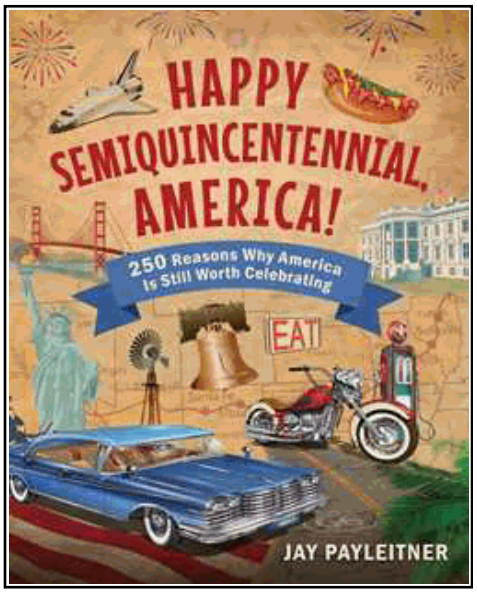

"Aaron Kheriaty has written a modern classic. *Making the Cut* is a captivating memoir cum profound meditation on what ails modern medicine—and how to heal it. Beautifully written, it should be required reading for all doctors and medical students, and really for anyone who cares about the health of our nation and our nation's health." **—Ryan T. Anderson, PhD, President of the Ethics and Public Policy Center**

Happy Semiquincentennial, America!

250 Reasons Why America Is Still Worth Celebrating

Jay Payleitner

It's America's 250th birthday! Here are 250 reasons to celebrate this land of the free and the brave.

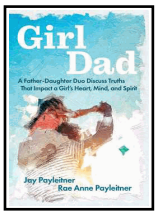

Let's hear a round of thunderous applause for America's semiquincentennial! (Or maybe a reluctant and sarcastic slow clap from you cynics in the crowd.) Sure our beloved nation is far from perfect. From sea to shining sea there are still challenges to meet and opportunities we have overlooked. But hey. Look how far we've come in just 250 years! We've added 37 states and there are currently 130 times as many Americans as there was in 1776. Population growth is good, right? We've hired 47 presidents, admittedly some better than others. And then there is corn on the cob, Route 66, Philly cheesesteaks, Wrigley Field, greasy spoon diners, SPAM. Are you smiling yet?

In these pages you'll find a pinch of nostalgia, a dash of travelogue, a burst of patriotism, and even a challenge for all Americans to cherish this country and . . . maybe do better.

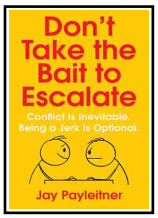

Whether you're a progressive, a conservative, or refuse to be labeled, we invite you to celebrate America's semiquincentennial. Join us for a much-needed healthy dose of optimism, a dash of silliness, and proof positive that America is still the place you want to call home.

AUTHOR BIO

Jay Payleitner has sold more than half million books including the bestselling *52 Things Kids Need from Dad*, *The Jesus Dare,* and *What if God Wrote Your Bucket List?* He has been a guest multiple times on *The Harvest Show*, *100 Huntley Street*, *Moody Radio*, *Building Relationships with Gary Chapman*, *Cornerstone TV*, and *Focus on the Family*. Jay and his high school sweetheart, Rita, live in the Chicago area where they've raised five great kids, loved on ten foster babies, and are cherishing grandparenthood.

Bad Medicine

How COVID Protocols Turned Hospitals into Death Traps

Mikki Willis

It's been four years since the COVID-19 pandemic threw the world into organized chaos. And though the masks are largely gone, the plexiglass has been taken down, and even as we have returned to normalcy in many senses of the word, nobody can deny that *everything* has changed.

Herein lies the heart of the issue, how exactly did the CDC and other supposed experts get *so* many things *so* wrong? Can the fog of uncertainty that surrounds a novel pandemic explain how off-course our leaders found themselves during the early years of the 2020s? Or rather, more nefariously, are they exactly on track with a clandestine agenda that could benefit immensely from the mass confusion of an emergency epidemic worldwide?

We sat down to hear from some of the families who lost loved ones as a direct result of the same protocols heralded by the FDA and CDC. Protocols that the FDA and the CDC have since quietly admitted are not only ineffective, but also, as seen in countless cases, outright unsafe. We interviewed some of the American doctors and nurses who fought back against confusing protocols to find out how they went from being respected practitioners to becoming notorious "medical misinformation spreaders."

As we conduct our pandemic postmortem, we cannot neglect the deaths of the 1,167,210 Americans who lost their lives in isolated ICU beds, fighting a potential biological weapon, and more disturbingly, the toxic treatment protocols designated to hospitals nationwide by the CDC.

AUTHOR BIO

Mikki Willis, is a father and independent investigative filmmaker. After digging for survivors under the rubble of the World Trade Center in 2001, Willis experienced an awakening that reshaped his life and profession. Since then, his productions have been used to correct divisive narratives about historic events, and as key evidence in major international court cases. His production, PLANDEMIC, which was also published as a book, is the most seen and censored documentary series of all time.

A Parent's Guide to Healthy Children

From Preconception to Early Childhood

Children's Health Defense

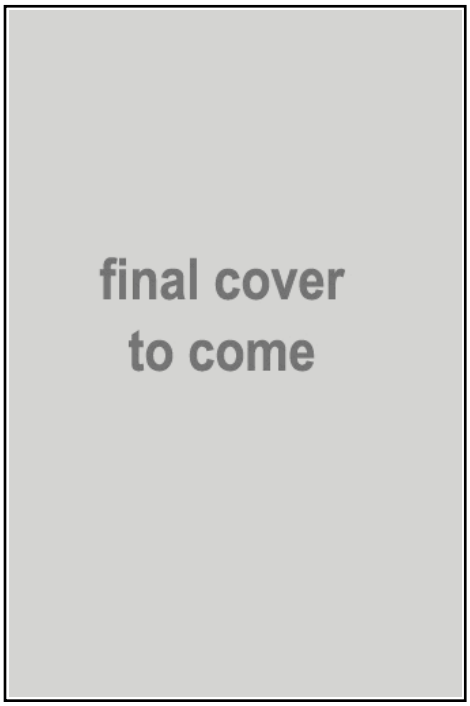

All good parents share a purpose: to protect their precious gift and raise vibrant, healthy, and happy children. Parents are their children's best advocates, and they must be able to make health decisions with confidence. Unfortunately, we live in a toxic world, and our children are getting sicker and sicker. Currently, more than half of them live with chronic conditions that negatively affect their quality of life—a fact strongly linked to a medical paradigm that emphasizes high-tech and pharmaceutical interventions over healthier options. If we are to turn this situation around—and make our children healthy again—parents clearly need a better way.

A Parent's Guide offers that better way, empowering new and expectant parents with gentle, natural and holistic ways to promote their children's physical, mental, and emotional well-being—from preconception through early childhood. Readers will learn how to deal effectively with pregnancy discomfort, make evidence-based birth choices that do not induce trauma, choose health-promoting foods and supplements that provide optimal nutrition for their child's development, and eliminate or minimize hidden toxic exposures. Other topics vitally important for keeping kids' development on track include the importance of infant reflexes, how to promote and maintain the diversity of a child's microbiome, and how to spot "red flags"—early signs of immune or neurological dysfunction.

Perhaps most importantly, this guide will help parents confidently navigate common childhood illnesses. That confidence means they will not be at the mercy of medical practitioners more concerned with "standard of care" than the health of the children in their care.

AUTHOR BIO

Children's Health Defense is an advocacy nonprofit organization started in 2007 by Robert F. Kennedy Jr. The Children's Health Defense Team is devoted to the health of people and our planet. CHD's mission is to end the childhood health epidemics by working aggressively to eliminate harmful exposures, hold those responsible accountable, and establish safeguards so these issues never happen again. CHD leverages the four pillars of science, education, litigation, and advocacy in its quest to restore children's health and protect future generations from harm.

The Essence of Bipolar Disorder

Based on Progress in Neuroscience and Genetics

William J., PhD Walsh

A Groundbreaking Scientific Investigation into the Genetic and Neurological Origins of Bipolar Disorder

After a multiyear study of recent advances in neuroscience and genetics, William J. Walsh, PhD, has resolved many of the core unknowns about bipolar disorder that have puzzled researchers for more than a century. In this groundbreaking book, Dr. Walsh presents a bold new theory of bipolar disorder—offering clarity on a condition that has eluded definitive understanding for decades. Affecting more than seventy million people worldwide, bipolar disorder remains a leading cause of suicide, unemployment, and lost human potential.

The Essence of Bipolar Disorder takes readers inside a fascinating medical investigation. Early findings indicated that bipolar is a late onset epigenetic illness involving progressive DNA damage with advancing age. A novel analysis of sixty-four known bipolar risk genes revealed the likely cause of this unique mental illness: Mutated ion channels that regulate neurotransmission coincident with accelerated DNA damage. These genetic predispositions generally are not sufficient to trigger bipolar disorder during childhood and adolescence, but continuing DNA damage over many years eventually triggers bipolar onset. These findings led to the discovery of a potassium-ion flooding mechanism that can explain the unique oscillation between mania and depression. Further analysis of neurotransmitter systems identified impaired serotonin neurons as the key drivers of mood-state switching.

This innovative theory could transform the future of bipolar disorder research and suggests promising new treatment opportunities. It also opens the door to future DNA and epigenetic screening tools that may identify children at high risk—potentially enabling early, antioxidant-based interventions to prevent illness onset.

Dr. Walsh's findings redefine the medical framework for bipolar disorder—offering new hope to those affected by this complex and often devastating condition.Join the growing movement to redefine bipolar disorder through science. This book is essential reading for researchers, clinicians, and mental health professionals dedicated to advancing psychiatric care.

The Conspiracy Against Lithium

The Suppressed Essential Nutrient and its Benefits for Mental Health

Michael, MD, PhD Nehls

What if the missing piece in our mental health crisis isn't a new drug—but a forgotten nutrient? One whose absence fuels a quiet catastrophe in the minds of millions—eroding emotional resilience, independent thought, and even our capacity for democratic life.

In this bold and eye-opening book, physician and molecular geneticist Dr. Michael Nehls reveals that lithium, long dismissed as a psychiatric drug, is an essential trace element—vital for brain health, emotional stability, and social cohesion. And yet, most people today are chronically deficient in this crucial element.

Nehls presents six independent lines of scientific evidence proving lithium's necessity. He shows how deficiency of lithium contributes to depression, Alzheimer's, aggression, suicide, and societal breakdown—while the element itself remains banned or suppressed as a supplement in much of the world. Instead, children and adults alike are prescribed high-risk medications that mask symptoms but ignore the root cause.

Inside *The Conspiracy Against Lithium* you'll discover:

- Why lithium is crucial for memory, emotional balance, and brain regeneration
- The newly identified Lithiome: over 265 biological processes that rely on lithium
- How microdoses (as little as 1 mg/day) can reduce inflammation, stress, and anxiety—even when conventional treatments fail
- The transport systems that prove lithium's biological necessity
- Who profits from denying its role—and why that matters

The Conspiracy Against Lithium is more than a health book—it's a scientific manifesto. It challenges a system that profits off illness and calls for a treatment aligned with biology, evolution, and human dignity. Most urgently, it asks: Can democracy survive if our capacity for resilience, reason, and resistance is chemically eroded? This book will change how you think—about your mind, your body, and your freedom.

AUTHOR BIO

Michael Nehls, MD, PhD, is a physician and molecular geneticist specializing in immunology. As a basic researcher, he deciphered the genetic causes of dozens of hereditary diseases at German and international research institutions. Three of his discoveries were published in collaboration with two Nobel Prize winners. Another discovery of a key gene in immunity development was honored by the renowned American Association of Immunologists as a "Pillar of Immunology." For his

Redfield's Warning

What I Learned (But Couldn't Tell You) Might Save Your Life

Robert R., Dr. Redfield

They ignored young army virologist Robert Redfield when he warned Americans that the sexually transmitted HIV virus affected heterosexual women and men just as it did gay men. They ignored Redfield when he called for the importance of early diagnosis for HIV infection. They ignored Redfield for a decade when he warned Americans that the country was not prepared for the pandemic that became Covid-19. They ignored CDC Director Redfield during the pandemic when he warned that the government needed to be more transparent with the American public: to admit that the evidence did not support shutting down the country, that certain groups were in greater danger than others, that vaccines offered only limited protection and should not be mandated.

Now Redfield is issuing another warning. And ignoring him this time puts literally millions of people lives at risk.

Robert Redfield has spent his life studying viruses. And he knows what is coming. His new book, *Truth They Didn't Want to Tell Me*, predicts millions of Americans are going to die in the coming pandemic—if we don't start preparing for it now.

This fact-filled, anecdotal memoir brings readers inside Redfield's sub-microscopic world, introducing them to the extraordinary wonders and terrifying dangers of viruses, using the lessons of history to reinforce his dire warning. Speaking out bluntly, the CDC director during the first years of Covid-19 reveals what went right and what mistakes were made throughout the pandemic. Most importantly, he outlines a program of what needs to be done now to prepare for the bird flu pandemic that not only is coming—but may already be here.

AUTHOR BIO

Dr. Robert Redfield is an American virologist and former director of the US Centers for Disease Control and Prevention (CDC).

Your Amazing Brain and How It Works

An Inclusive Guide for Kids (Smart Kids by American Mensa®)

Scott Evans; Illustrated by The Boy Fitz Hammond

A Helpful Scientific Guide for Kids to Help Them Learn and Talk about Their Brains. Includes Important Information on:

- **Anatomy**
- **Inclusivity**
- **Neurodiversity**
- **Mental Health**
- **And Other Important Topics**

Everyone's brain is wired differently. But *all* brains are wonderful!

This comprehensive book is the perfect resource for children—and the adults in their life—as they learn to deal with the diverse ways our brains work. While kids about the science of their brain's development and its role in our anatomy, young readers will also learn about neurodiversity, discrimination, and the importance of mental health to help foster a more inclusive future for everyone.

Including expert advice from Dr. Rachel S.H. Williams, *Your Amazing Brain and How It Works!* shows kids that their brain is what makes them unique and special, and will help them prepare for all the new people they will meet and encourage other children to understand their brains, too.

AUTHOR BIO

Scott Evans, also known as "The Reader Teacher," is a neurodivergent primary school teacher, author, and educational consultant, who has an unwavering dedication to inspiring children to read. Throughout his career, Scott has become a champion for children's literature, believing that reading is the gateway to opening a world of opportunities. His commitment also extends beyond the classroom, as he is passionate about inclusion in all aspects of life, with a strong focus on advocating for greater awareness and appreciation of neurodivergence in both children and adults, especially within the teaching profession.

The Boy Fitz Hammond has worked with various clients including Oxfam, Shelter, BBC, Honda, Microsoft, and the Barclays Premier League. His illustrations have also been used by many editorial, educational, and publishing clients across a diverse range of titles. He was recently shortlisted for the British Book Awards - Children's Non Fiction Book of the Year for his illustrations in on *A Better Day: Your Positive Mental Health Handbook* by Alex George.

AI Ink.

Writing, Publishing, and Misinformation at the Dawn of the AI Age

Jason Van Tatenhove

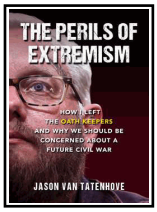

Learn how to use and leverage AI as a writer, editor, literary agent, or publisher.

AI Ink: Writing, Publishing, and Misinformation at the Dawn of the AI Age is a groundbreaking exploration of the profound impact of artificial intelligence on the creative industries. Jason Van Tatenhove, a journalist and expert on political extremism, takes readers on a journey through the rapidly evolving landscape where AI tools are reshaping writing and publishing. From AI-generated content to the ethical dilemmas of misinformation, this book addresses the opportunities and challenges that come with the integration of AI into creative processes.

Van Tatenhove draws on his extensive experience and interviews with leading experts to provide a comprehensive guide that is essential for writers, publishers, and anyone interested in the future of creativity. **AI Ink** not only explores the current state of AI but also offers thoughtful predictions and practical advice for navigating the complexities of this new technological era.

AUTHOR BIO

Jason Van Tatenhove is a journalist, author, and speaker known for his expertise on political extremism and misinformation. He writes regularly as a columnist in Colorado, appears on CNN as a commentator, and has spoken at events for Georgetown Law's ICAP and the National Holocaust Memorial Museum. He is the author of *The Perils of Extremism: How I Left the Oath Keepers and Why We Should be Concerned about a Future Civil War*. His latest book explores AI's impact on writing.

150+ More Best Practices for B2B Marketing Success

Nonfiction

Alexander Kesler

DISCOVER OVER 150 VALUABLE STRATEGIES TO MASTER B2B MARKETING WITH THIS EXTENSIVE HOW-TO GUIDE

150+ More Best Practices for B2B Marketing Success, a follow-up *to 250+ Best Practices for B2B Marketing Success,* is a step-by-step guide to becoming a leading B2B marketing professional. Alexander Kesler, a seasoned marketing practitioner and thought leader, wrote this book as the ultimate resource for every level of B2B professional, from those taking their first steps into the B2B marketing world to the most experienced marketers.

150+ More Best Practices for B2B Marketing Success synthesizes best practices that can take years to learn into an easy-to-understand (and easy-to-implement) guide. The information in this book is proven, ready-to-use, and contains steps that most marketers can apply right away—on everything from crafting content to measuring its effectiveness at the campaign's end.

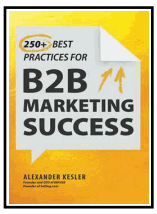

Short and to the point, marketers can apply the advice presented here at any point in their career, from college to the boardroom, for any business. Each practice is broken down into an easily digestible snapshot that lays out the most effective ways to implement each strategy.

If you are a digital marketing or business leader who grapples with the problems and challenges of today's multi-faceted and ever-evolving industry, *150+ More Best Practices for B2B Marketing Success* will help you implement proven strategies into your own B2B marketing initiatives with accomplished ease.

AUTHOR BIO

Alexander Kesler is the founder and CEO of INFUSE and founder of Selling.com. In addition to having completed a number of successful exits, Kesler turns concepts into products and marketing programs that drive ROI. He focuses on all facets of growth, advancing solutions for B2B demand generation, GTM strategies, data, and AI/ML technologies.

Praise for *150+ More Best Practices for B2B Marketing Success:*

"B2B marketing success starts with the fundamentals. Kesler lays out the essentials for any effective marketing organization in an easy-to-digest format."**—Scott Vaughan, CMO, executive, GTM advisor to CXOs and investors**

"Alex Kesler is one of the truly innovative entrepreneurs in the B2B marketing world. His ability to crystallize big ideas into practical and actionable advice comes through clearly in this book. As a roadmap for the B2B marketer, these concepts and actions are indispensable."**—Jim Riesenbach, Global CEO and operating executive, board director, and strategic advisor**

"This book is truly invaluable and remarkably accessible. It strikes the perfect balance between being well-informed and concise, steering clear of overwhelming marketing jargon. Instead, it provides straightforward and actionable advice that you can readily implement."—**Liz Wood, VP of Demand, NAM at MOI Global**

Nonfiction

Fatal Voyage

The Mysterious Death of Natalie Wood

Dylan Howard

A Hard-Nosed Investigation Into Hollywood's Most Enduring Mystery

For thirty-five years, it has been a riddle which has gripped the world. Part love story, part tragedy, it has all the elements of a Hollywood blockbuster: a beautiful actress, a handsome leading man, a brooding sidekick . . . and a moment of sickening terror with the most horrific consequences.

When Natalie Wood—one-time America's sweethearts and star of *West Side Story*, *Rebel Without a Cause*, and *Miracle on 34th Street*—was found washed up in her nightdress in the cold waters off Catalina Island, California, on Thanksgiving weekend 1981, it initially looked like a freak accident.

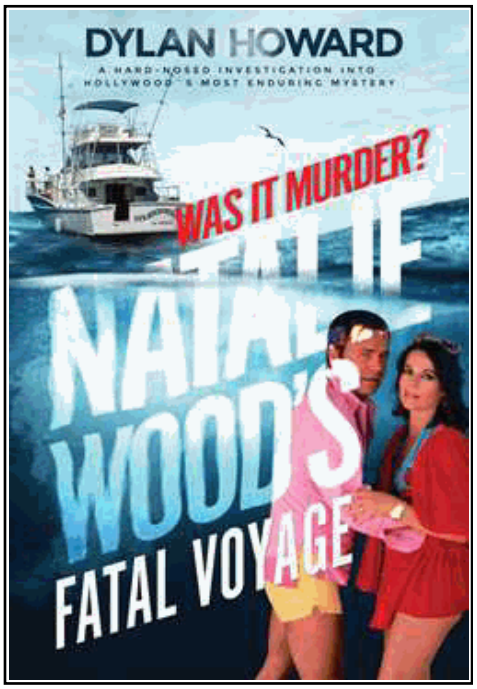

She had been holidaying with husband Robert Wagner and film co-star Christopher Walken on board Wagner's yacht *The Splendour* when somehow, in the dead of night, she lost her footing and fell into the water.

The coroner's initial verdict: accidental drowning.

The coroner was wrong.

For the first time, the real story of Natalie's final moments can be told—and it's every bit as monstrous as anything Hollywood scriptwriters could dream up. Forbidden affairs, twisted lies, sex, betrayal, murder, pay-offs, and a cover-up that continues to this day.

Internationally renowned journalist Dylan Howard has spent six years investigating Natalie's fateful final hours—and the immediate aftermath. After sifting through hundreds of pages of testimony, coroners reports, police statements and private journals, as well as amassing dozens of exclusive new interviews and witnesses, he's ready to reveal the shocking truth about the death of Hollywood's golden girl . . . and finally demand justice for Natalie Wood.

AUTHOR BIO

As a man with unprecedented access to the facts and a reporter who is one of the most feared journalists in Hollywood, investigative reporter **Dylan Howard** has cracked open scandals that have brought down the careers of Mel Gibson, Charlie Sheen, Hulk Hogan, and Paula Dean and others.

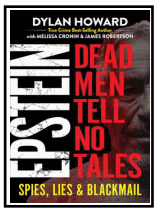

Howard's sense for news saw him rise to become the undisputed most powerful gossip editor in the world, publishing dozens of salacious tabloid magazines each week, including U*s Weekly, The National Enquirer, Star, In Touch, Life & Style, RadarOnline.com*, and more.

Described by the *New Yorker* magazine's Jeffrey Toobin as "a tabloid prodigy" and *AdWeek* as "the king of Hollywood scoops," Dylan also brought to light: the hate-fueled audiotapes of Oscar-winning actor/director Gibson blasting former girlfriend Oksana Grigorieva; the scandal-plagued death of screen darling Farrah Fawcett; the naming of the mother of Arnold Schwarzenegger's love child; the demise of star-on-the-rise politician Anthony Weiner; and the Tiger Woods sex scandal. He also broke the story of the A-list high-stakes poker scam that was later made into the Oscar-nominated film *Molly's Game*.

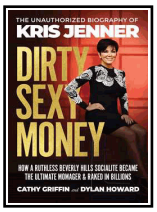

Most recently, Howard made a name for himself with a stunning exposé of Sheen that revealed Hollywood's most unapologetic hedonist was HIV positive. It also was a story of extraordinary corruption, violence, lies, intimidation, death threats, and millions of dollars paid out in hush money—a story that he chronicled in a first-person essay for *The Hollywood Reporter* that *AdWeek* called "jaw dropping."

In 2011, Howard was named Entertainment Journalist of the Year at the National Entertainment Journalism Awards, where the judges labelled him the "go-to guy for authoritative showbiz news and analysis on cable and over-the air television."

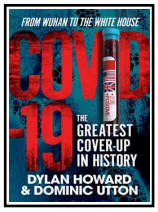

Howard lives in New York City.

"Dylan Howard is one of the finest journalists writing today. His depth and breadth of experience are second to none; he follows every intricate angle of a story and exposes the truth. As a former detective, I know firsthand the skills that make an exceptional investigator and Dylan has them in spades."**—Bo Dietl, former NYPD homicide detective who made over made over 1,400 felony arrests**

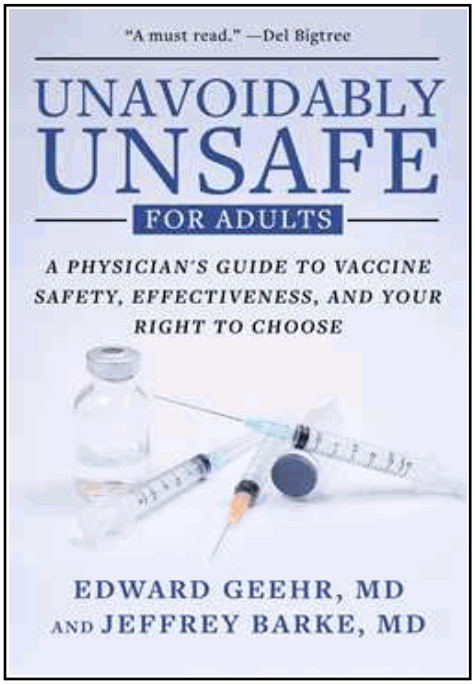

"The go-to guy for authoritative showbiz news and analysis on cable and over-the air television."**—*Los Angeles Press Club***

Nonfiction

Unavoidably Unsafe for Adults

A Physician's Guide to Vaccine Safety, Effectiveness, and Your Right to Choose

Edward Geehr, MD, and Jeffrey Barke, MD

***Unavoidably Unsafe for Adults*critically examines the safety, effectiveness, and regulatory oversight of adult vaccines, empowering readers to make informed decisions about their health.**

In an era of rising skepticism and urgent questions about vaccine safety, *Unavoidably Unsafe for Adults* delivers a bold, physician-led examination of the risks and benefits of adult immunization. Drawing on decades of clinical experience and the latest research, Drs. Edward Geehr and Jeffrey Barke scrutinize the rapid expansion of adult vaccine recommendations, the impact of emergency authorizations, and the growing disconnect between public health messaging and patient concerns.

With the national spotlight on vaccine safety—from COVID-19 mRNA shots to new RSV and influenza vaccines—Geehr and Barke guide readers through the complex landscape of federal policy, regulatory shortcuts, and the pressures faced by both patients and providers. They reveal how legislative acts and regulatory changes have shifted the balance of power toward pharmaceutical interests, often at the expense of true informed consent.

This essential guide empowers adults and caregivers to ask the right questions, understand the science, and make vaccination decisions with confidence. *Unavoidably Unsafe for Adults*is not an indictment of vaccines, but a call for transparency, critical thinking, and patient-centered care in a rapidly evolving medical world.

AUTHOR BIO

Dr. Edward Geehr is a graduate of Yale University with Honors, and Duke University Medical School. He completed a residency and research fellowship in Emergency Medicine at UCLA and became board certified in that specialty. He maintains a private medical practice. Dr. Geehr has served as an Associate Clinical Professor of Medicine and Surgery at the University of California, San Francisco, was Chief of Emergency Services at San Francisco General Hospital, and medical director for the city's EMS system. In addition to his academic and clinical experience, Dr. Geehr was a co-founder of IPC The Hospitalist Company which provided inpatient medical services to hospitals and later global head of operations for a pharmaceutical company. In the latter position he observed firsthand the interaction between the drug industry, regulators, and academia. Dr. Geehr was founding president of the Wilderness Medical Society, an international medical society with a focus on medicine in remote environments, and co-editor of the

medical textbook Management of Wilderness and Environmental Emergencies. Dr. Geehr is a board member and Medical Director of Evolution Haiti, Inc. a non-profit foundation that supports an orphanage and medical services in Haiti. He is married, has three children and six delightful grandchildren.

Dr. Jeffrey Barke is a board certified primary care physician in private practice for over 25 years. He completed his medical school and family practice residency at the University of California, Irvine. He has served as an Associate Clinical Professor at U.C. Irvine and a board member of the Orange County Medical Association. Dr. Barke is a commissioned officer in the US Army Reserve Medical Corps. He is also a reserve deputy and a tactical physician for a local law enforcement SWAT team. Dr. Barke also served as an elected school board member for the Los Alamitos Unified School District for 12 years and is the co-founder and current school board chair of a free public charter school in Orange, CA called Orange County Classical Academy that uses Hillsdale College's curriculum. Dr. Barke is the author of *COVID-19: A Physicians Take on the Exaggerated Fear of the Corona Virus* and *Morning Message: Dispelling the Myths You've Been Told about Optimal Health!* He is a sought-after speaker on the failure of government education and all things related to COVID-19. Dr. Barke is a proud founding member of America's Frontline Doctors. He is also the co-host of the podcast *InformedDissentMedia.com*.

Unavoidably Unsafe
9781648210969
$32.99/$44.99 Can.

Praise for *Unavoidably Unsafe for Adults:*

“Drs. Geehr and Barke have done it again, but this time for adult vaccines. A must read.” **—Del Bigtree**

"Why do adults need vaccines? Are they safe? Do they work and for how long? Adults all over the world are asking these questions with the rapidly expanding array of products offered to prevent infections. With clarity, Drs. Geehr and Barke peel back the burgeoning adult immunization schedule and critique medical necessity, clinical indication, risks, and theoretical benefits. For most people navigating primary care, this book is essential reading to be prepared for intelligent conversations with doctors and nurses when vaccines come up." **—Peter A. McCullough, MD, MPH, Author of Courage of Face COVID-19 and Vaccines**

“As one of Dr. Jeff Barke’s grateful patients, I can personally attest to his rare combination of medical expertise and personal integrity. During the COVID-19 scare, he was my trusted go-to doctor—steady, clear-headed, and always willing to listen. He provided not just excellent care for me and my family, but reassurance and truth when it was hard to find. In this book, Drs. Barke brings that same principled approach to a complex and timely issue. His commitment to informed consent and patient empowerment reflects the kind of doctor—and man—he is. I trust him with my health, and I trust his voice in this important national conversation.” **—Kirk Cameron, actor, author, evangelist, television host, documentarian and producer**

“This book is not an anti-vaccine treatise. Rather, it is cautionary work to encourage the reader to reconsider what he has been told about adult vaccines, to not blindly accept the narrative peddled by the media and the pharmaceutical industry. It is a tool to empower you, the patient, to make full use of your informed consent, to protect yourself and make the correct medical decision. As I am fond of saying, think for yourself, or others will think for you. And they will not be thinking of you. Use this book to achieve that goal.” **—Mark McDonald, M.D., author of United States of Fear**

“Drs. Geehr and Barke’s newest book is a vital resource for adults and caregivers seeking clarity on vaccines. It delivers well-researched insights into vaccine risks, presented in an easy-to-understand format. The book empowers readers to make truly informed choices by equipping them with tools to resist pressure from doctors pushing annual vaccinations. A must-have for anyone wanting to confidently navigate vaccine decisions with knowledge and conviction.” **—Dr. Shannon Kroner, author of Let’s Be Critical Thinkers and I’m Unvaccinated and That’s OK!**

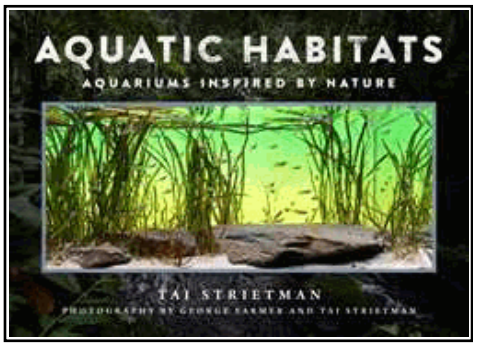

“Drs. Jeff Barke and Edward Geehr have done an amazing book here, full of all the factual knowledge you need with his easy-to-understand delivery. It may not be politically correct, but it is well researched and from the heart, and I will recommend this book to everyone.” **—Will Witt, cultural commentator and bestselling author**

Nonfiction

Aquatic Habitats

Aquariums Inspired by Nature

Tai Strietman; Photography by George Farmer and Tai Strietman

With only three percent of the Earth covered by fresh water, fifty-one percent of all fish (more than eighteen thousand) and thousands of plant species are found in these waters. Most hobbyists are familiar with them, but few know their actual places of origin or the conditions they're accustomed to.

In *Aquatic Habitats*, Tai Strietman transports readers from their living rooms to wild and beautiful freshwater habitats around the world. Immersed in aquatic environments full of fascinating fishes and plants—from the Congo in Africa and the shallow streams of the Amazon Basin to the Northern billabongs in Australia and the Tennessee hills—Strietman shares intimate knowledge of natural aquatic habitats and how to recreate these incredible environments within the confines of an aquarium.

Supplying details on the latest equipment and materials available in the aquarium hobby while weaving in aquascaping techniques inspired by the living artworks of masters such as Takashi Amano, *Aquatic Habitats* provides step-by-step instructions (along with extensive background information) on how to set up stunning, natural-style aquaria in your own home.

Perfect for beginners, intermediates, and advanced fishkeepers alike—and with the breadth and depth of information about the rivers, streams, estuaries, lakes, ponds, and pools from which many of the most popular aquarium fishes and plants originate—anyone with an interest in the natural world will find something to intrigue, surprise, or educate them within its pages.

AUTHOR BIO

Tai Strietman is a writer, biologist, and aquarist who has spent years exploring aquatic habitats around world. Originally a Latin American and Development specialist, he completed his Master's in Animal Biology at Federal University of Mato Grosso do Sul (UFMS in Brazil, where he studied fish communities in the Pantanal wetlands. Spending time as an aquarist for ZSL London Zoo, Tai has since been published in numerous scientific journals and aquarium magazines,while recently contributing to a major work on fishes of the Pantanal wetlands, produced by the Brazilian government. A co-founder of The Freshwater Life Project, an NGO dedicated to preserving freshwater habitats, he resides in Cambridge, England.

The 21st Century Brain

How Our Brains Are Changing in Response to the Challenges of Social Networks, AI, Climate Change, and Stress

Richard Restak

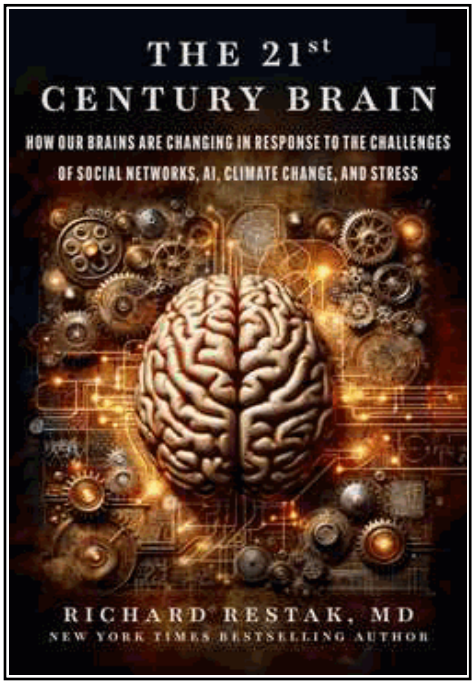

Discover the Influences of Social Media, Artificial Intelligence (AI), Climate Change, Stress, and More on Our Brains and Behavior Unique to the Twenty-first Century.

During the past twenty-five years, we've encountered powerful influences for good and bad on brain function and even brain structure. Consider the changes that have already taken place in how we communicate. During the last half of the twentieth century, images displaced words as the common parlance of communication. On the nightly news we've become accustomed to watching images drawn from video cameras used by law enforcement and, thanks to a proliferating number of cellphones, everyday use. Yet AI is turning the traditional dynamic that images carry more weight than words ("seeing is believing") upside down because we now have to question the authenticity of images. We are finding ourselves forced to adjust to a world where what we see is not always what's really happening.

Next, consider the effects of our changing environment on our brains and our behavior. There is good reason to believe that a link exists between an increase in global temperature and suicide. Wildfires, becoming more and more common thanks to climate change, affect air quality, which is often undetectable by the average person until it reaches toxic levels. Studies have proven that wildfire smoke is affecting our brains and potentially causing disease.

Perhaps the greatest twenty-first century contributor to changes in brain function is stress. Due to many factors explored in the book, it's likely that levels of mental and emotional instability are on the horizon that can only be fully understood by focusing on the changes in the human brain brought about by these unparalleled levels of stress.

The brain is always evolving. *The 21st Century Brain* will describe those influences on brain and behavior that are unique to this century, as well as available preventive measures to mitigate some of these factors. This book is a quintessential study on how our brains are uniquely changing in the twenty-first century, as well as a guide to the personal and collective measures that can be taken to eliminate these factors or reduce their impact.

I Went to Prison So You Won't Have To

A Love and Lawfare Story in Trump Land

Peter Navarro

They locked him up to send a message. This book sends one right back.

When senior Trump White House advisor Peter Navarro refused to kneel before the Democrats' rigged J6 witch hunt, they came for him with guns and handcuffs. Ambushed by five armed FBI agents at Reagan airport, shackled in leg irons, and strip-searched, Navarro became the first ever top presidential aide in US history to be put in federal prison for defending the Constitution.

I Went to Prison So You Won't Have To presents Peter's raw, unfiltered account of what really happens when the American justice system is weaponized for political revenge. Told through a powerful exchange of personal letters between Peter and his fiancée, this book pulls back the curtain on a corrupt and bloated federal prison system in which Trump-era reform laws are ignored, taxpayer dollars are wasted by the billions, and families are torn apart.

This isn't just Navarro's story. It's a warning to every American: If rabid partisans can weaponize our justice system to imprison a senior White House official for doing his job, no citizen is truly safe.

Candid, defiant, and deeply personal, *I Went to Prison So You Won't Have To* delivers a searing indictment of the Left's lawfare machine—and a stirring defense of freedom, love, and constitutional principle in the face of overwhelming injustice.

If they can come for Peter, they can come for you. Read this book. Before it's too late.

AUTHOR BIO

Peter Navarro is a former White House trade adviser and accomplished economist who found himself on the front lines of a historic legal showdown. Convicted for contempt of Congress after invoking executive privilege, he turned a four-month incarceration into an opportunity to expose flaws in the justice system and advocate for change. Navarro has written numerous books on policy and politics, but this is his most personal endeavor yet.

Bonnie "Pixie" Brenner, his beloved fiancée, is the heart of this story. A newcomer to co-authorship, Bonnie provides an every-person's perspective with warmth, candor, and unyielding optimism. Through the letters and diary entries she shares, readers experience the emotional roller coaster of awaiting a loved one's return. Together, Peter and Bonnie bring both sides of the prison wall to life—offering a unique blend of insider insights and heartfelt narration that has the power to resonate with families, patriots, and reformers alike.

"Here's what I believe about US elections: Enough people doubt the process that we need exactly what Ralph Pezzullo does in these pages. And we need debate from knowledgeable people who disagree with Pezzullo. Hopefully, they'll actually read this book before deciding they disagree!"**—Gavin de Becker, bestselling author The Gift of Fear**

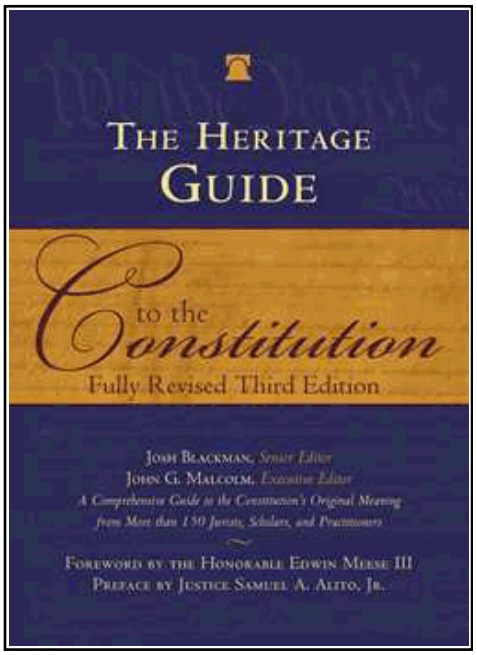

The Heritage Guide to the Constitution

Fully Revised Third Edition

A Neutral and Thorough Accounting of the Constitution's Original Meaning

Over the past two decades, the federal judiciary has increasingly grounded its cases in the Constitution's original meaning. Students, scholars, lawyers, and judges are now expected to understand and apply the text, history, and tradition of the Constitution. The Third Edition of *The Heritage Guide to the Constitution* will provide a comprehensive starting point to research these issues from before, during, and after the Constitution's adoption. *The Heritage Guide* will provide all Americans with an authoritative and accessible introduction to our foundational charter.

The 216 essays in the Third Edition of *The Heritage Guide* were authored by more than 150 distinguished jurists, scholars, and practitioners. Each essay was carefully reviewed to ensure they were of the highest quality and accuracy, while maintaining a neutral approach. This once-a-decade publication strives to be the definitive compendium about each provision of the Constitution.

AUTHOR BIO

John G. Malcolm oversees The Heritage Foundation's work to increase understanding of the Constitution and the rule of law as Vice President of the Institute for Constitutional Government, Director of the think tank's Edwin Meese III Center for Legal and Judicial Studies and Simon Center for American Studies, and the Ed Gilbertson and Sherry Lindberg Gilbertson Senior Legal Fellow. Malcolm brings to the challenge a wealth of legal expertise and experience in both the public and private sectors. Before being named Director of the Meese Center in July 2013, Malcolm spearheaded the center's rule of law programs. His research and writing as Senior Legal Fellow focused on criminal law, immigration, national security, religious liberty, and intellectual property.

The Meese Center works to educate government officials, the media and the public about the Constitution and legal principles—and how they affect public policy. The center was founded in 2001 and overseen until early 2013 by the conservative icon whose name it bears, former Attorney General Edwin Meese III.

In addition to his duties at Heritage, Malcolm is past Chairman of the Criminal Law Practice Group of the Federalist Society, and also serves on the board of trustees of the Washington National Opera, and the board of directors of the Legal Services Corporation, which promotes equal access to justice and provides grants for high-quality civil legal assistance to low-income Americans; Boys Town Washington, D.C., which provides homes and services to troubled children and families

who are edging toward crisis; and the Barber Family Foundation, which dispenses college scholarship funds to the children of deserving veterans.

Before joining Heritage in 2012, Malcolm was General Counsel at the U.S. Commission on International Religious Freedom as well as a distinguished practitioner in residence at Pepperdine Law School. An independent and bipartisan panel, USCIRF reviews reported violations of religious freedom around the world and makes policy recommendations to the President, the Secretary of State, and Congress.

From 2004 to 2009, Malcolm was Executive Vice President and Director of worldwide anti-piracy operations for the Motion Picture Association of America.

He served as a Deputy Assistant Attorney General in the Department of Justice's Criminal Division from 2001 to 2004, where he oversaw sections on computer crime and intellectual property, domestic security, child exploitation and obscenity, and special investigations. Immediately prior to that, he was a founding partner in the Atlanta law firm of Malcolm & Schroeder, LLP. From 1990 to 1997, Malcolm was an Assistant U.S. Attorney in Atlanta, assigned to the fraud and public corruption section, and also an Associate Independent Counsel, investigating fraud and abuse in the Department of Housing and Urban Development. He was honored with the Director's Award for Superior Performance for his work as an assistant U.S. attorney in the successful prosecution of Walter Leroy Moody Jr., who assassinated an 11th Circuit judge and the head of the Savannah chapter of the NAACP.

Malcolm began his law career as a Law Clerk to a federal district court judge and a federal appellate court judge as well as an associate at the Atlanta-based law firm of Sutherland, Asbill & Brennan (now Eversheds Sutherland). Malcolm is a graduate of Harvard Law School and holds a bachelor's degree in economics from Columbia College. Born in New York City, he grew up in Tenafly, New Jersey. He and his wife, Mary Lee, currently reside in Washington, D.C. They have two adult children, Andy and Amanda.

Josh Blackman is a national thought leader on constitutional law and the United States Supreme Court. Josh's work was quoted during two presidential impeachment trials. He has testified before Congress and advises federal and state lawmakers. Josh regularly appears on TV, including NBC, CBS, ABC, Fox, and the BBC. Josh is also a frequent guest on NPR and other syndicated radio programs. He has published commentaries in the *New York Times*, *Wall Street Journal*, *Washington Post*, and leading national publications.

Since 2012, Josh has served as a professor at the South Texas College of Law Houston. He holds the Centennial Chair of Constitutional Law. Josh is also an adjunct scholar at the Cato Institute. Josh has authored three books. His latest, An Introduction to Constitutional Law, was a top five bestseller on Amazon. Josh has written more than five dozen law review articles that have been cited nearly a thousand times. Josh was selected by Forbes Magazine for the "30 Under 30" in Law and Policy. Josh is the President of the Harlan Institute, and founded FantasySCOTUS, the Internet's Premier Supreme Court Fantasy League. He blogs at the Volokh Conspiracy and tweets @JoshMBlackman.

Praise for *The Heritage Guide to the Constitution:*

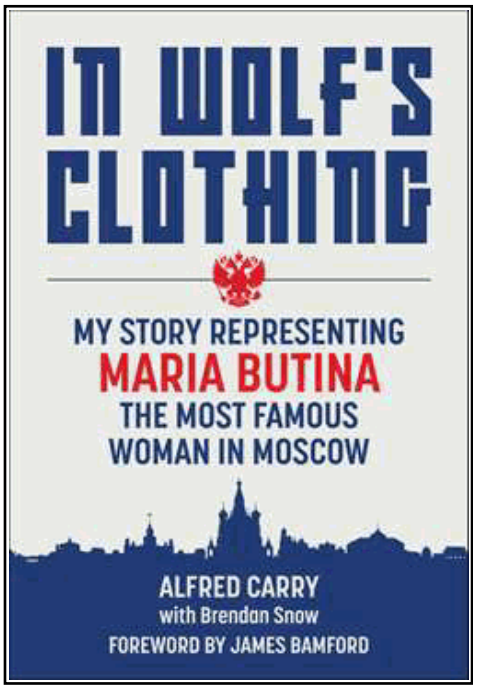

"The time is now right for a third edition of The Heritage Guide to the Constitution. The project continues under the leadership of Josh Blackman and John Malcolm. They are building on the proud legacy of the prior editions. I am confident that this volume will serve a new generation of lawyers, professors, students, and ordinary citizens who are deeply committed to the jurisprudence of originalism I spoke about four decades ago." ***—Edwin Meese III, Seventy-Fifth Attorney General of the United States***

"'We the people' adopted the Constitution, and it is important that all Americans understand what our founding document means. Since the publication of the first edition twenty years ago, The Heritage Guide to the Constitution has been an invaluable resource for judges, lawyers, and the public at large. It marries scholarly depth and sophistication with prose that is readily accessible. The new third edition of the Guide retains the virtues of its predecessors while deepening the discussion of how constitutional provisions were understood when they were adopted. . . . Today, no savvy attorney would disregard original meaning in briefing or arguing an unsettled constitutional question in federal court. For attorneys involved in such cases—and for all other Americans who want to understand what our Constitution means—the new edition of The Heritage Guide is a great place to start." ***—Justice Samuel A. Alito, Jr., U.S. Supreme Court***

In Wolf's Clothing

My Story Representing Maria Butina, the Most Famous Woman in Moscow

Alfred Carry

On July 15, 2018, in Washington, DC, a young Russian woman named Maria Butina was arrested by the FBI and charged with acting as a foreign agent. Branded a “red sparrow,” trained seductress, and Kremlin spook, Butina faced years in prison and a lifetime of infamy. Meanwhile, down Pennsylvania Avenue, Midwesterner Alfred Carry was a rising star in the pro bono world after a win before the DC Court of Appeals. But before he could settle into a new position in private practice, Carry would find himself representing the only Russian arrested for crimes against the American people during the 2016 election. Diving in to protect Butina from the onslaught of the government’s case, the Twitterverse accused Carry of treason. Partners demanded he drop the case. Friends and family worried that he was ruining his career before it had even started. Yet this was only the beginning of a case that would transform Carry’s life and his understanding of American society.

A Russian nesting doll of two-time con men, charming billionaires, sniping media figures, CIA back channels, and clandestine operatives, *In Wolf’s Clothing: My Story Representing Maria Butina, the Most Famous Woman in Moscow* is the first-person account of how a young attorney is thrust into the public eye to defend a woman accused of attacking the country he loves. With the taut storytelling of a spy thriller, the inside baseball of legal nonfiction, and the social insight of a criminal justice exposé, at its core, this is a true and honest account of a young woman swept up in the criminal justice system and the young lawyer sworn to defend her.

AUTHOR BIO

Alfred Carry, a native Midwesterner and longtime Washingtonian, graduated from The University of Virginia before receiving a law degree from Catholic University. After a stint in Boston’s Public Defender Office, Carry now focuses on government investigations and complex civil litigation at Dickinson Wright in Washington, DC. A staunch advocate for criminal defendants, Carry also oversees Congressional inquiries and gives counsel to CEOs, chiefs of staff, and other high-ranking officials. Carry is an avid hockey fan, sometimes rink rat, doting husband, loving son, silly uncle, and responsible dog dad.

Gun Trader's Guide, Forty-Seventh Edition

Sports & Recreation

A Comprehensive, Fully Illustrated Guide to Modern Collectible Firearms with Current Market Values

Robert A. Sadowski

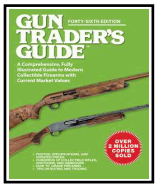

If you are seeking a comprehensive reference for collectible gun values, the Gun Trader's Guide is the only book you need. Included are extensive listings for handguns, shotguns, and rifles from some of the most popular manufacturers, including Beretta, Browning, Colt, Remington, Savage, Smith & Wesson, Winchester, and many more.

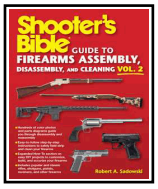

The *Gun Trader's Guide* is a one-stop manual to buying collectible firearms. For more than half a century, this guide has been the standard reference for collectors, curators, dealers, shooters, and gun enthusiasts. Updated annually, it remains the definitive source for making informed decisions on used firearms purchases.

AUTHOR BIO

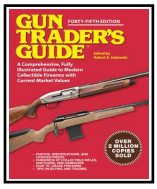

Robert A. Sadowski has written about firearms and hunting for nearly fifteen years. He is the author of several gun books, editor of three others, and contributor to numerous gun-enthusiast magazines, including *Combat Handguns*, *Black Guns*, *Special Weapons for Military and Police*, *Gun Tests*, *Personal and Home Defense*, *GunHunter*, *SHOT Business*, and others.

The Definitive Guide to Rifles, Ammo, and Optics

Sports & Recreation

For Deer and Other Big Game

Peter J. Fiduccia

If you asked a hundred big game hunters what the ideal deer rifle is, you'd get a hundred different opinions.

The same holds true for selecting ammo and optics. These topics ignite endless debates among hunters. *The Definitive Guide to Rifles, Ammo, and Optics: For Deer and Other Big Game* quells the confusion by offering in-depth comparisons and reviews to help you make informed decisions.

This book doesn't stop there. It's packed with fascinating and useful firearm and cartridge insights for hunting a variety of big game species, including larger deer like moose, elk, and caribou. Plus, it dives into rifles and ammo suited for hunting dangerous game animals like Cape buffalo, the great bears, bison, wild boar, and more.

No matter what type of rifle, ammo, or optics you're looking for, or what kind of animals you plan to pursue, you'll find a wealth of valuable knowledge in this one-of-a-kind resource.

Chapters include:

·Top 18 Guns: Caliber Choices for Deer and Other Big Game
·Straight Walls: The Benefits of Short, Fat, Powerful Cartridges
·Anatomy of a Kill Shot: Targeting Vital Organs for Quick, Ethical Kills
·Stopping Power: Selecting Rifles and Cartridges for Dangerous Game Hunting
·The Makeup of a Bullet: Specialized Bullet Designs for Big Game Hunting Success
·Lights—Camera—Actions! Choosing a Rifle Action
·Taming Baba Yaga: How to Mitigate Recoil to Improve Shooting Accuracy
·How Far Is Too Far? Recognizing the Limits of Sensible Shooting Distances
·Deadly Game Species: North America vs. Africa
·Through the Lens: Factors to Consider When Selecting Rifle Scopes

AUTHOR BIO

Peter J. Fiduccia is one of the most respected deer hunting authorities in the country, known as the "Deer Doctor." With six decades of experience shooting, field-testing, and hunting big game, he's an award-winning journalist and TV host. For thirty-five years, he led the popular television series *Woods N' Water Big Game Hunting Adventures*. Peter is also the author of seventeen books, three of which earned first-place "Excellence in Craft Awards" from the New York State Outdoor Writers' Association. His expertise and passion make him the ultimate guide for hunters seeking reliable and practical advice.

Super!

Untold Stories of the Super Bowl

Jim Steeg

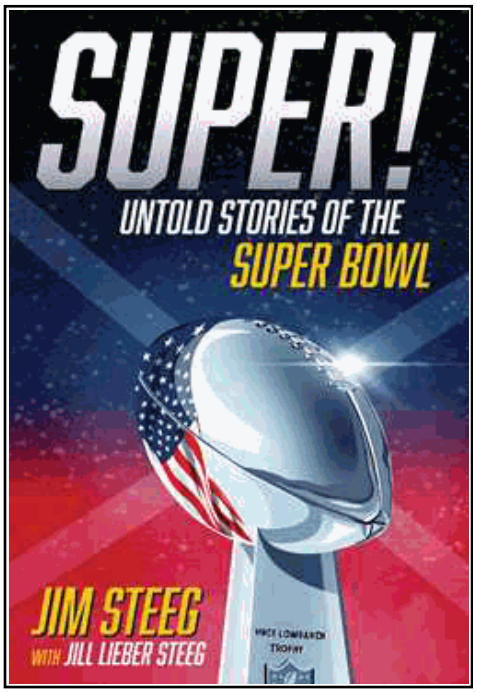

While many books have been written about Super Bowl games, never has one been written about how the Super Bowl itself became the greatest sporting event created in the twentieth century. Only one person can tell that story, truthfully, completely, and in the utmost detail, and that is Jim Steeg.

Publicly known as “Mr. Super Bowl,” Steeg spent almost four decades at the upper-most management levels in professional football, twenty-six of those years as the NFL’s Senior Vice President of Special Events. During that time, he built, molded, guided and grew the Super Bowl from a singular championship football game into a four-day extravaganza and a beloved national holiday.

In *Super!* Steeg will chronicle the history, growth, evolution and behind-the-scenes making of the Super Bowl over the last fifty years, with never-before-told stories, humorous anecdotes, and poignant moments. For the first time ever, Steeg will take readers behind the NFL’s velvet rope on Super Bowl Sunday, as well as all of the days, months, and years leading up to kickoff, including the meetings, debates, decision making, politics, struggles, cancellations, mistakes, crises, and chaos that go along with being the one man in charge of the world’s biggest game. This book will tell the stories and circumstances that caused the Super Bowl to grow from a singular championship football game into four-day extravaganza and explain how and why it has become the greatest sporting event created in the twentieth century.

With photographs included throughout, *Super!* Includes, in great detail, the leadership, teamwork, organization, and motivation required to pull off decades of innovative, successful, and groundbreaking Super Bowls while the whole world is watching. It will contain observations and conversations of an impressive Who’s Who of the NFL, Sports, Entertainment, TV, Government and Politics.

So strap in for your all-access, backstage pass to learn all the intricacies from the maestro himself!

Jim Steeg, referred to as “Mr. Super Bowl,” spent more than four decades at the upper-most management levels in professional football, twenty-six of those years as the NFL’s Senior Vice President of Special Events. During that time, Steeg built, molded, guided, and grew the Super Bowl from a singular championship football game into a four-day extravaganza and a beloved national holiday. As the NFL’s major decision maker in charge of all aspects of the Super Bowl, he grew a game into one of the largest generators of annual revenues for the NFL. Currently a consultant across both collegiate and professional sports, Steeg resides in Chapel Hill, North Carolina.

Gunsmithing Tips and Projects

Sports & Recreation

Bryce M. Towsley

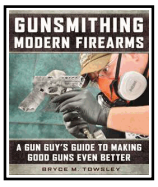

One of America's foremost experts on gunsmithing, Bryce Towsley is back again to provide more hands-on projects for anyone interested in building, customizing, fixing, or maintaining firearms.

Gunsmith Towsley offers detailed explanations and includes color illustrations for just about every aspect of gun modification, builds, and repair. Featured tutorials include: This extensive information is important to anybody interested in firearms care, modification, repair, or improvement. It takes the reader from easy-to-do, “kitchen table” projects through advanced techniques. There is something in these pages for anybody interested in working on firearms, and Towsley’s writing style is easy to read and understand and the humor will make you laugh while you learn.

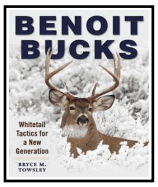

“Gunsmithing is a great hobby. It brings satisfaction that few others can achieve. There is the pride in fixing something that is broken and in feeling the artistic achievement when you modify a firearm to make it better.”—Bryce M. Towsley

AUTHOR BIO

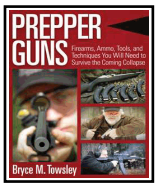

Bryce M. Towsley published his first magazine article, about hunting with handguns, in 1982 in the *Vermont Sportsman* magazine. In the years since he has published thousands of articles and photos in most of the major outdoor and gun magazines and on multiple websites. He has published ten books including *Gunsmithing Made Easy*, one of the best-selling gunsmithing books ever published. Towsley lives in Vermont with his wife Robin and his dog, Clyde. Check out his web site, brycemtowsley.com.
